INTERCONNECTION REFORM PROCESS GDECS NUMBER II PROPOSED CLEAN-UP, CLARIFICATIONS AND CORRECTIONS TO GOVERNING DOCUMENTS TARIFF, PART VII, PART VIII AND TARIFF, PART IX

PJM Legal Service Agreement Team Attorneys

TABLE OF CONTENTS

Numbers 1 through 26 - Tariff, Part VII, Subpart A, section 300 and Tariff, Part VIII, Subpart A, section 400

Numbers 27 through 79 – Tariff, Part IX, Subpart B, GIA

Numbers 80 through 88 – Tariff, Part IX, Subpart C, WMPA

Number 89 – Tariff, Part IX, Subpart E, UCSA

Numbers 90 through 117 – Tariff, Part IX, Subpart G, NSA

Numbers 118 through 129 - Tariff, Part IX, Subpart H, NUCRA

Numbers 130 through 236 - Tariff, Part IX, Subpart J, CSA

IRPTF GDECS II Proposed Clean-Up, Clarifications and Corrections to Governing Documents

Tariff sections: Tariff, Part VII, Subpart A, sections 300 & Tariff, Part VIII, Subpart A, sections 400 – Definitions

Number	Governing Document, Agreement, Attachment, Section, Title	Current Language	Proposed Revisions	Rationale/Notes
	Tariff, Part VII, Subpart A, section 300 – Definition A Tariff, Part VIII, Subpart A, section 400 – Definition A	Affected System Customer "Affected System Customer" shall mean the developer responsible for an Affected System Facility that requires Network Upgrades to Transmission Provider's Transmission System,	"Affected System Customer" shall mean the developer responsible for an Affected System Facility that requires Network Upgrades to Transmission Provider's Transmission System ₇₂	Revision corrects punctuation.
	Tariff, Part VII, Subpart A, section 300 – Definition A Tariff, Part VIII, Subpart A, section 400 – Definition A	"Applicable Technical Requirements and Standards" shall mean those certain technical requirements and standards applicable to interconnections of generation and/or transmission facilities with the facilities of an Transmission Owner or, as the case may be and to the extent applicable, of an Electric Distributor, as published by Transmission Provider in a PJM Manual. All Applicable Technical Requirements and Standards shall be publicly available through postings on Transmission Provider's internet website.	Applicable Technical Requirements and Standards" shall mean those certain technical requirements and standards applicable to interconnections of generation and/or transmission facilities with the facilities of an Transmission Owner or, as the case may be and to the extent applicable, of an Electric Distributor, as published by Transmission Provider in a PJM Manual. All Applicable Technical Requirements and Standards shall be publicly available through postings on Transmission Provider's internet website.	Revision corrects grammar.

3.	Tariff, Part VII, Subpart A, section 300 – Definition A Tariff, Part VIII, Subpart A, section 400 – Definition A	Application and Studies Agreement" shall mean the application that must be submitted by a Project Developer or Eligible Customer that seeks to initiate a New Service Request, a form of which is set forth in Tariff, Part VII, Subpart A. An Application and Studies Agreement must be submitted electronically through PJM's web site in accordance with PJM's Manuals.	"Application and Studies Agreement" shall mean the application that must be submitted by a Project Developer or Eligible Customer that seeks to initiate a New Service Request, a form of which is set forth in Tariff, Part IXVII, Subpart A. An Application and Studies Agreement must be submitted electronically through PJM's web site in accordance with PJM's Manuals.	Revision corrects internal cross-reference.
4.	Tariff, Part VII, Subpart A, section 300 – Definition C Tariff, Part VIII, Subpart A, section 400 – Definition C	Cancellation Costs: "Cancellation Costs" shall mean costs and liabilities incurred in connection with: (a) cancellation of supplier and contractor written orders and agreements entered into to design, construct and install Transmission Owner Interconnection Facilities, and/or Customer-Funded Upgrades, and/or (b) completion of some or all of the required Transmission Owner Interconnection Facilities, and/or Customer-Funded Upgrades, or specific unfinished portions and/or removal of any or all of such facilities which have been installed, to the extent required for the Transmission Provider and/or Transmission Owner(s) to perform their respective obligations under the Tariff, Part VII. Cancellation costs may include costs for Customer-Funded Upgrades assigned to Project Developer or Eligible Customer, in accordance with the Tariff and as reflected in as set forth in Appendix 2, section 16.1.4 of this GIA, that remain the responsibility of Project Developer or Eligible Customer under the Tariff, even if such New Service Request is terminated or withdrawn.	"Cancellation Costs" shall mean costs and liabilities incurred in connection with: (a) cancellation of supplier and contractor written orders and agreements entered into to design, construct and install Transmission Owner Interconnection Facilities, and/or Customer-Funded Upgrades, and/or (b) completion of some or all of the required Transmission Owner Interconnection Facilities, and/or Customer-Funded Upgrades, or specific unfinished portions and/or removal of any or all of such facilities which have been installed, to the extent required for the Transmission Provider and/or Transmission Owner(s) to perform their respective obligations under the Tariff, Part VIII. Cancellation costs may include costs for Customer-Funded Upgrades assigned to Project Developer or Eligible Customer, in accordance with the Tariff and as reflected in as set forth in GIA, Appendix 2, section 16.1.4 of this GIA, that remain the responsibility of Project Developer or Eligible Customer under the Tariff, even if such New Service Request is terminated or withdrawn.	Revisions incorporate PJM standard formatting.

5.	Tariff, Part VII, Subpart A, section 300 – Definition C Tariff, Part VIII, Subpart A, section 400 – Definition C	Construction Service Agreement" shall mean either an Interconnection Construction Service Agreement, Network Upgrade Cost Responsibility Agreement or Upgrade Construction Service Agreement.	"Construction Service Agreement" shall mean either an Interconnection Construction Service Agreement, Network Upgrade Cost Responsibility Agreement or Upgrade Construction Service Agreement the agreement entered into by a Developer Party, Transmission Owner and the Transmission Provider pursuant to Tariff, Part VII or Tariff, Part VIII in the form set forth in Tariff, Part IX, Subpart J.	Revisions correct the definition and provide related cross-references.
6.	Tariff, Part VII, Subpart A, section 300 – Definition C Tariff, Part VIII, Subpart A, section 400 – Definition C	Cycle: "Cycle" shall mean that period of time between the start of an Application phase and conclusion of the corresponding Final Agreement Negotiation Phase. The Cycle consists of the Application Phase, Phase I, Decision Point I, Phase II, Decision Point II, Phase III, Decision Point III, and the Final Agreement Negotiation Phase.	Cycle: "Cycle" shall mean that period of time between the start of an Application Phase and conclusion of the corresponding Final Agreement Negotiation Phase. The Cycle consists of the Application Phase, Phase I, Decision Point I, Phase II, Decision Point II, Phase III, Decision Point III, and the Final Agreement Negotiation Phase.	Revision corrects capitalization of a defined term.

1.	Tariff, Part VII, Subpart A,	Eligible Customer:	Eligible Customer:	Revisions incorporate PJM standard formatting.
	section 300 – Definition E Tariff, Part VIII, Subpart A, section 400 – Definition E	"Eligible Customer" shall mean:	"Eligible Customer" shall mean:	
	SOCION TOO BOILINGON E	(i) Any electric utility (including any Transmission Owner and any power marketer), Federal power marketing agency, or any person generating electric energy for sale for resale is an Eligible Customer under the Tariff. Electric energy sold or produced by such entity may be electric energy produced in the United States, Canada or Mexico. However, with respect to transmission service that the Commission is prohibited from ordering by section 212(h) of the Federal Power Act, such entity is eligible only if the service is provided pursuant to a state requirement that the Transmission Provider or Transmission Owner offer the unbundled transmission service, or pursuant to a voluntary offer of such service by a Transmission Owner.	(i) Any electric utility (including any Transmission Owner and any power marketer), Federal power marketing agency, or any person generating electric energy for sale for resale is an Eligible Customer under the Tariff. Electric energy sold or produced by such entity may be electric energy produced in the United States, Canada or Mexico. However, with respect to transmission service that the Commission is prohibited from ordering by the Federal Power Act , section 212(h) of the Federal Power Act, such entity is eligible only if the service is provided pursuant to a state requirement that the Transmission Provider or Transmission Owner offer the unbundled transmission service, or pursuant to a voluntary offer of such service by a Transmission Owner.	
8.	Tariff, Part VII, Subpart A, section 300 – Definition E	Energy Storage Resource:	Energy Storage Resource:	Revision corrects punctuation.
	Tariff, Part VIII, Subpart A, section 400 – Definition E	"Energy Storage Resource" shall mean a resource capable of receiving electric energy from the grid and storing it for later injection to the grid that participates in the PJM Energy, Capacity and/or Ancillary Services markets as a Market Participant. Open- Loop Hybrid Resources are not Energy Storage Resources.	"Energy Storage Resource" shall mean a resource capable of receiving electric energy from the grid and storing it for later injection to the grid that participates in the PJM Energy, Capacity and/or Ancillary Services markets as a Market Participant. Open—Loop Hybrid Resources are not Energy Storage Resources.	

9.	Tariff, Part VII, Subpart A,	Facilities Study:	Facilities Study:	Revisions incorporate PJM standard formatting.
	section 300 – Definition F Tariff, Part VIII, Subpart A, section 400 – Definition F	"Facilities Study" shall be an engineering study conducted by the Transmission Provider (in coordination with the affected Transmission Owner(s)) to: (1) determine the required modifications to the Transmission Provider's Transmission System necessary to implement the conclusions of the System Impact Studies; and (2) complete any additional studies or analyses documented in the System Impact Studies or required by PJM Manuals, and determine the required modifications to the Transmission Provider's Transmission System based on the conclusions of such additional studies.	"Facilities Study" shall be an engineering study conducted by the Transmission Provider (in coordination with the affected Transmission Owner(s)) to: (1) determine the required modifications to the Transmission Provider's Transmission System necessary to implement the conclusions of the System Impact Studies; and (2) complete any additional studies or analyses documented in the System Impact Studies or required by PJM Manuals, and determine the required modifications to the Transmission Provider's Transmission System based on the conclusions of such additional studies.	
10.	Tariff, Part VII, Subpart A, section 300 – Definition I Tariff, Part VIII, Subpart A, section 400 – Definition I	Incidental Expenses" shall mean those expenses incidental to the performance of construction pursuant to an Interconnection Construction Service Agreement, including, but not limited to, the expense of temporary construction power, telecommunications charges, Transmission Owner expenses associated with, but not limited to, document preparation, design review, installation, monitoring, and construction-related operations and maintenance for the Generating Facility and for the Interconnection Facilities.	Incidental Expenses: "Incidental Expenses" shall mean those expenses incidental to the performance of construction pursuant to an Interconnection Construction Service Agreement, including, but not limited to, the expense of temporary construction power, telecommunications charges, Transmission Owner expenses associated with, but not limited to, document preparation, design review, installation, monitoring, and construction-related operations and maintenance for the Generating Facility and for the Interconnection Facilities.	Revisions to correct defined term.

