Manual 34, Section 5.1

In order to improve the efficiency of the two Senior Standing Committees, the two Senior Committee meetings will be held back to back, generally, but not always, on the same day. Reports, briefings, and other non-decisional MC business ~~will~~ **may** be conducted via Webinar or other electronic means before or after the MRC and MC face-to-face meetings. There will continue to be an opportunity for two sector-weighted votes (SWV) for issues that come before the Senior Committees, one at the MRC and one at the MC. If a first read of new recommendations/alternatives is to occur, it must occur at the MRC, and in certain cases, go directly to the MC. The sequencing of the first read and subsequent votes at the MRC and MC will be handled as described in the exhibits below.
