

Dynamic Line Ratings Task Force (DLRTF) Monthly Progress Report

[01.23.2023]

1. [Additional Issue Relating to the Implementation of Dynamic Line Ratings](#)

Issue Status

Evaluation in progress

Target Completion

Meetings are scheduled for the Q1 of 2023. PJM is seeking feedback on next steps for the task force, including options to hiatus or sunset, at the Operating Committee on January 12, 2023.

Progress Update

- PJM presented education on dynamic line ratings in PJM to date and education on considerations regarding notice of an intent to implement DLR
- Education was also provided on impacts of DLR implementation to ARR/FTR markets and Seasonal ratings utilized within PJM Planning processes
- A survey was sent out to the DLRTF and OC email distribution lists on additional education for the task force. The draft survey questions were also reviewed at the September 30th DLRTF meeting with the stakeholders
- The education survey results were discussed via Education Tracker which includes 24 consolidated requests/FAQs and responses. Education Tracker spreadsheet was posted on the DLRTF main page after the November meeting. PJM SMEs discussed and highlighted the detailed responses in education tracker spreadsheet by providing additional clarifications
- During the December meeting, Transmission Owners and Technology Vendors shared some of the best practices and presented their experiences with Dynamic Line Ratings. The next steps for the task force was also discussed at the December meeting.
- The Education Tracker spreadsheet was updated and posted with the new information. An update will be provided at the Operating Committee (OC) meeting on January 12th regarding the DLRTF work summary and status of DLRTF.
