

Authorization to Map a TSIN Scheduling Desk Acronym to an EES/eSuite Account

In order to ensure the proper linkage between an Interchange E-Tag and a PJM EES/eSuite account, PJM creates a mapping between a member's eSuite Org ID and their TSIN Scheduling Desk acronym. Without this mapping, PJM's EES automated tag processing system will be unable to successfully approve a member's E-Tag requests.

The following rules apply to linking TSIN Scheduling Desk acronyms to EES/eSuite accounts:

- A new mapping will only be created after the receipt and acknowledgement of this form by PJM EES Support Staff.
- A modification to an existing mapping will only be made upon the receipt and acknowledgement of this form by PJM EES Support Staff.
- PJM EES Support Staff require a minimum of one business day to verify and process the information contained within this form. Requests will be processed during normal PJM business hours (Monday - Friday, 08:00 – 17:00 EPT, excluding PJM Holidays)
- A TSIN Scheduling Desk acronym may be linked to only one EES/eSuite account at any given time
- Multiple TSIN Scheduling Desk acronyms may be linked to a single EES/eSuite account

Completed forms should be emailed to ees-oasis_support@pjm.com Questions can be directed via email or the EES Hotline at 610-666-2270

955 Jefferson Ave.
Valley Forge Corporate Center
Norristown, PA 19403-2497
