Product	Date	Issue
Markets Gateway	August 2	An issue with one of PJM’s data transfer systems caused a delay in processing the Day-Ahead Market which led to late posting of the results to Markets Gateway and an extended Re-bid period. PJM is currently working to address the issue permanently.
Markets Gateway	August 4	During a planned off-hours release, Markets Gateway experienced an extended disruption of service. PJM worked through the issues with the release to restore service to Markets Gateway.

Product	Date	Issue
PJM Connect	August 5	A security configuration led to an inability to access PJM Connect. PJM identified and corrected the configuration to restore access.
Data Miner	August 5	Data Miner experienced some latency with postings. PJM resolved the issue after a short time.