11.	Tariff, Part VII, Subpart A, section 300 – Definition I Tariff, Part VIII, Subpart A, section 400 – Definition I	Incremental Deliverability Rights (IDRs): "Incremental Deliverability Rights" ("IDR)" shall mean the rights to the incremental ability, resulting from the addition of Merchant Transmission Facilities, to inject energy and capacity at a point on the Transmission System, such that the injection satisfies the deliverability requirements of a Capacity Resource. Incremental Deliverability Rights may be obtained by a generator or a Generation Project Developer, pursuant to an IDR Transfer Agreement, to satisfy, in part, the deliverability requirements necessary to obtain Capacity Interconnection Rights.	Incremental Deliverability Rights (IDRs): "Incremental Deliverability Rights" ("IDR")" shall mean the rights to the incremental ability, resulting from the addition of Merchant Transmission Facilities, to inject energy and capacity at a point on the Transmission System, such that the injection satisfies the deliverability requirements of a Capacity Resource. Incremental Deliverability Rights may be obtained by a generator or a Generation Project Developer, pursuant to an IDR Transfer Agreement, to satisfy, in part, the deliverability requirements necessary to obtain Capacity Interconnection Rights.	Revisions correct punctuation.
12.	Tariff, Part VII, Subpart A, section 300 – Definition N Tariff, Part VIII, Subpart A, section 400 – Definition NE	Necessary Study Agreement: "Necessary Study Agreement" shall mean the form of agreement for preparation of one or more Necessary Studies, as set forth in Tariff, Part IX, Subpart G.	Necessary Studiesy Agreement: "Necessary Studiesy Agreement" shall mean the form of agreement for preparation of one or more Necessary Studies, as set forth in Tariff, Part IX, Subpart G.	Revisions correct references to the agreement in Tariff, Part IX, Subpart G.
13.	Tariff, Part VII, Subpart A, section 300 – Definition N Tariff, Part VIII, Subpart A, section 400 – Definition N	Necessary Study(ies)" shall mean the assessment(s) undertaken by the Transmission Provider to determine whether a planned modification under Appendix 2, section 3.4.1 of the GIA will have a permanent material impact on the Transmission System and to identify the additions, modifications, or replacements to the Transmission System, if any, that are necessary, in accordance with Good Utility Practice, and/or to maintain compliance with Applicable Laws and Regulations or Applicable Standards, to accommodate the planned	Necessary Study(ies)" shall mean the assessment(s) undertaken by the Transmission Provider to determine whether a planned modification under GIA, Appendix 1/12, section 3.4.1 of the GIA will have a permanent material impact on the Transmission System and to identify the additions, modifications, or replacements to the Transmission System, if any, that are necessary, in accordance with Good Utility Practice, and/or to maintain compliance with Applicable Laws and Regulations or Applicable Standards, to accommodate the	Revisions correct internal cross-reference, incorporate PJM standard formatting, and correct the reference to the agreement in Tariff, Part IX, Subpart G.

	modifications. A form of the Necessary Study Agreement is set forth in Tariff, Part IX, Subpart G.	planned modifications. A form of the Necessary Studiesy Agreement is set forth in Tariff, Part IX, Subpart G.	
14. Tariff, Part VII, Subpart A, section 300 – Definition N Tariff, Part VIII, Subpart A, section 400 – Definition N	Network Upgrades: "Network Upgrades" shall mean modifications or additions to transmission-related facilities that are integrated with and support the Transmission Provider's overall Transmission System for the general benefit of all users of such Transmission System. Network Upgrades shall include Stand Alone Network Upgrades which are Network Upgrades that are not part of an Affected System; only serve the Generating Facility or Merchant Transmission Facility; and have no impact or potential impact on the Transmission System until the final tie-in is complete. Both Transmission Provider and Project Developer must agree as to what constitutes Stand Alone Network Upgrades and identify them in the GIA, Schedule L or in the Interconnection Construction Service Agreement, Schedule D. If the Transmission Provider and Project Developer disagree about whether a particular Network Upgrade is a Stand Alone Network Upgrade, the Transmission Provider must provide the Project Developer a written technical explanation outlining why the Transmission Provider does not consider the Network Upgrade	"Network Upgrades" shall mean modifications or additions to transmission-related facilities that are integrated with and support the Transmission Provider's overall Transmission System for the general benefit of all users of such Transmission System. Network Upgrades shall include Stand Alone Network Upgrades which are Network Upgrades that are not part of an Affected System; only serve the Generating Facility or Merchant Transmission Facility; and have no impact or potential impact on the Transmission System until the final tie-in is complete. Both Transmission Provider and Project Developer must agree as to what constitutes Stand Alone Network Upgrades and identify them in the GIA, Specifications, section 3.0chedule L or in the Interconnection Construction Service Agreement, Schedule CD. If the Transmission Provider and Project Developer disagree about whether a particular Network Upgrade is a Stand Alone Network Upgrade, the Transmission Provider must provide the Project Developer a written technical explanation outlining why the Transmission Provider does not consider the Network	Revisions correct internal cross-references.

	to be a Stand Alone Network Upgrade within 15 days of its determination.	Upgrade to be a Stand Alone Network Upgrade within 15 days of its determination.	
Tariff, Part VII, Subpart A, section 300 – Definition P Tariff, Part VIII, Subpart A, section 400 – Definition P	Permissible Technological Advancement: "Permissible Technological Advancement" shall mean a proposed technological change such as an advancement to turbines, inverters, plant supervisory controls or other similar advancements to the technology proposed in the Interconnection Request that is submitted to the Transmission Provider no later than the end of Decision Point II. Provided such change may not: (i) increase the capability of the Generating Facility or Merchant Transmission Facility as specified in the original Interconnection Request; (ii) represent a different fuel type from the original Interconnection Request; or (iii) cause any material adverse impact(s) on the Transmission System with regard to short circuit capability limits, steady-state thermal and voltage limits, or dynamic system stability and response. If the proposed technological advancement is a Permissible Technological Advancement, no additional study will be necessary and the proposed technological advancement will not be considered a Material Modification.	Permissible Technological Advancement: ""Permissible Technological Advancement" shall mean a proposed technological change such as an advancement to turbines, inverters, plant supervisory controls or other similar advancements to the technology proposed in the Interconnection Request that is submitted to the Transmission Provider no later than the end of Decision Point II. Provided such change may not: (i) increase the capability of the Generating Facility or Merchant Transmission Facility as specified in the original Interconnection Request; (ii) represent a different fuel type from the original Interconnection Request; or (iii) cause any material adverse impact(s) on the Transmission System with regard to short circuit capability limits, steady-state thermal and voltage limits, or dynamic system stability and response. If the proposed technological advancement is a Permissible Technological Advancement, no additional study will be necessary and the proposed technological advancement will not be considered a Material Modification.	Revisions incorporate PJM standard formatting.

16.	Tariff, Part VII, Subpart A, section 300 – Definition P Tariff, Part VIII, Subpart A, section 400 – Definition P	Project Developer Interconnection Facilities: "Project Developer Interconnection Facilities" shall mean all facilities and equipment owned and/or controlled, operated and maintained by Project Developer on Project Developer's side of the Point of Change of Ownership identified in the Schedule B of the Generation Interconnection Agreement, including any modifications, additions, or upgrades made to such facilities and equipment, that are necessary to physically and electrically interconnect the Generating Facility with the Transmission System.	Project Developer Interconnection Facilities: "Project Developer Interconnection Facilities" shall mean all facilities and equipment owned and/or controlled, operated and maintained by Project Developer on Project Developer's side of the Point of Change inef Ownership identified in the GIA, Schedule B of the Generation Interconnection Agreement, including any modifications, additions, or upgrades made to such facilities and equipment, that are necessary to physically and electrically interconnect the Generating Facility with the Transmission System.	Revisions incorporate PJM standard formatting and reference to a defined term.
17.	Tariff, Part VII, Subpart A, section 300 – Definition Q Tariff, Part VIII, Subpart A, section 400 – Definition Q	Qualifying Facility: "Qualifying Facility" shall mean means an electric energy generating facility that complies with the qualifying facility definition established by Public Utility Regulatory Policies Act ("PURPA") and any FERC rules as amended from time to time (18 C.F.R. part 292, section 292.203 et seq.) implementing PURPA and, to the extent required to obtain or maintain Qualifying Facility status, is self-certified as a Qualifying Facility or is certified as a Qualified Facility by the FERC.	Qualifying Facility: "Qualifying Facility" shall mean means—an electric energy generating facility that complies with the qualifying facility definition established by Public Utility Regulatory Policies Act ("PURPA") and any FERC rules as amended from time to time (18 C.F.R. part 292, section 292.203 et seq.) implementing PURPA and, to the extent required to obtain or maintain Qualifying Facility status, is self-certified as a Qualifying Facility or is certified as a Qualified Facility by the FERC.	Revision corrects grammar.

18.	Tariff, Part VII, Subpart A, section 300 – Definition R Tariff, Part VIII, Subpart A, section 400 – Definition R	Request Number: "Request Number" shall mean, when an Application from an Upgrade Customer results in a valid Upgrade Request, in accordance with Tariff, Part VII, section 306 [or Part VIII, Subpart H, section 435], the assigned Request Number to such request as confirmed by Transmission Owner. The Request Number will indicate the serial position and priority.	Request Number" shall mean, when an Application from an Upgrade Customer results in a valid Upgrade Request, in accordance with Tariff, Part VII, section 33706 [or Part VIII, Subpart H, section 435], the assigned Request Number to such request as confirmed by Transmission Owner. The Request Number will indicate the serial position and priority.	Revision corrects internal cross-reference.
19.	Tariff, Part VII, Subpart A, section 300 – Definition S Tariff, Part VIII, Subpart A, section 400 – Definition S	Schedule of Work: "Schedule of Work" shall mean that Schedule of Work set forth in section 8.0 of Schedule L of a GIA, or Schedule of a CSA, as applicable, setting forth the timing of work to be performed by the Constructing Entity(ies), based upon the System Impact Study(ies) and subject to modification, as required, in accordance with Transmission Provider's scope change process for interconnection projects set forth in the PJM Manuals.	Schedule of Work: "Schedule of Work" shall mean that Schedule of Work set forth in GIA, Schedule, L, section 8.0 of Schedule L of a GIA, or CSA, Schedule of a CSAAppendix I, as applicable, setting forth the timing of work to be performed by the Constructing Entity(ies), based upon the System Impact Study(ies) and subject to modification, as required, in accordance with Transmission Provider's scope change process for interconnection projects set forth in the PJM Manuals.	Revision corrects internal cross-references and incorporates PJM standard formatting.

