

June 23, 2025

To the PJM Nominating Committee:

Thank you for your dedication to finding the best possible candidates for PJM's Board of Managers. Your hard work benefits the members and all PJM stakeholders. Given the rapid pace of events in the PJM region — with multiple unexpected events in recent weeks, including the vacancies that have emerged on the Board of Managers — we believe the current June 30 deadline for candidates to apply may be unintentionally restrictive, preventing talented and qualified candidates from being considered.

Therefore, we respectfully request that you either extend the deadline by one month, until July 31, 2025, or publicly confirm that although you will begin considering candidates after June 30, you will not reject qualified candidates solely on the grounds that their application was received after that date.

Thank you again for your service to the PJM region.

Sincerely,

A blue ink signature of Josh Shapiro.
