

# Generation Resource Cold Weather Resource Preparation Next Steps

OC Meeting  
June 7, 2016

## Cold Weather Exercise - PJM recommendation:

- Continue Cold Weather Testing program for all units for winter 2016-2017 with no changes to criteria (M14D, Section 7.5.1), except -
  - Revise cold weather testing compensation business rules
    - Starting with winter 2016-17, discontinue compensation for all CP units
    - CP units may participate in program or self-schedule test
  - Since all units will be CP units after Delivery Year 2019-2020, discontinue compensation for all units by Spring 2020

- Updates throughout “Cold Weather Checklist” (M14D Section 7.5.2 and Att. N) based on RF presentations below
- PJM adding references to RF presentations:
  - Lessons Learned, Best Practices and Observations, from ReliabilityFirst’s 2014 – 2016 Plant Winterization Visits
