<b>Summary of the changes:</b>	
<ul style="list-style-type: none"> <li>• CEII Information in 14F was referenced to Manual 14B because 14B is the source document for CEII Information. This will eliminate the requirement to edit 14F whenever a change is made to 14B</li> <li>• The use of the Secure File Transfer Tool to submit all proposals was replaced with the requirement to use “Competitive Planner” to submit all proposals. The Secure File Transfer Tool is still available and will be used to submit supplemental data on an “as needed” basis.</li> </ul>
