

Tariff, Part VIII, Subpart J, section 437
Replacement Generation Interconnection Service

A. Replacement Generation Interconnection Service Request

* * *

6. The Replacement Generation Interconnection Service Request planned in-service date (as stated in the Replacement Generation Interconnection Study Agreement) can be no later than three (3) years from the Deactivation Date for the deactivating Generating Facility specified in the written notice to Transmission Provider of the proposed Deactivation under Tariff, Part V, section 113.1 , if applicable, or four (4) years from the date on which the Replacement Generation Project Developer submits its Replacement Generation Interconnection Service Request.
 - a. The planned in-service date will be used to develop the draft Generation Interconnection Agreement milestone dates described in section 437(C)(1)(f).
 - b. Notwithstanding the planned in-service date requirement of this subsection 437(A)(6) the Replacement Generation Resource may not be placed in service prior to the actual Deactivation Date of the deactivating Generating Facility.
 - c. In no event shall the milestone dates exceed three (3) years beyond the planned in-service date.
 - d. Nothing in this section, or in the Tariff, prohibits a Replacement Generation Project Developer from seeking a waiver from the Commission or from the Transmission Provider supporting such request at its discretion.
