

# Removal of Zonal Lambda from ICCP Links

October 2010 SOS, SIS, MIC and OC meetings

- PJM conducted tests on June 29<sup>th</sup> and August 19<sup>th</sup> of 2010 to ensure members can process economic base point when SCED is down.
  - PJM has not received feedback from any members stating that problems were encountered processing economic base points during established tests.
  - PSG&E have completed upgrades to their systems to process economic base point.
- PJM will remove zonal lambda from the ICCP links on November 1<sup>st</sup> 2010
