

Regulation Market Design Monthly Progress Report

10/31/22

1. [Regulation Market Design](#)

Issue Status

The RMDSTF is currently reviewing design components and the solution options for the design components.

Target Completion

March 2023

Progress Update

The RMDSTF reviewed regulation signal analysis results and qualification process for regulation testing during October meeting. The suggested design component solutions were discussed in the meeting too.

Action Requested (if necessary)

Stakeholders should review the existing matrix to identify any additional solutions options in anticipation of solution option narrowing
