Progress Report

NERC Risk Based
Registration Subcommittee

Mark Kuras
July 18, 2014
No longer required to register:

1. Purchasing/Selling Entity
2. Load Serving Entity
3. Interchange Authority
Distribution Provider Registration Criteria:

1. Greater than 75 MW directly connected to the BES
   or
2. Owns a SPS, UVLS or Transmission Protection System required to protect the BES
   or
3. Or has a part in a Nuclear Plant Interface Requirements (NPIRs)
   or
4. Or owns UFLS required by a UFLS program (UFLS only DP)
Phase II (GO, GOP, TO and TOP)

1. Considering different MW thresholds
2. Threshold applicability to subsets of NERC standards
THANK YOU
