Gas Electric Senior Task Force

April 30, 2013
Purpose

- Low natural gas prices
  - More gas generation
- EPA Regulations
  - Retirement of coal plants
- Increase in gas generation may cause issues for gas operators and ISO/RTOs
- Need to get in front of the issues
• Education
  – Ensure understanding of issues on both sides

• Identification
  – All issues are known

• Prioritize
  – Focus on the most important

• Solutions
  – Work collaboratively to solve
