

**PJM Outage Acceleration Program**  
**Outages scheduled for June 2007**

There are two (2) outages scheduled in June 2007 that meet the three day, \$500,000 FTR revenue inadequacy criteria required for inclusion in the PJM Outage Acceleration Program. The two (2) outages that are projected to contribute to FTR revenue inadequacy and the projected revenue inadequacy are:

<b>Ticket No:</b>	<b>Comp</b>	<b>Start Date</b>	<b>End Date</b>	<b>Duration (Days)</b>	<b>Station</b>	<b>Voltage</b>	<b>Equipment Name</b>	<b>Projected Revenue Inadequacy</b>
155689	APS	6/4/2007	6/22/2007	18.33	BEDINGTO	500 KV	TRAN 2	\$1,080,388
159069	AEP	6/4/2007	6/7/2007	3.35	BAKER	765 KV	BAK-BRO1	\$539,717

The projected revenue inadequacy does not consider the impact of operating actions that have not yet been identified but may be developed and employed to reduce the required off cost generation during any of the above outages. Any market participant may submit a request prior to the Close of Business on 04/20/07 to fund the incremental cost associated with reducing the market impact of any of the above outages by contacting PJM's OASIS hotline at (610) 666-8972 or e-mail address [oasisadmin@pjm.com](mailto:oasisadmin@pjm.com)
