CAPSTF and MRC voting

CAPSTF VOTE

PURPOSE

Provide *guidance to the CAPSTF* on conceptual clean attribute market designs that should be pursued to *further develop the details* necessary for stakeholder endorsement, FERC filing (if applicable), business manual development (if applicable), and implementation.

APPROACH

If multiple proposals receive simple majority support in the CAPSTF vote, to ensure all such proposals are voted on at the MRC, option to suspend truncated voting on conceptual designs.
