

## **DEOK Zone Rates and Revenue Requirements**

The following rates will be effective for the DEOK zone on 1/1/2012

### **Network Integration Transmission Service**

Annual transmission revenue requirement: \$62,045,331

NITS rate: \$11,137.00/MW-year

NOTE: The above revenue requirement and rate is still pending FERC approval. The daily NITS rate is the annual NITS rate divided by the number of days in the year.

### **Transmission Owner Scheduling, System Control and Dispatch Service**

Schedule 1A Rate: \$0.0407/MWh load

NOTE: The above rate is still pending FERC approval.

### **Capacity**

2011/2012 Delivery Year: Final Zonal Capacity Price in the Unconstrained Region of the RTO  
\$116.15/MW-day

### **Reactive Supply and Voltage Control Revenue Requirements**

2012 annual revenue requirements

TBD

### **Black Start Service Revenue Requirements**

TBD, pending Monitoring Analytics and PJM approval of generator-submitted revenue requirements
