

Planning Community Update

Transmission Expansion Advisory
Committee

December 14, 2017

Planning Community was implemented in September 2017 as:

- Platform for knowledge sharing, questions, answers and
- Extension of stakeholder meetings.

Reviewing business practices around the Planning Community.

- Clarifying existing practices and expectations,
- Enhancing guidelines, and
- Soliciting feedback from stakeholders

Expect discussions around 2018 RTEP Case Build:

- Input assumptions,
- Scenario studies,
- Load forecast, and
- Generation modeling

Questions not involving CEI or proprietary information should be asked through the Planning Community.