4	Tariff, Part VII, Subpart A, section 300 – Definition S Tariff, Part VIII, Subpart A, section 400 – Definition S	Scope of Work: "Scope of Work" shall mean that scope of the work set forth in Specification section 3.0 of the GIA to be performed by the Constructing Entity(ies) pursuant to the Interconnection Construction Service Agreement, provided that such Scope of Work may be modified, as required, in accordance with Transmission Provider's scope change process for interconnection projects set forth in the PJM Manuals.	"Scope of Work" shall mean that scope of the work set forth in GIA, Specifications, section 3.0 of the GIA to be performed by the Constructing Entity(ies) or scope of work set forth in pursuant to the Interconnection Construction Service Agreement, Schedule C, provided that such Scope of Work may be modified, as required, in accordance with Transmission Provider's scope change process for interconnection projects set forth in the PJM Manuals.	Revisions modify language to incorporate PJM standard formatting, grammatical correction, and correction to a defined term.
	Tariff, Part VII, Subpart A, section 300 – Definition S	Security: "Security" shall mean the financial guaranty provided by the Project Developer, Eligible Customer or Upgrade Customer pursuant to Tariff, Part VII, Subpart D, sections 309(A)(2)(i), 309(A)(3)(a), 311(a)(2)(d)(i)(a). 311(A)(2)(h), and 313(A)(1)(a), to secure the Project Developer's, Eligible Customer's or Upgrade Customer responsibility for Costs under an interconnection-related agreement set forth in Tariff, Part IX.	Security: "Security" shall mean the financial guaranty provided by the Project Developer, Eligible Customer or Upgrade Customer pursuant to Tariff, Part VII, Subpart D, sections 309(A)(2)(i), and Tariff, Part VII, Subpart D, section 309(A)(3)(a), and Tariff, Part VII, Subpart D, section, 311(a)(2)(d)(i)(a), and Tariff, Part VII, Subpart D, section 311(A)(2)(h), and Tariff, Part VII, Subpart D, section 313(A)(1)(a), to secure the Project Developer's, Eligible Customer's or Upgrade Customer responsibility for Costs under an interconnection-related agreement set forth in Tariff, Part IX.	Revisions clarify internal cross-references and correct grammar.

22.	Tariff, Part VIII, Subpart A, section 400 – Definition S	Security: "Security" shall mean the financial guaranty provided by the Project Developer, Eligible Customer or Upgrade Customer pursuant to Tariff, Part VIII, Subpart C, sections 406(A)(2) and (3), 408(A)(2)(d), and 410(A)(1) to secure the Project Developer's, Eligible Customer's or Upgrade Customer responsibility for Costs under an interconnection-related agreement set forth in Tariff, Part IX.	"Security" shall mean the financial guaranty provided by the Project Developer, Eligible Customer or Upgrade Customer pursuant to Tariff, Part VIII, Subpart C, sections 406(A)(2) and (3), and Tariff, Part VIII, Subpart C 408(A)(2)(d), and Tariff, Part VIII, Subpart C, section 410(A)(1) to secure the Project Developer's, Eligible Customer's or Upgrade Customer responsibility for Costs under an interconnection-related agreement set forth in Tariff, Part IX.	Revisions clarify internal cross-references.
II.	Tariff, Part VII, Subpart A, section 300 – Definition S	Site Control: "Site Control" shall mean the evidentiary documentation provided by Project Developer in relation to a New Service Request demonstrating the requirements as set forth in the following Tariff, Part VII, Subpart A, section 302, and Tariff, Part VII, Subpart C, section 306, and Subpart D, sections 309 and 313.	Site Control: "Site Control" shall mean the evidentiary documentation provided by Project Developer in relation to a New Service Request demonstrating the requirements as set forth in the following—Tariff, Part VII, Subpart A, section 302, and Tariff, Part VII, Subpart D, sections 309, and Tariff, Part VII, Subpart D, section 313.	Revisions clarify internal cross-references and correct grammar.
	Tariff, Part VIII, Subpart A, section 400 – Definition S	Site Control: "Site Control" shall mean the evidentiary documentation provided by Project Developer in relation to a New Service Request demonstrating the requirements as set forth in the following Tariff, Part VIII, Subpart A, section 402, and Tariff, Part VIII, Subpart B, section 403, and Subpart C, sections 406 and 410.	Site Control: "Site Control" shall mean the evidentiary documentation provided by Project Developer in relation to a New Service Request demonstrating the requirements as set forth in the following Tariff, Part VIII, Subpart A, section 402, and Tariff, Part VIII, Subpart B, section 403, and Tariff, Part VIII, Subpart C, sections 406 and Tariff, Part VIII, Subpart C, section 410.	Revisions clarify internal cross-references.

	Tariff, Part VII, Subpart A, section 300 – Definition S Tariff, Part VIII, Subpart A, section 400 – Definition S	"Stand Alone Network Upgrades" shall mean Network Upgrades, which are not part of an Affected System, which a Project Developer may construct without affecting day-to-day operations of the Transmission System during their construction. Transmission Provider, Transmission Owner and Project Developer must agree as to what constitutes Stand Alone Network Upgrades and identify them in Specifications section 3.0 of Appendix L of the GIA. If the Transmission Provider or Transmission Owner and Project Developer disagree about whether a particular Network Upgrade is a Stand Alone Network Upgrade, the Transmission Provider or Transmission Owner that disagrees with the Project Developer must provide the Project Developer a written technical explanation outlining why the Transmission Provider or Transmission Owner does not consider the Network Upgrade to be a Stand Alone Network Upgrade within 15 days of its determination.	"Stand Alone Network Upgrades" shall mean Network Upgrades, which are not part of an Affected System, which a Project Developer may construct without affecting day-to-day operations of the Transmission System during their construction. Transmission Provider, Transmission Owner and Project Developer must agree as to what constitutes Stand Alone Network Upgrades and identify them in GIA, Specifications, section 3.0 of Appendix L of the GIA. If the Transmission Provider or Transmission Owner and Project Developer disagree about whether a particular Network Upgrade is a Stand Alone Network Upgrade, the Transmission Provider or Transmission Owner that disagrees with the Project Developer must provide the Project Developer a written technical explanation outlining why the Transmission Provider or Transmission Owner does not consider the Network Upgrade to be a Stand Alone Network Upgrade within 15 days of its determination.	Revisions correct internal cross-references and incorporate PJM standard formatting.
26.	Tariff, Part VII, Subpart A, section 300 – Definition T Tariff, Part VIII, Subpart A, section 400 – Definition T	Transmission Owner Interconnection Facilities: "Transmission Owner Interconnection Facilities" shall mean all Interconnection Facilities that are not Project Developer Interconnection Facilities and that, after the transfer under Appendix 2, section 23.3.5 of the GIA to the Transmission Owner of title to any Transmission Owner Interconnection Facilities that the Project Developer constructed, are owned, controlled, operated and maintained by the Transmission Owner on the Transmission Owner's side of the Point of Change of Ownership identified in appendices to the Generation Interconnection Agreement and if applicable, the Interconnection Construction Service Agreement, including any modifications, additions or upgrades made to such facilities and	Transmission Owner Interconnection Facilities" shall mean all Interconnection Facilities that are not Project Developer Interconnection Facilities and that, after the transfer under GIA, Appendix II2, section 23.3.5 of the GIA to the Transmission Owner of title to any Transmission Owner Interconnection Facilities that the Project Developer constructed, are owned, controlled, operated and maintained by the Transmission Owner on the Transmission Owner's side of the Point of Change inof Ownership identified in appendices to the Generation Interconnection Agreement and if applicable, the Interconnection—Construction Service Agreement, including any modifications, additions or upgrades	Revisions incorporate PJM standard formatting and correct reference to a defined term.

equipment, that are necessary to physically and electrically interconnect the Generating Facility with the Transmission System or interconnected distribution facilities.	made to such facilities and equipment, that are necessary to physically and electrically interconnect the Generating Facility with the Transmission System or interconnected distribution facilities.	

IRPTF GDECS II Proposed Clean-Up, Clarifications and Corrections to Governing Documents

Tariff sections: Tariff, Part IX, Subpart B – Form of Generation Interconnection Agreement Combined with Construction Service Agreement

N	umber	Governing Document, Agreement, Attachment, Section, Title	Current Language	Proposed Revisions	Rationale/Notes
27		Fariff, Part IX, Subpart B, GIA, section 1.0	Parties. This Generation Interconnection Agreement ("GIA") including the Specifications, Schedules and Appendices attached hereto and incorporated herein, is entered into by and between PJM Interconnection, L.L.C., the Regional Transmission Organization for the PJM Region (hereinafter "Transmission Provider" or "PJM"), ("Project Developer" [OPTIONAL: or "[short name"]]) and ("Transmission Owner" [OPTIONAL: or "[short name]"]). All capitalized terms herein shall have the meanings set forth in the appended definitions of such terms as stated in Part I of the PJM Open Access Transmission Tariff ("Tariff").	Parties. This Generation Interconnection Agreement ("GIA") including the Specifications, Schedules and Appendices attached hereto and incorporated herein, is entered into by and between PJM Interconnection, L.L.C., the Regional Transmission Organization for the PJM Region (hereinafter "Transmission Provider" or "PJM"),	To correct the cross-references to Tariff definitions.

28.	Tariff, Part IX, Subpart B, GIA, section 2.0	Authority. This GIA is entered into pursuant to the Generation Interconnection Procedures set forth in [instruction: {use Part VII if this is a transition period GIA subject to Tariff, Part VII} {use Part VIII if this a new rules GIA subject to Part VIII} of the Tariff. Project Developer has requested a GIA under the Tariff, and Transmission Provider has determined that Project Developer is eligible under the Tariff to obtain this GIA. The standard terms and conditions for interconnection as set forth in Appendix 2 to this GIA are hereby specifically incorporated as provisions of this GIA. Transmission Provider, Transmission Owner, and Project Developer agree to and assume all of the rights and obligations of the Transmission Provider, Transmission Owner, and Project Developer, respectively, as set forth in Appendix 2 to this GIA.	Authority. This GIA is entered into pursuant to the Generation Interconnection Procedures ("GIP") set forth in [instruction: {use Part VII if this is a transition period GIA subject to Tariff, Part VII} {use Part VIII if this a new rules GIA subject to Part VIII}] of the Tariff. Project Developer has requested a GIA under the Tariff, and Transmission Provider has determined that Project Developer is eligible under the Tariff to obtain this GIA. The standard terms and conditions for interconnection as set forth in Appendix 2 to this GIA are hereby specifically incorporated as provisions of this GIA. Transmission Provider, Transmission Owner, and Project Developer agree to and assume all of the rights and obligations of the Transmission Provider, Transmission Owner, and Project Developer, respectively, as set forth in GIA, Appendix 2-to this GIA.	Correction to add GIP to first reference of Generation Interconnection Procedures. The GIP is referred to in Section 5.0, but is not defined until Appendix 1. Revisions also incorporate PJM standard formatting.
29.	Tariff, Part IX, Subpart B, GIA, section 3.0	Generating Facility or Merchant Transmission Facility Specifications. Attached are Specifications for the Generating Facility or Merchant Transmission Facility that Project Developer proposes to interconnect with the Transmission System. Project Developer represents and warrants that, upon completion of construction of such facilities, it will own or control the Generating Facility or Merchant Transmission Facility identified in section 1.0 of the Specifications attached hereto and made a part hereof. In the event that Project Developer will not own the Generating Facility or Merchant Transmission Facility, Project Developer represents and warrants that it is authorized by the owner(s) thereof to enter into this GIA and to represent such control.	Generating Facility or Merchant Transmission Facility Specifications. Attached are Specifications for the Generating Facility or Merchant Transmission Facility that Project Developer proposes to interconnect with the Transmission System. Project Developer represents and warrants that, upon completion of construction of such facilities, it will own or control the Generating Facility or Merchant Transmission Facility identified in GIA, Specifications, section 1.0 of the Specifications attached hereto and made a part hereof. In the event that Project Developer will not own the Generating Facility or Merchant Transmission Facility, Project Developer represents and warrants that it is authorized by the owner(s) thereof to enter into this GIA and to represent such control.	Revisions incorporate PJM standard formatting.

