Product Details

[Account Manager](#) is used to create accounts and request and grant access to PJM's tools and website.

Key Product Features

- Grants access to PJM Tools
- Member CAM's can determine and regulate access for their respective companies

[Bulletin Board](#) facilitates power contracting activity.

Key Product Features

- Provides users with access to a larger pool of buyers and sellers of contracts for electric power
- Allows users to view, post and modify requests to buy or offers to sell power

[Data Viewer](#) allows users to view operational and market data graphically.

Key Product Features

- Display real-time LMPs, IT SCED forecasted LMPs, Dispatch Rate, etc.
- Customizable data plots and graphs

[Messages](#) provides updates and important messages regarding PJM tools.

Key Product Features

- Used by members to view updates and important messages regarding PJM tools

[Resource Tracker](#) provides generation owners a single view of generator ownership information as recorded across various PJM applications.

Key Product Features

- Single point mechanism for generator ownership information
 - Ownership changes
 - Energy, Capacity and Ancillary Service Ownership
 - Marketing Company
 - Dispatching Company
- Annual confirmation period
- Created in 2013 to provide a single point mechanism for Generation Owner Information
- In December 2018, Stakeholders endorsed changes to move confirmation period to Annually with a 4 week duration
- In 2019 and 2020, further enhancements were made to field logic and formatting

[Voting](#) facilitates voting at the Markets and Reliability Committee and Members Committee meetings.

Key Product Features

- Facilitates voting at the Markets and Reliability Committee and Members Committee meetings
- Vote tallying and reporting
- Tool also allows both on-site and remote meeting attendees to cast votes for agenda items presented to the membership for voting
