

OASIS Reservation-Sharing Registration Form

Formal registration is required for a member company to allow transmission service purchased by their EES/OASIS account to be shared for E-Tagging purposes with other related EES/OASIS accounts held by that company. Affiliate and subsidiary companies do not qualify for linked accounts. Affiliates and subsidiaries must execute a resale via PJM's OASIS in order to facilitate scheduling.

Please complete this form and e-mail it to resales@pjm.com or fax it to (610) 666-8877.

Requesting Entity

<u>◆Company Name:</u>