30.	Tariff, Part IX, Subpart B, GIA, section 4.0	Effective Date. Subject to any necessary regulatory acceptance, this GIA shall become effective on the date it is executed by all Interconnection Parties, or, if the agreement is filed with FERC unexecuted, upon the date specified by FERC. This GIA shall terminate on such date as mutually agreed upon by the parties, unless earlier terminated in accordance with the terms set forth in Appendix 2 to this GIA. The term of the GIA shall be as provided in section 1.3 of Appendix 2 to this GIA. Interconnection Service shall commence as provided in section 1.2 of Appendix 2 to this GIA.	Effective Date. Subject to any necessary regulatory acceptance, this GIA shall become effective on the date it is executed by all Interconnection Parties, or, if the agreement is filed with FERC unexecuted, upon the date specified by FERC. This GIA shall terminate on such date as mutually agreed upon by the parties, unless earlier terminated in accordance with the terms set forth in GIA, Appendix 2 to this GIA. The term of the GIA shall be as provided in GIA, Appendix 2, section 1.3 of Appendix 2 to this GIA. Interconnection Service shall commence as provided in GIA, Appendix 2, section 1.2 of Appendix 2 to this GIA.	To correct the subsection reference to be more general because all of section 1 applies, not just section 1.2. Revisions also incorporate PJM standard formatting.
31.	Tariff, Part IX, Subpart B, GIA, section 6.2.1	Fuel delivery agreement and water agreement. Project Developer must demonstrate it has entered into a fuel delivery agreement and water agreement, if necessary, and that it controls any necessary rights-of-way for fuel and water interconnection by	Fuel delivery agreement and water agreement. On or before	To make the milestone wording consistent with the other milestones.
32.	Tariff, Part IX, Subpart B, GIA, section 6.2.2	6.2.2 Local, county, and state site permits. Project Developer must obtain all necessary local, county, and state site permits by	6.2.2 Local, county, and state site permits. On or before, Project Developer must demonstrate that it has obtained obtain all necessary local, county, and state site permits by	To make the milestone wording consistent with the other milestones.

33.	Tariff, Part IX, Subpart B, GIA, section 6.2.3	Project Developer shall provide evidence of 100 percent Site Control for the Generating Facility or Merchant Transmission Facility, Interconnection Facilities, and, if applicable, the Stand Alone Network Upgrades necessary to interconnect the project to the Transmission System consistent with GIP no later than six months after the effective date of this GIA. Notwithstanding any other provisions of this GIA, no extension of this milestone shall be granted and if the Project Developer fails to meet this milestone, its Interconnection Request and this Agreement shall be deemed terminated and withdrawn. Transmission Provider shall take all necessary steps to effectuate this termination, including submitting the necessary filings with FERC.	Project Developer shall provide evidence of 100 percent Site Control for the Generating Facility or Merchant Transmission Facility, Interconnection Facilities, and, if applicable, the Stand Alone Network Upgrades necessary to interconnect the project to the Transmission System consistent with GIP no later than 180 dayssix months after the effective date of this GIA. Notwithstanding any other provisions of this GIA, no extension of this milestone shall be granted and if the Project Developer fails to meet this milestone, its Interconnection Request and this Agreement shall be deemed terminated and withdrawn. Transmission Provider shall take all necessary steps to effectuate this termination, including submitting the necessary filings with FERC.	To reference six months in terms of days to clarify calculation of deadline.
34.	Tariff, Part IX, Subpart B, GIA, section 6.4	Project Developer shall demonstrate the occurrence of each of the foregoing milestones to Transmission Provider's reasonable satisfaction. Transmission Provider may reasonably extend any such milestone dates, in the event of delays that Project Developer (i) did not cause and (ii) could not have remedied through the exercise of due diligence. Project Developer shall also have a one-time option to extend its milestone (other than any milestone related to Site Control) for a total period of one year regardless of cause. This option may only be applied one time for an Interconnection Request, and may only be applied to one single milestone specified in this GIA. Other milestone dates stated in this GIA shall be deemed to be extended coextensively with Project Developer's use of this provision. Once this extension is used, it is no longer available with regard to any other milestones or other deadlines in this GIA. If the Project Developer fails to meet any of the milestones set forth above, including	Project Developer shall demonstrate the occurrence of each of the foregoing milestones to Transmission Provider's reasonable satisfaction. Transmission Provider may reasonably extend any such milestone dates, in the event of delays that Project Developer (i) did not cause and (ii) could not have remedied through the exercise of due diligence. Project Developer shall also have a one-time option to extend its milestone (other than any milestone related to Site Control) for a total period of one year regardless of cause. This option may only be applied one time for an Interconnection Request, and may only be applied to one single milestone specified in this GIA. Other milestone dates stated in this GIA shall be deemed to be extended coextensively with Project Developer's use of this provision. Once this extension is used, it is no longer available with regard to any other milestones or other deadlines in this GIA. If the Project Developer fails to meet any of the milestones set forth above, including any extended milestones, its Interconnection Request shall be terminated and withdrawn,	To clarify that termination and withdrawal are subject to those provisions, including breach.

		any extended milestones, its Interconnection Request shall be terminated and withdrawn, in accordance with the provisions of Appendix 2, sections 15 and 16. Transmission Provider shall take all necessary steps to effectuate this termination, including submitting the necessary filings with FERC.	in accordance withsubject to the provisions of Appendix 2, sections 15 and 16. Transmission Provider shall take all necessary steps to effectuate this termination, including submitting the necessary filings with FERC.	
35.	Tariff, Part IX, Subpart B, GIA, section 10.4.1	Schedule L of this GIA sets forth the additional terms and conditions of service that apply in the event there are any Project Developer Interconnection Facilities, Transmission Owner Interconnection Facilities, or Transmission Owner Upgrades subject to this Agreement. In the event there is an additional Transmission Owner listed in Specification section 3.0(c), Transmission Provider, Project Developer and the additional Transmission Owner shall be required to enter into a separate Interconnection Construction Service Agreement in the form set forth in Tariff, Part IX, Subpart J. In the event there are any Common Use Upgrades listed in Specification section 3.0 of this GIA, Transmission Provider and Project Developer, along with the other relevant Project Developers, shall also be required to enter into a separate Network Upgrade Cost Responsibility Agreement in the form set forth in Tariff, Part IX, Subpart H.	GIA, Schedule L-of this GIA-sets forth the additional terms and conditions of service that apply in the event there are any Project Developer Interconnection Facilities, Transmission Owner Interconnection Facilities, or Transmission Owner Upgrades subject to this Agreement. In the event there is an additional Transmission Owner listed in GIA, Specifications, section 3.0(c), Transmission Provider, Project Developer and the additional Transmission Owner shall be required to enter into a separate Interconnection—Construction Service Agreement in the form set forth in Tariff, Part IX, Subpart J. In the event there are any Common Use Upgrades listed in GIA, Specifications, section 3.0 of this GIA, Transmission Provider and Project Developer, along with the other relevant Project Developers, shall also be required to enter into a separate Network Upgrade Cost Responsibility Agreement in the form set forth in Tariff, Part IX, Subpart H.	Correction to clarify subsection reference in Specifications, section 3.0, correction to reference the CSA properly, corrections to comply with standard PJM formatting.

57.	Tariff, Part IX, Subpart B, GIA, Appendix 2, section 16.2.2.1	In the event that (i) the Generation Interconnection Agreement and Interconnection Service under this Appendix 2 are terminated and (ii) Transmission Provider determines that some or all of the Interconnection Facilities and Transmission Owner Upgrades that are owned by the Project Developer are necessary for the safety, integrity and/or reliability of the Transmission System, Project Developer, subject to Applicable Laws and Regulations, shall transfer to the Transmission Owner title to the Interconnection Facilities and Transmission Owner Upgrades that Transmission Provider has determined to be necessary for the safety, integrity and/or reliability of the Transmission System.	In the event that (i) the Generation Interconnection Agreement and Interconnection Service under this Appendix 2 are terminated and (ii) Transmission Provider determines that some or all of the Interconnection Facilities and Transmission Owner Upgrades that are owned by the Project Developer are necessary for the safety, integrity and/or reliability of the Transmission System, Project Developer, subject to Applicable Laws and Regulations, shall transfer to the Transmission Owner title to the Interconnection Facilities and Transmission Owner Upgrades that Transmission Provider has determined to be necessary for the safety, integrity and/or reliability of the Transmission System.	To remove "the" consistent with PJM standard formatting.
58.	Tariff, Part IX, Subpart B, GIA, Appendix 2, section 16.2.2.2	In the event that removal of some or all of the Interconnection Facilities and Transmission Owner Upgrades is necessary to maintain compliance with Applicable Standards, Project Developer shall be responsible for the costs of any such removal. Project Developer shall have the right to take or retain title to equipment and/or facilities that are removed pursuant to this section; alternatively, in the event that the Project Developer does not wish to retain title to removed equipment and/or facilities that it owns, the Transmission Owner may elect to pay the Project Developer a mutually agreed amount to acquire and own such equipment and/or facilities.	In the event that removal of some or all of the Interconnection Facilities and Transmission Owner Upgrades is necessary to maintain compliance with Applicable Standards, Project Developer shall be responsible for the costs of any such removal. Project Developer shall have the right to take or retain title to equipment and/or facilities that are removed pursuant to this section; alternatively, in the event that the Project Developer does not wish to retain title to removed equipment and/or facilities that it owns, the Transmission Owner may elect to pay the Project Developer a mutually agreed amount to acquire and own such equipment and/or facilities.	To remove "the" consistent with PJM standard formatting.

