

Automated CT Notification Update

George Chu
Markets Coordination
System Operations Subcommittee
August, 2021

- Increase efficiency by reducing Participant and PJM Operators phone time
- Compliant and Auditable
- Enhance Reliability
- Mandatory for all CTs in the future and may expand to other units

- Applies to CT's called in Real-Time
- Automatically Call On/Call Off CT's efficiently and timely through the exchange of SCADA data via ICCP or DNP
 - 3 additional SCADA points exchanged between PJM and the MOC or GOP.
- Similar to other RTO Implementations (ISO-NE, CAL ISO, SPP, MISO)

- Pilot was activated November of 2020!
- 6 CTs active in the program
- 11 additional CTs currently scheduled to participate

- External Requirements/FAQ
 - <https://www.pjm.com/markets-and-operations/etools/automated-combustion-turbine-notification-program>
 - Requires PJM Account Manager Account and Access Request
- Program Contacts
 - George.Chu@pjm.com
 - PJM Client Manager
