

Terry Boston

President and CEO
PJM Interconnection

Serving as president and chief executive officer since 2008, Terry Boston oversees the largest power grid in North America and the largest electricity market in the world. Mr. Boston also is president of the Association of Edison Illuminating Companies, Inc., and immediate past president of the GO 15, the association of the world's largest power grid operators.

Mr. Boston was recently elected to the National Academy of Engineering, one of the highest professional honors accorded an engineer. He is a member of the Board for the Electric Power Research Institute.

Mr. Boston is past chair of the North American Transmission Forum, dedicated to excellence in performance and sharing industry best practices. He also was one of the eight industry experts selected to direct the North American Reliability Corporation investigation of the August 2003 Northeast/Midwest blackout.

Prior to joining PJM, Mr. Boston was the executive vice president of the Tennessee Valley Authority, the nation's largest public power provider. In his 35 years at TVA, Mr. Boston directed divisions in transmission and power operations, pricing, contracts and electric system reliability.
