

Stanley J. Brownell

President

**Strategically Justified
Businesses, LLC.**

Stanley J. Brownell, is the president of Strategically Justified Businesses, LLC (SJB LLC). SJB LLC offers commercial advisory services to energy industry participants. He has over 25 years of experience in the natural gas industry and most recently has been engaged with organizations participating in the power industry. Recent clients include companies such as PJM, Monitoring Analytics and the GLG Group. Prior to concentrating full time on SJB LLC, Mr. Brownell held executive and managerial positions with energy companies participating in the upstream exploration, production management, natural gas storage development, natural gas pipeline development and commodity trading.

Some of his positions include the senior vice president of Commercial Operations at Millennium Pipeline Company, LLC, head of Market Development and Trading for Harken Energy, chief operating officer of International Business Associates Ltd. and president of NUI Energy Brokers, Inc. He holds a Bachelor of Science in mathematics from Michigan Technological University, a MBA from the University of Houston, and a Certificate of Civil Mediation from the New Jersey Association of Professional Mediators.