	Tariff, Part IX, Subpart B, GIA, Appendix 2, section 22.1	In the event that this Generation Interconnection Agreement contains any terms that deviate materially from the form included in the Tariff, Transmission Provider shall file the Generation Interconnection Agreement on behalf of itself and the Transmission Owner with FERC as a service schedule under the Tariff within 30 days after execution. Project Developer may request that any information so provided be subject to the confidentiality provisions of section 17 of this Appendix 2. An Project Developer shall have the right, with respect to any Generation Interconnection Agreement tendered to it, to request (a) dispute resolution under section 12 of the Tariff or, if concerning the Regional Transmission Expansion Plan, consistent with Schedule 5 of the Operating Agreement, or (b) that Transmission Provider file the agreement unexecuted with FERC. With the filing of any unexecuted Generation Interconnection Agreement, Transmission Provider may, in its discretion, propose to FERC a resolution of any or all of the issues in dispute between or among the Interconnection Parties.	In the event that this Generation Interconnection Agreement contains any terms that deviate materially from the form included in the Tariff, Transmission Provider shall file the Generation Interconnection Agreement on behalf of itself and the Transmission Owner with FERC as a service schedule under the Tariff within 30 days after execution. Project Developer may request that any information so provided be subject to the confidentiality provisions of GIA, Appendix 2, section 17 of this Appendix 2. An Project Developer shall have the right, with respect to any Generation Interconnection Agreement tendered to it, to request (a) dispute resolution under section 12 of the Tariff or, if concerning the Regional Transmission Expansion Plan, consistent with Schedule 5 of the Operating Agreement, or (b) that Transmission Provider file the agreement unexecuted with FERC. With the filing of any unexecuted Generation Interconnection Agreement, Transmission Provider may, in its discretion, propose to FERC a resolution of any or all of the issues in dispute between or among the Interconnection Parties. 80.	Tariff, Part IX, Subpart C, WMPA, section 1.1 (Effective Date)	Effective Date. This WMPA shall become effective on the date it is executed by all Parties, or, if this WMPA is filed with FERC unexecuted, on the date specified by FERC. This WMPA shall terminate on such date as mutually agreed upon by the Parties, unless earlier terminated consistent with the provisions of section 3.0 or Appendix 2, section 8 of this WMPA.	Effective Date. This WMPA shall become effective on the date it is executed by all Parties, or, if this WMPA is filed with FERC unexecuted, on the date specified by FERC. This WMPA shall terminate on such date as mutually agreed upon by the Parties, unless earlier terminated consistent with the provisions of section 3.0 or Appendix 2, section 87 of this WMPA.	The cross-reference is being corrected to reflect that termination provisions are hosted in WMPA, Appendix 2, section 7.

81.	Tariff, Part IX, Subpart C, WMPA, section 2.1 (Construction with Other Parts of the Tariff)	Construction with Other Parts of the Tariff. This WMPA shall not be construed as an application for service under Tariff, Part II or Tariff, Part III.	Construction with Other Parts of the Tariff. This WMPA shall not be construed as an application for service transmission service under Tariff, Part II or Tariff, Part III.	Language is added to clarify the WMPA should not be construed as an application for transmission service under Tariff, Parts II or III.
82.	Tariff, Part IX, Subpart C, WMPA, section 2.5.2.1 (Assignment to Owners)	Any assignment described herein shall not relieve or discharge Wholesale Market Participant from any of its obligations hereunder absent the written consent of Transmission Provider and Transmission Owner, such consent not to be unreasonably withheld, conditioned, or delayed	Any assignment described herein shall not relieve or discharge Wholesale Market Participant from any of its obligations hereunder absent the written consent of Transmission Provider and Transmission Owner, such consent not to be unreasonably withheld, conditioned, or delayed.	A period is added to the end of the sentence.

83.	Tariff, Part IX, Subpart C, WMPA, section 2.5.2.2 (Assignment to Lenders)	If Wholesale Market Participant provides Transmission Provider and Transmission Owner with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as contact(s) for notice of Breach consistent with Appendix 2, section 7.3 hereto, then Transmission Provider and Transmission Owner shall provide notice and reasonable opportunity for such Project Finance Entity(ies) to cure any Breach under this WMPA in accordance with this WMPA	If Wholesale Market Participant provides Transmission Provider and Transmission Owner with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as contact(s) for notice of Breach consistent with Appendix 2, section 76.3 hereto, then Transmission Provider and Transmission Owner shall provide notice and reasonable opportunity for such Project Finance Entity(ies) to cure any Breach under this WMPA in accordance with this WMPA	The cross-reference is corrected to reference the applicable Breach provision in WMPA, Appendix 2, section 6.3
84.	Tariff, Part IX, Subpart C, WMPA, section 4.1- (Point of Common Coupling)	Point of Common Coupling. The electrical Point of Interconnection for the Generating Facility under this WMPA, for the purpose of engaging in Wholesale Transactions in PJM's markets, is located at a point where Transmission Owner's facilities are physically interconnected to facilities owned by [insert name of Municipality/Cooperative], to which Wholesale Market Participant's facilities are or will be physically interconnected, at a point of common coupling, pursuant to the Interconnection Agreement referenced in this WMPA.	Point of Common Coupling. The electrical pPoint of interconnection for the Generating Facility under this WMPA, for the purpose of engaging in Wholesale Transactions in PJM's markets, is located at a point where Transmission Owner's facilities are physically interconnected to facilities owned by [insert name of Municipality/Cooperative], to which Wholesale Market Participant's facilities are or will be physically interconnected, at a point of common coupling, pursuant to the Interconnection Agreement referenced in this WMPA. Therefore, the Parties acknowledge and agree that Wholesale Transactions using the Generating Facility under this WMPA depend upon the physical availability of, and Wholesale Market Participant's right to utilize, the [insert name of Municipality/Cooperative] facilities and the physical interconnection of the [insert name of Municipality/Cooperative] facilities with those of Wholesale Market Participant and Transmission Owner. Accordingly, the following shall apply:	The proposed change removes the capitalization from the phrase "point of interconnection" to reflect the use of that term under WMPA, section 4 is akin to the "point of common coupling" rather than the defined tern "Point of Interconnection."

	Tariff, Part IX, Subpart C, WMPA, section 4.1.1	Wholesale Market Participant shall obtain [insert name of Municipality/Cooperative]'s agreement to grant to Wholesale Market Participant the rights to utilize the [insert name of Municipality/Cooperative] facilities to transport energy produced by the Generating Facility to the Point of Interconnection as shown in Schedule B of this WMPA.	Wholesale Market Participant shall obtain [insert name of Municipality/Cooperative]'s agreement to grant to Wholesale Market Participant the rights to utilize the [insert name of Municipality/Cooperative] facilities to transport energy produced by the Generating Facility to the period of interconnection as shown in Schedule B of this WMPA.	The proposed change removes the capitalization from the phrase "point of interconnection" to reflect the use of that term under WMPA, section 4 is akin to the "point of common coupling" rather than the defined tern "Point of Interconnection."
***************************************	Tariff, Part IX, Subpart C, WMPA, section 4.1.3	In the event that any of the [insert name of Municipality/Cooperative] facilities used to provide physical interconnection of the Generating Facility become unavailable for any reason to engage in Wholesale Transactions under the Point of Interconnection as shown in Schedule B of this WMPA, Wholesale Market Participant's rights as set forth in Specifications, section 2 of this WMPA will be suspended for the duration of such unavailability, and Transmission Provider and Transmission Owner shall incur no liability to Wholesale Market Participant in connection with such suspension.	In the event that any of the [insert name of Municipality/Cooperative] facilities used to provide physical interconnection of the Generating Facility become unavailable for any reason to engage in Wholesale Transactions under the point of interconnection as shown in Schedule B of this WMPA, Wholesale Market Participant's rights as set forth in Specifications, section 2 of this WMPA will be suspended for the duration of such unavailability, and Transmission Provider and Transmission Owner shall incur no liability to Wholesale Market Participant in connection with such suspension.	The proposed change removes the capitalization from the phrase "point of interconnection" to reflect the use of that term under WMPA, section 4 is akin to the "point of common coupling" rather than the defined tern "Point of Interconnection."

87.	Tariff, Part IX, Subpart C, WMPA, section 4.1.4	In the event that [insert name of Municipality/Cooperative] ceases operations at its facility where the Generating Facility is located, or removes from service any of the electrical facilities on which the Generating Facility's physical interconnection depends, it shall be Wholesale Market Participant's responsibility to acquire and install, or to obtain rights to utilize, any facilities necessary to enable Wholesale Market Participant to deliver energy produced by the Generating Facility to and across the Point of Interconnection as shown in Schedule B of this WMPA.	In the event that [insert name of Municipality/Cooperative] ceases operations at its facility where the Generating Facility is located, or removes from service any of the electrical facilities on which the Generating Facility's physical interconnection depends, it shall be Wholesale Market Participant's responsibility to acquire and install, or to obtain rights to utilize, any facilities necessary to enable Wholesale Market Participant to deliver energy produced by the Generating Facility to and across the period of interconnection as shown in Schedule B of this WMPA.	The proposed change removes the capitalization-from the phrase "point of interconnection" to reflect the use of that term under WMPA, section 4 is akin to the "point of common coupling" rather than the defined tern "Point of Interconnection."
84.	Tariff, Part IX, Subpart C, Appendix 2, section 5.3 (Indemnified Person)	If an Indemnified Person is entitled to indemnification under this section 6 as a result of a claim by a third party, and the indemnifying Party fails, after notice and reasonable opportunity to proceed under section 5.2 of this Appendix 2, to assume the defense of such claim, such Indemnified Person may at the expense of the indemnifying Party contest, settle, or consent to the entry of any judgment with respect to, or pay in full, such claim.	If an Indemnified Person is entitled to indemnification under this section 56 as a result of a claim by a third party, and the indemnifying Party fails, after notice and reasonable opportunity to proceed under section 5.2 of this Appendix 2, to assume the defense of such claim, such Indemnified Person may at the expense of the indemnifying Party contest, settle, or consent to the entry of any judgment with respect to, or pay in full, such claim.	The cross-reference is being corrected to reflect WMPA, Appendix 2, section 5 governs indemnity.

85.	Tariff, Part IX, Subpart C, Appendix 2, section 6.2 (Continued Operation)	In the event of a Breach or Default by either Interconnected Entity, and subject to termination of the Wholesale Market Participation Agreement under section 8 of this Appendix 2, the Interconnected Entities shall continue to operate and maintain, as applicable, such DC power systems, protection and Metering Equipment, telemetering equipment, SCADA equipment, transformers, Secondary Systems, communications equipment, building facilities, software, documentation, structural components, and other facilities and appurtenances that are reasonably necessary for Transmission Provider and Transmission Owner to operate and maintain the Transmission System, and for Project Developer to operate and maintain the Generating	In the event of a Breach or Default by either Interconnected Entity, and subject to termination of the Wholesale Market Participation Agreement under section 78 of this Appendix 2, the Interconnected Entities shall continue to operate and maintain, as applicable, such DC power systems, protection and Metering Equipment, telemetering equipment, SCADA equipment, transformers, Secondary Systems, communications equipment, building facilities, software, documentation, structural components, and other facilities and appurtenances that are reasonably necessary for Transmission Provider and Transmission Owner to operate and maintain the Transmission System, and for Project Developer to operate and maintain the Generating Facility, in a safe and reliable manner.	The cross-reference is being corrected to reflect that WMPA, Appendix 2, section 7 governs termination.
86.	Tariff, Part IX, Subpart C, Appendix 2, section 6.3 (Notice of Breach)	Facility, in a safe and reliable manner. A Party not in Breach shall give written notice of an event of Breach to the Breaching Party, to Transmission Provider, and to other persons that the Breaching Party identifies in writing to the other Parties in advance. Such notice shall set forth, in reasonable detail, the nature of the Breach, and where known and applicable, the steps necessary to cure such Breach. In the event of a Breach by Project Developer, Transmission Provider or Transmission Owner agree to provide notice of such Breach and in the same manner as its notice to Project Developer, to any Project Finance Entity provided that Project Developer has provided the notifying Party with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as contacts for notice purposes pursuant to section 12 of this Appendix 2.	A Party not in Breach shall give written notice of an event of Breach to the Breaching Party, to Transmission Provider, and to other persons that the Breaching Party identifies in writing to the other Parties in advance. Such notice shall set forth, in reasonable detail, the nature of the Breach, and where known and applicable, the steps necessary to cure such Breach. In the event of a Breach by Project Developer, Transmission Provider or Transmission Owner agree to provide notice of such Breach and in the same manner as its notice to Project Developer, to any Project Finance Entity provided that Project Developer has provided the notifying Party with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as contacts for notice purposes pursuant to section 112 of this Appendix 2.	The cross-reference is being corrected to reflect that WMPA, Appendix 2, section 11 governs notices.

