- Certification defines the required competencies for a work group and recognizes individuals who possess these competencies
 - Ensures they have met the minimum competency level
- PJM Markets Certification Exam Working Group (EWG) developed tasks and knowledge requirements for PJM Marketers/Traders
 - A survey was sent to practitioners to:
 - Validate those job tasks and knowledge requirements
 - Determine content weighting
 - Exam items were written to cover the various content areas and knowledge requirements

- This is a *voluntary* certification that provides assurance to PJM and Members that an individual has demonstrated knowledge of PJM Markets and business rules
