1. CAPACITY MAXIMUM NOTIFICATION + STARTUP TIME

- Mr. Bryson provided an overview of the OC Capacity Maximum Notification + Startup Time assignment.
- Mr. Bryson reviewed the accuracy of weather data multiple days in advance and the impact on load forecast.
- Mr. Bryson reviewed the matrix and designated components as part of the criteria definition versus options within a criterion.
- The matrix will form the basis of the documented proposal. The documented proposal will include the matrix as an attachment to demonstrate everything that was evaluated by the Committee.
- Mr. Bryson emphasized the goal to complete the OC review and provide a draft proposal by the end of March. If an OC consensus cannot be achieved, alternative proposals would need to be developed.
- The next OC conference call is scheduled for Friday, March 11, from 13:30 – 14:30.

2. ACTION ITEMS

Mr. Souder will forward a revised matrix based on today's discussions.
