

New Subcommittee

Mission:

The New Subcommittee (XXX) is an ongoing subcommittee established by the Market Implementation Committee (MIC) at its X/X/2022 meeting. The purpose of the Subcommittee is to provide a stakeholder forum to investigate and resolve specific issues and procedures in accordance with PJM stakeholder process protocols related to the evolution of distributed resources and inverter-based resources.

Responsibilities:

- Review ongoing participation of distributed resources and inverter-based resources in the wholesale markets.
 - Distributed resources include Demand Response, Price Responsive Demand, Peak Shaving Adjustment, Distributed Energy Resources, Behind-the-Meter Generation, and Energy Efficiency Resources.
- Recommend necessary enhancements to PJM rules, systems, and procedures to ensure transparent, fair, safe and efficient wholesale market operation of distributed resources and inverter-based resources.
 - Inverter-based resource enhancements are likely to occur at many levels of the PJM stakeholder process, including standing committees. Not all inverter-based resource issues need to be worked in this subcommittee.

Administration:

- This subcommittee reports to the Market Implementation Committee (MIC).
 - Some of the issues addressed by this subcommittee are likely to impact transmission planning and/or operations, and therefore may need to be vetted at the Planning Committee (PC) or Operating Committee (OC).
 - When appropriate, this subcommittee will inform the PC and OC of potential solutions affecting their respective subject areas and encourage participation in the DRS and any associated voting at the MIC.
 - To the extent that a solution developed by this subcommittee impacts a PJM business manual that is solely the purview of either the PC or OC, endorsement of those revisions shall be handled by the relevant standing committee.
- All PJM stakeholders may appoint representatives to the subcommittee.
- PJM will designate a subcommittee chairperson and secretary.
- The chair and secretary will be responsible for preparing and issuing all reports, scheduling periodic meetings and conference calls as necessary, and recording and preparing the minutes of each meeting.
- The subcommittee is expected to meet monthly, or as determined by the workload of the subcommittee or the discretion of the chair.
- This is a non-voting subcommittee. Decision-making will be aided by the use of non-binding polling in accordance with Manual 34.
- Each member should have the authority to commit resources in order to support the requirements of the subcommittee.
