

The listed independent contract resources have successfully assisted in the completions of Internet-based data links to PJM. PJM is in no way affiliated with or endorsing these resources. This information is being provided for informational purposes only. No relevant contract or agreement between these organizations and PJM exists. Any contract or agreement will be between the connecting asset's responsible party and the contract resource. PJM makes no guarantees about performance or results and in no way warrants any services provided by the resources. In no event is PJM Interconnection LLC its affiliates or any of its contributors liable to any person or entity for any decision made or action taken in reliance upon the information provided herein. The list is ordered chronologically as PJM became aware of available services. Qualified engineering firms may contact Ryan Nice, PE at nicer@pjm.com to facilitate their inclusion in the above resource list.
