## Valuing Fuel Security

### Issue Status

The group is currently in the education phase of the Consensus Based Issue Resolution Process.

### Target Completion

By the end of the fourth quarter 2019 the group will complete key work activities #1 - #4, and expected deliverable #1, and will report to the MRC their recommendations. The remainder of the key work activities and deliverables will be completed by the deadline to be set by the MRC at the December 19, 2019 meeting.

### Progress Update

The group has held nine meetings to date: April 5, April 26, May 17, June 26, July 16, August 12, September 20, October 25, and November 22 and has its next meeting scheduled for December 16.

At the November 22 meeting, PJM provided an update on the NERC Electric Gas Working Group (EGWG) efforts as they relate to Fuel Security. PJM also reviewed the final results of the Phase 2 analysis. PJM solicited feedback from stakeholders on potential paths forward to aid in drafting poll questions.

PJM will be issuing a poll on Tuesday, November 26 to gauge stakeholder's preferred path forward for the Fuel Security effort in preparation for the December 19 MRC. The poll will be open until Friday, December 6.

### Action Requested (if necessary)

The next FSSTF meeting is scheduled for December 16.
