

DER Problem Statement

Pete Langbein

Manager, Demand Response Operations

Markets & Reliability Committee

April 18, 2016

DR/PRD

- Must register
- May only participate when there is load (may not inject power past applicable meter)

Generation

- PJM Interconnection queue
 - Engineering study with appropriate protection
- ISA/WMPA

NRBTMG (non-retail BTMG) or BTMG may operate to reduce load and not be “in market”