87.	Tariff, Part IX, Subpart C, Appendix 2, section 6.5 (Right to Compel Performance)	Notwithstanding the foregoing, upon the occurrence of a Default, a non-Defaulting Party shall be entitled to exercise such other rights and remedies as it may have in equity or at law. Subject to section 11.1 of this Appendix 2, no remedy conferred by any provision of this Appendix 2 is intended to be exclusive of any other remedy, and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies.	Notwithstanding the foregoing, upon the occurrence of a Default, a non-Defaulting Party shall be entitled to exercise such other rights and remedies as it may have in equity or at law. Subject to section 104.1 of this Appendix 2, no remedy conferred by any provision of this Appendix 2 is intended to be exclusive of any other remedy, and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies.	The cross-reference is being corrected to reflect that WMPA, Appendix 2, section 10.1 references dispute resolution under the Tariff.
88.	Tariff, Part IX, Subpart C, Appendix 2, section 9.2 (Reporting of Non-Force Majeure Events)	Each Party shall notify the other Parties when it becomes aware of its inability to comply with the provisions of this Appendix 2 for a reason other than an event of Force Majeure as defined in section 5.4 of this Appendix 2. The Parties agree to cooperate with each other and provide necessary information regarding such inability to comply, including, but not limited to, the date, duration, reason for the inability to comply, and corrective actions taken or planned to be taken with respect to such inability to comply. Notwithstanding the foregoing, notification, cooperation, or information provided under this section shall not entitle the receiving Party to allege a cause of action for anticipatory breach of the Wholesale Market Participation Agreement.	Each Party shall notify the other Parties when it becomes aware of its inability to comply with the provisions of this Appendix 2 for a reason other than an event of Force Majeure as defined in section 45.4 of this Appendix 2. The Parties agree to cooperate with each other and provide necessary information regarding such inability to comply, including, but not limited to, the date, duration, reason for the inability to comply, and corrective actions taken or planned to be taken with respect to such inability to comply. Notwithstanding the foregoing, notification, cooperation, or information provided under this section shall not entitle the receiving Party to allege a cause of action for anticipatory breach of the Wholesale Market Participation Agreement.	The cross-reference is being corrected to reflect that the definition of Force Majeure appears in WMPA, Appendix 2, section 4.4.

Notwithstanding anything in this Agreement NSA to the contrary, and pursuant to 18 C.F.R. § 1b.20, if the FERC or its staff, during the course of an investigation or otherwise, requests information from a Party that is otherwise required to be maintained in confidence pursuant to this Agreement NSA or the Service Agreement, the Party receiving such request shall provide the requested information to FERC or its staff, within the time provided for in the request for information.	The revisions replace the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements
102.	Tariff, Part IX, Subpart G, NSA, section 15	Project Developer shall provide to Transmission Provider, as of the Effective Date, an initial deposit of \$25,000 for the performance of the Necessary Studies. Transmission Provider's good faith estimate for the time of completion of the Necessary Studies is within 270 days of the date the Transmission Provider approves thedynamic model and data submitted by the Project Developer, and Transmission Provider's receipt of the information under section 3 of this agreement.	Project Developer shall provide to Transmission Provider, as of the Effective Date, an initial deposit of \$25,000 for the performance of the Necessary Studies. Transmission Provider's good faith estimate for the time of completion of the Necessary Studies is within 270 days of the date the Transmission Provider approves the dynamic model and data submitted by the Project Developer, and Transmission Provider's receipt of the information under this NSA, section 3-of this agreement.	The revisions replace the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements, and remove "the" to match PJM standard formatting. The revisions also correct an internal cross-reference.
		a. If Project Developer fails to submit an initial deposit of \$25,000 for the performance of the Necessary Studies, this Agreement shall be deemed to be terminated and withdrawn effective as of the end of the next Business Day after the date by which the initial deposit was due to be paid to Transmission Provider.	a. If Project Developer fails to submit an initial deposit of \$25,000 for the performance of the Necessary Studies, this Agreement NSA shall be deemed to be terminated and withdrawn effective as of the end of the next Business Day after the date by which the initial deposit was due to be paid to Transmission Provider.	
		b. If any additional study costs beyond the initial deposit of \$25,000 are anticipated, then, prior to conducting any of the Necessary Studies,	b. If any additional study costs beyond the initial deposit of \$25,000 are anticipated, then, prior to conducting any of the Necessary Studies,	

Transmission Provider shall provide an estimate of the additional study costs. The estimated additional study costs are non-binding, and additional actual study costs may exceed the estimated additional study cost increases provided by Transmission Provider. Regardless of whether Transmission Provider provides Project Developer with estimated additional studies, Project Developer is responsible for and must pay all actual study costs.

- If Transmission Provider sends notification to Project Developer of estimated additional study costs, then Project Developer must either:
 - (a) Withdraw the request for the Necessary Studies; or
 - (b) Pay all estimated additional study costs within 10 days of such estimate being sent to Project Developer by Transmission Provider.
- ii. If Project Developer fails to complete either 16(b)(i)(a) or 16(b)(i)(b), above, this Agreement shall be deemed to be terminated and withdrawn effective as of the end of the next Business Day after the date by which the additional study costs were due to be paid to Transmission Provider.

Transmission Provider shall provide an estimate of the additional study costs. The estimated additional study costs are non-binding, and additional actual study costs may exceed the estimated additional study cost increases provided by Transmission Provider. Regardless of whether Transmission Provider provides Project Developer with estimated additional studies, Project Developer is responsible for and must pay all actual study costs.

- i. If Transmission Provider sends notification to Project Developer of estimated additional study costs, then Project Developer must either:
 - (a) Withdraw the request for the Necessary Studies; or
 - (b) Pay all estimated additional study costs within 10 days of such estimate being sent to Project Developer by Transmission Provider.
- ii. If Project Developer fails to complete either section 156(b)(i)(a) or section 156(b)(i)(b), above, this Agreement NSA shall be deemed to be terminated and withdrawn effective as of the end of the next Business Day after the date by which the additional study costs were due to be paid to Transmission Provider.

103. Tariff, Part IX, Subpart G. In analyzing and preparing the Necessary Studies, In analyzing and preparing the Necessary Studies, The revision replaces the reference to "Agreement" Transmission Provider, Transmission Owner(s), and Transmission Provider, Transmission Owner(s), and any with "NSA" to be consistent with previous change and NSA, section 16 other subcontractors employed by Transmission Provider any other subcontractors employed by Transmission approach used in other PJM service agreements. Provider shall have to rely on information provided by shall have to rely on information provided by Project Project Developer and possibly by third parties and Developer and possibly by third parties and may not have may not have control over the accuracy of such control over the accuracy of such information. information. 104.	Tariff, Part IX, Subpart G, NSA, section 17	In no event will Transmission Provider, Transmission Owner(s), or other subcontractors employed by Transmission Provider be liable for indirect, special, incidental, punitive, or consequential damages of any kind including loss of profits, whether under this Agreement or otherwise, even if Transmission Provider, Transmission Owner(s), or other subcontractors employed by Transmission Provider have been advised of the possibility of such a loss. Nor shall Transmission Provider, Transmission Owner(s), or other subcontractors employed by Transmission Provider be liable for any delay in delivery of, or of the non-performance or delay in performance of, Transmission Provider's obligations under this Agreement. Without limitation of the foregoing, Project Developer further agrees that Transmission Owner(s) and other subcontractors employed by Transmission Provider to prepare or assist in the preparation of any Necessary Studies shall be deemed third party beneficiaries of this provision entitled "Disclaimer of Warranty/Limitation of Liability."	In no event will Transmission Provider, Transmission Owner(s), or other subcontractors employed by Transmission Provider be liable for indirect, special, incidental, punitive, or consequential damages of any kind including loss of profits, whether under this Agreement NSA or otherwise, even if Transmission Provider, Transmission Owner(s), or other subcontractors employed by Transmission Provider have been advised of the possibility of such a loss. Nor shall Transmission Provider, Transmission Owner(s), or other subcontractors employed by Transmission Provider be liable for any delay in delivery of, or of the non-performance or delay in performance of, Transmission Provider's obligations under this AgreementNSA. Without limitation of the foregoing, Project Developer further agrees that Transmission Owner(s) and other subcontractors employed by Transmission Provider to prepare or assist in the preparation of any Necessary Studies shall be deemed third party beneficiaries of this provision entitled "Disclaimer of Warranty/Limitation of Liability."	The revisions replace the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.
105.	Tariff, Part IX, Subpart G, NSA, section 19	No waiver by either Party of one or more defaults by the other in performance of any of the provisions of this Agreement shall operate or be construed as a waiver of any other or further default or defaults, whether of a like or different character.	No waiver by either Party of one or more defaults by the other in performance of any of the provisions of this Agreement-NSA shall operate or be construed as a waiver of any other or further default or defaults, whether of a like or different character.	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.

106.	Tariff, Part IX, Subpart G, NSA, section 20	This Agreement, or any part thereof, may not be amended, modified, or waived other than by a writing signed by all Parties. Parties acknowledge that, subsequent to execution of this agreement, errors may be corrected by replacing the page of the agreement containing the error with a corrected page, as agreed to and signed by the parties without modifying or altering the original date of execution or obligations contained therein.	This AgreementNSA, or any part thereof, may not be amended, modified, or waived other than by a writing signed by all Parties. Parties acknowledge that, subsequent to execution of this agreementNSA, errors may be corrected by replacing the page of thise agreement NSA containing the error with a corrected page, as agreed to and signed by the parties without modifying or altering the original date of execution or obligations contained therein.	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.
107.	Tariff, Part IX, Subpart G, NSA, section 21 (Breach, Cure and Default)	Breach: A Breach of this Agreement shall include: (a) The failure to pay any amount when due; (b) The failure to comply with any material term or condition of this Agreement, including but not limited to any material breach of a representation, warranty or covenant; (c) Assignment of the Agreement in a manner inconsistent with its terms; or (d) Failure of a Party to provide information or data required to be determined under to another Party for such other Party to satisfy its obligations under this Agreement.	Breach: A Breach of this Agreement NSA shall include: (a) The failure to pay any amount when due; (b) The failure to comply with any material term or condition of this Agreement NSA, including but not limited to any material breach of a representation, warranty or covenant; (c) Assignment of thise Agreement NSA in a manner inconsistent with its terms; or (d) Failure of a Party to provide information or data required to be determined under to another Party for such other Party to satisfy its obligations under this Agreement NSA.	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.

