

# eDART Data Request Updates

Vince Stefanowicz  
Sr. Lead Engineer, Generation, PJM  
Operating Committee  
June 9, 2022

Ongoing bi-weekly eDART data requests are limited to coal and oil resources

Generators not currently subject to these data requests are now reporting issues procuring demineralized water trailers

- The next scheduled bi-weekly data request will be delayed one week, from Monday, June 6th to Monday, June 13th
- The applicability will be expanded to ALL thermal units.

For developing issues that do not require an immediate derate

- PJM dispatch should be notified and info-only eDART ticket submitted for awareness
- Resource Limitations tab in Markets Gateway should be updated as applicable

NEW Data Request specific to Generation Resources in Illinois affected by Climate & Equitable Jobs Act (CEJA) legislation

Focus is on the “co-pollutant” provisions of CEJA legislation

- These include CO<sub>2</sub>e, NOX, SOX, Lead, Ozone, CO, Particulates

Additional information is needed for operations planning purposes

Data Request will be open in eDART from 6/10/22 – 6/19/22

- Limited to 5 questions
- Notification will be sent to eDART Gen Contacts, SOS, OC and MRC distribution lists
