December 2, 2009

Doyle Beneby
Senior Vice President
Exelon Power
300 Exelon Way
Kennett Square, PA 19348

Dear Mr. Beneby,

It has come to my attention that Exelon Power is considering shutting down the Eddystone Generation Station located in Eddystone, Pennsylvania.

I wanted to take this time share my opposition to this closure with you. As the Congressional Representative for Delaware County, many of my constituents would be negatively affected by this plant being shut down. The closure of the Eddystone plant will be very destructive to a large portion of Delaware County and will leave many of my constituents unemployed.

Please present to the Board of Directors my strong opposition to the decision to shut down the Eddystone plant. I will continue to track the decision made by Exelon Power regarding the Eddystone plant closure, and I appreciate your consideration on this important matter.

Sincerely,

ROBERT A. BRADY
Member of Congress