108.	Tariff, Part IX, Subpart G, NSA, section 21.3 (Cure and Default)	A Party that commits a Breach and does not take steps to cure the Breach pursuant to this section 21.3 is automatically in Default of this Agreement, and its project and this Agreement shall be deemed terminated and withdrawn. Transmission Provider shall take all necessary steps to effectuate this termination, including submitted the necessary filings with FERC.	A Party that commits a Breach and does not take steps to cure the Breach pursuant to this section 21.3 is automatically in Default of this AgreementNSA, and its project and this AgreementNSA shall be deemed terminated and withdrawn. Transmission Provider shall take all necessary steps to effectuate this termination, including submitted the necessary filings with FERC.	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.
109.	Tariff, Part IX, Subpart G, NSA, section 21.4.1.1	Except for the event of Breach set forth in section 21.1(a) above, the Breaching Party (a) may cure the Breach within 30 days of the time the Non-Breaching Party sends such notice; or (b) if the Breach cannot be cured within 30 days, may commence in good faith all steps that are reasonable and appropriate to cure the Breach within such 30 day time period and thereafter diligently pursue such action to completion pursuant to a plan to cure, which shall be developed and agreed to in writing by the Parties. Such agreement shall not be unreasonably withheld.	Except for the event of Breach set forth in this NSA, section 21.1(a) above, the Breaching Party (a) may cure the Breach within 30 days of the time the nNon-Breaching Party sends such notice; or (b) if the Breach cannot be cured within 30 days, may commence in good faith all steps that are reasonable and appropriate to cure the Breach within such 30 day time period and thereafter diligently pursue such action to completion pursuant to a plan to cure, which shall be developed and agreed to in writing by the Parties. Such agreement shall not be unreasonably withheld.	The revisions replace the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements, modify internal cross-reference to match PJM standard formatting, and correct the capitalization of a defined term.

110.	Tariff, Part IX, Subpart G, NSA, section 21.4.1.2	In an event of Breach set forth in section 21.1(a), the Breaching Party shall cure the Breach within five days from the receipt of notice of the Breach. If the Breaching Party is the Project Developer, and the Project Developer fails to pay an amount due within five days from the receipt of notice of the Breach, Transmission Provider may use Security to cure such Breach. If Transmission Provider uses Security to cure such Breach, Project Developer shall be in automatic Default and its project and this Agreement shall be deemed terminated and withdrawn.	In an event of Breach set forth in this NSA, section 21.1(a), the Breaching Party shall cure the Breach within five days from the receipt of notice of the Breach. If the Breaching Party is the Project Developer, and the Project Developer fails to pay an amount due within five days from the receipt of notice of the Breach, Transmission Provider may use Security to cure such Breach. If Transmission Provider uses Security to cure such Breach, Project Developer shall be in automatic Default and its project and this Agreement shall be deemed terminated and withdrawn.	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.
111.	Tariff, Part IX, Subpart G, NSA, section 21.5 (Right to Compel Performance)	Notwithstanding the foregoing, upon the occurrence of a Default, a non-Defaulting Party shall be entitled to exercise such other rights and remedies as it may have in equity or at law. No remedy conferred by any provision of this Agreement is intended to be exclusive of any other remedy and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies	Notwithstanding the foregoing, upon the occurrence of a Default, a non-Defaulting Party shall be entitled to exercise such other rights and remedies as it may have in equity or at lawNo remedy conferred by any provision of this Agreement is intended to be exclusive of any other remedy and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies.	Revision inserts spacing to match PJM standard formatting.

112.	Tariff, Part IX, Subpart G, NSA, section 25	Unless otherwise defined in this Agreement, all capitalized terms herein shall have the meanings as set forth in the definitions of such terms as stated in the PJM Tariff.	Unless otherwise defined in this AgreementNSA, all capitalized terms herein shall have the meanings as set forth in the definitions of such terms as stated in the PJM Tariff.	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.
113.	Tariff, Part IX, Subpart G, NSA, section 26	 In addition to section 21 above, this Agreement may be terminated by the following means: a. By Mutual Consent: This Agreement may be terminated as of the date on which the Parties mutually agree to terminate this Agreement. b. By Project Developer: Project Developer may unilaterally terminate this Agreement in accordance with the terms set forth in section 16(b)(i)(a) of this Agreement or pursuant to Applicable Laws and Regulations upon providing Transmission Provider 30 days prior written notice thereof, provided that Project Developer is not in breach under this Agreement. c. By Transmission Provider: Transmission Provider may unilaterally terminate this Agreement in accordance with Applicable Laws and Regulations upon providing Project Developer 30 days prior written notice thereof. 	 In addition to this NSA, section 21-above, this Agreement may be terminated by the following means: a. By Mutual Consent: This Agreement NSA may be terminated as of the date on which the Parties mutually agree to terminate this Agreement NSA. b. By Project Developer: Project Developer may unilaterally terminate this Agreement NSA in accordance with the terms set forth in this NSA, section 156(b)(i)(a) of this Agreement or pursuant to Applicable Laws and Regulations upon providing Transmission Provider 30 days prior written notice thereof, provided that Project Developer is not in breach under this Agreement NSA. c. By Transmission Provider: Transmission Provider may unilaterally terminate this Agreement NSA in accordance with Applicable Laws and Regulations upon providing Project Developer 30 days prior written notice thereof. 	The revision replaces the reference to "Agreement" with "NSA" to be consistent with previous change and approach used in other PJM service agreements.

			The signature below of the authorized officer of the Transmission Owner is for the limited purpose of acknowledging that an authorized officer of said Transmission Owner has read this Agreement as of this day of 20	
124.	Tariff, Part IX, Subpart H, NUCRA, Appendix 2, section 3.3 (Invoice)	In addition to the invoice provisions set forth in the applicable GIA Construction Service Agreement or other relevant NUCRAs to which the Project Developer is a party, for purposes of this NUCRA, Transmission Provider shall bill the Project Developers in accordance with the cost responsibility set forth in Schedule B of this NUCRA.	In addition to the invoice provisions set forth in the applicable GIA. Construction Service Agreement, or other relevant NUCRAs to which the Project Developer is a party, for purposes of this NUCRA, Transmission Provider shall bill the Project Developers in accordance with the cost responsibility set forth in Schedule B of this NUCRA.	Commas are added to clarify the sentence.

125.	Tariff, Part IX, Subpart H, NUCRA, Appendix 2, section 3.4 (Final Invoice)	In addition to the final invoice provisions set forth in the applicable GIA Construction Service Agreement or other relevant NUCRAs to which the Project Developer is a party, for purposes of this NUCRA, the accounting and payments shall be in accordance with the cost responsibility set forth in Schedule B of this NUCRA.	In addition to the final invoice provisions set forth in the applicable GIA. Construction Service Agreement, or other relevant NUCRAs to which the Project Developer is a party, for purposes of this NUCRA, the accounting and payments shall be in accordance with the cost responsibility set forth in Schedule B of this NUCRA.	Commas are added to clarify the sentence.
126.	Tariff, Part IX, Subpart H, NUCRA, Appendix 2, section 4.1 (Assignment with Prior Consent)	Except as provided in section 4.2 to this Appendix 2, no party to this NUCRA shall assign its rights or delegate its duties, or any part of such rights or duties, under this NUCRA without the written consent of the other parties, which consent shall not be unreasonably withheld, conditioned, or delayed. Any such assignment or delegation made without such written consent shall be null and void. A party may make an assignment in connection with the sale, merger, or transfer of a substantial portion or all of the Common Use Upgrades which it owns or will own upon completion of construction and the transfer of title required by the applicable GIA or Construction Service Agreement, so long as the assignee in such a sale, merger, or transfer assumes in writing all rights, duties and obligations arising under this NUCRA.	Except as provided in NUCRA, Appendix 2, section 4.2 to this Appendix 2, no party to this NUCRA shall assign its rights or delegate its duties, or any part of such rights or duties, under this NUCRA without the written consent of the other parties, which consent shall not be unreasonably withheld, conditioned, or delayed. Any such assignment or delegation made without such written consent shall be null and void. A party may make an assignment in connection with the sale, merger, or transfer of a substantial portion or all of the Common Use Upgrades which it owns or will own upon completion of construction and the transfer of title required by the applicable GIA or Construction Service Agreement, so long as the assignee in such a sale, merger, or transfer assumes in writing all rights, duties and obligations arising under this NUCRA.	The cross-reference is being clarified.

127.	Tariff, Part IX, Subpart H, NUCRA, Appendix 2, Section 9 (Confidentiality)	The Confidentiality provisions of the applicable GIA Construction Service Agreement or other relevant NUCRAs to which the Project Developer is a party are incorporated by reference and shall apply to this NUCRA.	The Confidentiality provisions of the applicable GIA. Construction Service Agreement, or other relevant NUCRAs to which the Project Developer is a party are incorporated by reference and shall apply to this NUCRA.	Commas are added to clarify the sentence.
128.	Tariff, Part IX, Subpart H, NUCRA, Appendix 2, section 13.1 (Regulatory Filing)	In the event that this NUCRA contains any terms that deviate materially from the form included in Tariff, Part IX or from the standard terms and conditions in this Appendix 2, the Transmission Provider shall file the executed NUCRA on behalf of itself with FERC as a service schedule under the Tariff. Project Developer may request that any information so provided be subject to the confidentiality provisions of section 9 of this Appendix 2. A Project Developer shall have the right, with respect to any NUCRA tendered to it, to request in writing (a) dispute resolution under section 12 of the Tariff or, if concerning the Regional Transmission Expansion Plan, consistent with Schedule 5 of the Operating Agreement, or (b) that Transmission Provider file the agreement unexecuted with FERC. With the filing of any unexecuted NUCRA, Transmission Provider may, in its discretion, propose to FERC a resolution of any or all of the issues in dispute between any parties to this NUCRA.	In the event that this NUCRA contains any terms that deviate materially from the form included in Tariff, Part IX or from the standard terms and conditions in this Appendix 2, the Transmission Provider shall file the executed NUCRA on behalf of itself with FERC as a service schedule under the Tariff. Project Developer may request that any information so provided be subject to the confidentiality provisions of section 9 of this Appendix 2. A Project Developer shall have the right, with respect to any NUCRA tendered to it, to request in writing (a) dispute resolution under Tariff , Part I, section 12 of the Tariff or, if concerning the Regional Transmission Expansion Plan, consistent with Schedule 5 of the Operating Agreement, or (b) that Transmission Provider file the agreement unexecuted with FERC. With the filing of any unexecuted NUCRA, Transmission Provider may, in its discretion, propose to FERC a resolution of any or all of the issues in dispute between any parties to this NUCRA.	The cross-reference is being clarified.

