Dear Mr. Herling:

A&N Electric Cooperative (ANEC) would like to go on record in support of the proposed Mid-Atlantic Power Pathway (MAPP) 500 kV Transmission Project proposed by Delmarva Power. The proposed project will provide increased reliability along with another transmission path which should allow less expensive power to flow to the Eastern Shore.

Prompt approval of the MAPP Transmission Project would be in the best interest of the citizens of the Eastern Shore. Your consideration would be most appreciated.

Sincerely,

A & N ELECTRIC COOPERATIVE

Vernon N. Brinkley
President & CEO
