II. ADMINISTRATIVE:

The function of each Committee is to provide oversight for the activities of PJM in its particular subject matter area of competence. Any initiative or new activity requested by a Board member that requires more than a minimal time commitment of PJM staff will be undertaken only by approval of the Committee having oversight authority over the subject matter. Such approval will include consideration of the scope of the examination or review to be undertaken, the staff resources to be assigned to the project, a likely cost/benefit analysis of the project, and the expected time frame for completion of the examination or review. Consistent with the foregoing, it is management’s responsibility to deploy PJM staff and, therefore, no individual Board member will direct PJM staff to commence any activity, other than normal committee coordination and scheduling.

In addition to the specific Scope of Activities delineated in each Committee's charter, each Committee will promote meaningful and broad participation in the assessment and development of recommendations brought before the PJM Board that are related to each Committee's scope of activities.

III. ANNUAL OPERATING COST:

The annual operating cost of direct support to the Committees will be estimated each year and included within the overall PJM budget. The Committees may, in any given year, require specific budget allocations to include (a) dispute resolution matters, (b) compliance and enforcement matters, and (c) the hiring of specialists and/or consultants to assist in the implementation of the Committees' official duties. Prior to contracting with specialists or consultants, each Committee shall, in consultation with the President, make recommendations with respect thereto to, and receive approval from, the PJM Board. The Risk & Audit Committee will follow appropriate good governance rules in contracting for a consultant. All specialists and consultants shall be retained in accordance with PJM's normal procedures for contracts and procurement.

IV. ESTIMATED NUMBER AND FREQUENCY OF MEETINGS; ATTENDANCE:

Unless otherwise specified in Attachments A through F, the Committees are expected to meet at least on a quarterly basis in alignment with meetings of the PJM Board, and at other such times and places as the Committees deem appropriate, to undertake their duties and responsibilities. A Committee meeting may be conducted using telephonic or video conferencing technology.

PJM Board members who are not members of a Committee may attend meetings thereof (other than executive sessions), but may not vote thereat. Committees may also invite to their meetings such other persons as they deem necessary or desirable in order to carry out their responsibilities and duties.

Nothing herein limits or restricts the ability of the PJM Board to make appointments in the event of any removals, resignations or other changes in composition of the PJM Board of the remainder of the annual period.

Chairpersons shall be appointed by a majority vote of the PJM Board. The Committee Chairperson shall call and preside at all regular meetings of the Committee, set the agenda for each meeting and vote.

Nominating Committee

Code of Conduct

It is the policy of PJM Interconnection, L.L.C. ("PJM") to operate in a fair and nondiscriminatory manner and to implement such rules and regulations in the governance of the organization as are necessary to prevent control, or the appearance of control, of the decision-making process by any member or group of members of PJM.

It further is the policy of PJM to attract the best qualified candidates to serve on the PJM Board. In order to fulfill that goal, it is the policy of PJM to employ nominating procedures that strictly maintain the confidentiality of the identity of potential Board candidates and that ensure that those involved in the nomination process strictly follow procedures that maintain such confidentiality.

In furtherance of these policies, the PJM Nominating Committee established pursuant to section 7.1 of the Amended and Restated Operating Agreement of PJM Interconnection, L.L.C. ("Operating Agreement") has adopted the following Code of Conduct to govern the actions of the members of the Committee:

1. The members of the Nominating Committee shall undertake and fulfill their duties in furtherance of the best interests of PJM without regard to the individual or affiliated company interests of any member of the Nominating Committee and without regard to the interests of any other PJM member or group of PJM members.
2. All information that the members of the Nominating Committee receive in undertaking and performing their duties shall be deemed confidential information of PJM and shall not be disclosed in any manner to any other member of PJM or any other person, except as specifically permitted by this Code of Conduct.
3. In order to perform its duties and in conformance with the requirement of the Operating Agreement, the Nominating Committee may retain an independent consulting firm to identify candidates for the PJM Board. The consulting firm to be retained shall be determined by majority vote of the Nominating Committee. The Nominating Committee shall require the consulting firm to disclose to PJM all financial affiliation or other business relationships with PJM members. The Nominating Committee shall determine if the contents of such disclosure warrant disqualification of such consultant.
4. The Nominating Committee may solicit written suggestions for candidates from the PJM members and may, but only upon agreement of the Nominating Committee, suggest such candidates to the consulting firm. All suggestions by PJM members shall be submitted only in writing and only to the Nominating Committee. The members of the Nominating Committee shall not discuss any candidates, including candidates suggested by PJM members, with any person not on the Nominating Committee or the Board.
5. Members of the Nominating Committee may suggest individuals that the consulting firm should consider, including but not limited to those suggested by PJM Members and endorsed by the Nominating Committee, provided, however, that the Nominating Committee may not independently consider any external candidate for nomination that has not been recommended by the consulting firm.
6. The Nominating Committee in its discretion may nominate, without retaining an independent consultant, a Board member whose term is expiring and who desires to serve an additional term.

7. The candidates identified by the consulting firm and provided to the Nominating Committee shall remain strictly confidential, and the members of the Nominating Committee shall not disclose such names to any other person within the companies by which they are employed, to any representative of any other PJM member, or to any other person, except in the form of a formal nomination from the Nominating Committee.
8. The Nominating Committee shall direct the President of PJM to communicate with individuals identified by the consulting firm and to conduct initial interviews with such individuals. The President shall report to the Nominating Committee about such interviews. Following such reports, the Nominating Committee may determine to, but shall not be required to, meet with the individuals. No member of the Nominating Committee shall communicate in any manner with any such individual, except in a formal Nominating Committee meeting.
9. Upon the nomination of a candidate by the Nominating Committee, the President shall inform the candidate, the Board, and the Members Committee.
10. PJM shall maintain a copy of this Code of Conduct and keep it available for public inspection by way of posting it on the PJM website.
11. Each member of the Nominating Committee and each ex officio participant in the Nominating Committee shall execute a compliance statement indicating that he or she has read and understands the content, spirit and intent of this Code of Conduct and agrees to comply.
