

Notice: Reposting Energy Bid Data

The PJM MMU will repost energy offer data from June 2000 to the most current available data with a 6 month lag. The currently posted energy bid data will be replaced completely. This new reposting will take place by Oct 21, 2005.

The reposting is designed to increase the ease of use of the clarity of the offer data. For example, the new format of the energy offer data allows users to more easily create hourly supply curves.

Offer data from April 1, 1999 through May 31, 2000 will be reposted by November 23, 2005. Company codes and generator codes will be consistent with the re-posted data.

If you have any questions, please contact PJM Member Relations at 610-666-8980 or 866-400-8980.
