

1. Continue CBIR until completion of proposal development
2. Conduct non-binding poll
 - a) Non-binding poll distributed via Survey Monkey between meetings
3. All packages presented to MRC for First read
 - a) Poll results presented to MRC for informational purposes
4. Sector-weighted vote conducted on all packages at next MRC

Sector-Weighted Voting Process:

- a) All packages voted via non-truncated sector-weighting
- b) If one or more packages receive $> 2/3$ vote, package with the greatest support goes back to MRC Special Session group for development of governing document language revisions.
- c) Draft language brought directly to MC for vote.
