

## FTR Ownership Disclosure

*Includes Problem/Opportunity Statement*

### Issue Source

DC Energy

### Stakeholder Group Assignment

Market Implementation Committee

### Key Work Activities

Stakeholders discuss: (i) the history of current FTR market data posting practices; (ii) other public data disclosure practices; and (iii) discuss whether changes are warranted.

### Expected Deliverables

Stakeholders recommend potential changes to the PJM Tariff, Operating Agreement, business practices and/or manuals.

### Expected Overall Duration of Work

3-5 months.

### Decision-Making Method

Utilize the Tier 1 decision-making method (i.e., consensus on a single proposal), however DC Energy would certainly entertain multiple alternatives.
