New Sectionalizing Schemes to Manual 03: Transmission Operations

PJM Stakeholder Meetings
April 2014
Purpose

- Summarize a new Sectionalizing Scheme in Duquesne zone.
- Schemes automatically switch equipment in order to isolate faulted system elements.
- Effective on 8/1/14 (90 days waiting period)
New Schemes in Dominion

- **Dravosburg 138/69 kV transformer #1** – Restores the Elwyn- Brentwood-Dravosburg Z-70 138 kV line and the Carson-Homestead-Dravosburg Z-87 138 kV line following a fault on the Dravosburg 138/69 kV transformer #1.