129.	Tariff, Part IX, Subpart H, NUCRA, Appendix 2, section 14.1.4 (Consent and Approval)	Such party has sought or obtained, or, in accordance with the NUCRA will seek or obtain, each consent, approval, authorization, order, or acceptance by any Governmental Authority in connection with the execution, delivery and performance of the NUCRA and it will provide to any Governmental Authority notice of any actions under this Appendix 2 that are required by Applicable Laws and Regulations.	Such party has sought or obtained, or, in accordance with the NUCRA will seek or obtain, each consent, approval, authorization, order, or acceptance by any Governmental Authority in connection with the execution, delivery and performance of the NUCRA and it will provide to any Governmental Authority notice of any actions under this NUCRA, Appendix 2 that are required by Applicable Laws and Regulations.	The cross-reference is being clarified.

IRPTF GDECS II Proposed Clean-Up, Clarifications and Corrections to Governing Documents

Tariff sections: Tariff, Part IX, Subpart J – Form of Construction Service Agreement

Number	Governing Document, Agreement, Attachment, Section, Title	Current Language	Proposed Revisions	Rationale/Notes
130.	Tariff, Part IX, Subpart J, CSA, introductory paragraph	This Construction Service Agreement, including the Appendices attached hereto and incorporated herein (collectively, "CSA") is made and entered into as of the Effective Date (as defined in the attached Appendix III) by and among PJM Interconnection, L.L.C. ("Transmission Provider" or "PJM"),	This Construction Service Agreement, including the Appendices attached hereto and incorporated herein (collectively, "CSA") is made and entered into as of the Effective Date (as defined in the attached Appendix III) by and among PJM Interconnection, L.L.C. ("Transmission Provider" or "PJM"),	Revisions reflect the correct reference to the CSA and minor grammatical edits.

131.	Tariff, Part IX, Subpart J, CSA, WITNESSETH	WHEREAS, pursuant to Developer Party's Completed Application, Affected System Customers Facility Study or Interconnection Request, Transmission Provider has conducted the required studies to determine whether such requests can be accommodated, and if so, under what terms and conditions, including the identification of any Network Upgrades that must be constructed in order to provide the service or rights requested by Developer Party; WHEREAS, Transmission Provider's studies have identified the Network Upgrades described in Appendix I of this CSA as necessary to provide Developer Party the service or rights it has requested; and	WHEREAS, pursuant to Developer Party's Completed Application, Affected System Customers Facilitiesy Study Application and Agreement or Interconnection Request, Transmission Provider has conducted the required studies to determine whether such requests can be accommodated, and if so, under what terms and conditions, including the identification of any Network Upgrades that must be constructed in order to provide the service or rights requested by Developer Party; WHEREAS, Transmission Provider's studies have identified the Network Upgrades described in Appendix I of this CSA, Appendix I as necessary to provide Developer Party the service or rights it has requested; and	The revisions correct the reference to the Affected System Customer Facilities Study Application and Agreement and modify the internal cross reference to match PJM standard formatting.
132.	Tariff, Part IX, Subpart J, CSA, section 2.0 (Developer Party Financial Responsibilities)	Developer Party shall pay all Costs for the design, engineering, procurement and construction of the Network Upgrades identified in Appendix I to this CSA. An estimate of such Costs is provided in Appendix I to this CSA.	Developer Party shall pay all Costs for the design, engineering, procurement and construction of the Network Upgrades identified in this CSA, Appendix I-tethis CSA. An estimate of such Costs is provided in this CSA, Appendix I-to this CSA.	Internal cross references to match PJM standard formatting. Revisions clarify and modify

13	Tariff, Part IX, Subpart J, CSA, section 2.1 (Obligation to Provide Security)	Unless Security is provided pursuant to a Generation Interconnection Agreement Developer Party shall provide Security to collateralize Developer Party's obligation to pay the Costs incurred by Transmission Owner to construct the Network Upgrades identified in Appendix I to this CSA, less any Costs already paid by Developer Party, in accordance with the GIP. Developer Party shall deliver such Security to Transmission Provider prior to the Effective Date of this CSA, as described in Appendix III. Unless otherwise specified by the Transmission Provider, such Security shall take the form of a letter of credit, in the amount of \$ naming the Transmission Provider and Transmission Owner as beneficiaries.	Unless Security is provided pursuant to a Generation Interconnection Agreement, Developer Party shall provide Security to collateralize Developer Party's obligation to pay the Costs incurred by Transmission Owner to construct the Network Upgrades identified in this CSA, Appendix I-to this CSA, less any Costs already paid by Developer Party, in accordance with the GIP. Developer Party shall deliver such Security to Transmission Provider prior to the Effective Date of this CSA, as described in this CSA, Appendix III. Unless otherwise specified by the Transmission Provider, such Security shall take the form of a letter of credit, in the amount of \$ naming the Transmission Provider and Transmission Owner as beneficiaries.	Revisions clarify and modify internal cross references and remove "the" before "Transmission Provider" to match PJM standard formatting, and correct punctuation.
13	4. Tariff, Part IX, Subpart J, CSA, section 2.2 (Failure to Provide Security)	If the Developer Party fails to provide Security in the amount, in the time or in the form required by section 2.1, then this CSA shall terminate immediately and the Developer Party's Completed Application or Interconnection Request shall be deemed terminated and withdrawn.	If the Developer Party fails to provide Security in the amount, in the time or in the form required by section 2.1 above, then this CSA shall terminate immediately and the Developer Party's Completed Application or Interconnection Request shall be deemed terminated and withdrawn.	Revisions clarify internal cross reference and remove "the" before "Project Developer" to match PJM standard formatting.

13	Tariff, Part IX, Subpart J, CSA, section 2.3 (Costs)	In accordance with the GIP, the Developer Party shall pay for the Network Upgrades identified in Appendix I to this CSA based upon the Costs of the Network Upgrades described in Appendix I. The Developer Party's obligation to pay the Costs for the Network Upgrades identified in Appendix I to this CSA, whether greater or lesser than the amount of the Security specified in section 2.1, will continue regardless of whether the Developer Party takes Transmission Service pursuant to the terms of the Transmission Service Agreement as defined in section 3.0 of this CSA, if applicable.	In accordance with the GIP, the Developer Party shall pay for the Network Upgrades identified in Appendix I to this CSA based upon the Costs of the Network Upgrades described in Appendix I. The Developer Party's obligation to pay the Costs for the Network Upgrades identified in Appendix I to this CSA, Appendix I, whether greater or lesser than the amount of the Security specified in section 2.1 above, will continue regardless of whether the Developer Party takes Transmission Service pursuant to the terms of the Transmission Service Agreement as defined in section 3.0 of this CSA, section 3.0 if applicable.	Revisions clarify internal cross references and remove "the" before "Project Developer" to match PJM standard formatting.
13	Tariff, Part IX, Subpart J, CSA, section 2.4 (Transmission Owner Responsibilities)	If the Developer Party satisfies all requirements of this Article 2 and applicable requirements set forth in the PJM Tariff, Transmission Owner shall use Reasonable Efforts to construct or cause to be constructed the Network Upgrades, identified in Appendix I to this CSA, on its transmission system. Transmission Owner shall own the Network Upgrades it has, or has arranged to have, constructed and shall have ongoing responsibility to maintain such Network Upgrades consistent with the Operating Agreement and the Transmission Owner's Agreement.	If the Developer Party satisfies all requirements of this Article 2 and applicable requirements set forth in the PJM Tariff, Transmission Owner shall use Reasonable Efforts to construct or cause to be constructed the Network Upgrades, identified in this CSA, Appendix I-tethis CSA, on its transmission system. Transmission Owner shall own the Network Upgrades it has, or has arranged to have, constructed and shall have ongoing responsibility to maintain such Network Upgrades consistent with the Operating Agreement and the Transmission Owner's Agreement.	Revisions clarify internal cross reference and remove "the" before "Project Developer" to match PJM standard formatting.

137.	Tariff, Part IX, Subpart J, CSA, section 3.0 (No Transmission Service)	This CSA does not entitle the Developer Party to take Transmission Service under the PJM Tariff. Transmission Provider shall provide Transmission Service to Developer Party pursuant to a separate service agreement by and between Developer Party and Transmission Provider dated as of the same effective date as this CSA (the "Transmission Service Agreement"), if applicable.	This CSA does not entitle the Developer Party to take Transmission Service under the PJM Tariff. Transmission Provider shall provide Transmission Service to Developer Party pursuant to a separate service agreement by and between Developer Party and Transmission Provider dated as of the same effective date as this CSA (the "Transmission Service Agreement"), if applicable.	Revision removes "the" before "Project Developer" to match PJM standard formatting.
138.	Tariff, Part IX, Subpart J, CSA, section 4.0	Subject to the terms of section 14 of Appendix III, Developer Party may terminate this CSA at any time by providing written notice of termination to Transmission Provider and Transmission Owner. Developer Party's notice of termination shall become effective sixty calendar days after either the Transmission Provider or Transmission Owner receives such notice.	Subject to the terms of this CSA, Appendix III, section 14.0 of Appendix III, Developer Party may terminate this CSA at any time by providing written notice of termination to Transmission Provider and Transmission Owner. Developer Party's notice of termination shall become effective sixty 60 calendar days after either the Transmission Provider or Transmission Owner receives such notice.	Revisions clarify internal cross references, remove "the" before "Transmission Provider" and replace "sixty" with "60" to match PJM standard formatting.

17	Tariff, Part IX, Subpart J, CSA, section 5.5 (Addendum of Interconnection Customer's Agreement to Conform with IRS Safe Harbor Provisions for Non-Taxable Status)	5.5 Addendum of Interconnection Customer's Agreement to Conform with IRS Safe Harbor Provisions for Non-Taxable Status. To the extent required, in accordance with section 4.0 to Appendix III to this CSA, Schedule E to this CSA shall set forth the Interconnection Customer's agreement to conform with the IRS safe harbor provisions for non-taxable status.	5.5 Addendum of Interconnection Customer Developer Party's Agreement to Conform with IRS Safe Harbor Provisions for Non-Taxable Status. To the extent required, in accordance with section 4.0 to Appendix III to this CSA, Appendix III, section 4.0, Schedule E to this CSA, Schedule E shall set forth the Interconnection Customer's Developer Party's agreement to conform with the IRS safe harbor provisions for non-taxable status.	Corrected term used to reference a Party. Revisions clarify cross references to match PJM standard formatting and corrected term used to reference a Party.
14	Tariff, Part IX, Subpart J, CSA, section 5.6 (Addendum of Non-Standard Terms and Conditions for Construction Service)	Subject to FERC approval, the parties agree that the terms and conditions set forth in the attached Schedule F are hereby incorporated by reference, and made a part of, this CSA. In the event of any conflict between a provision of Schedule F that FERC has accepted and any provision of the standard terms and conditions set forth in Appendix III to this CSA that relates to the same subject matter, the pertinent provision of Schedule F shall control.	Subject to FERC approval, the pParties agree that the terms and conditions set forth in the attached this CSA, Schedule F are hereby incorporated by reference, and made a part of, this CSA. If Developer Party provides the Transmission notice of an assignment to any Project Finance Entity(ies) Owner with notice of an assignment to any Project Finance Entity(ies) and identifies such Project Finance and identifies such Project Finance Entity(ies) as contacts for notice purposes pursuant to Article 6 of this CSA, the Entity(ies) as contacts for notice purposes pursuant to Transmission Provider or Transmission Owner shall this CSA, section 5.0 Article 6 of this CSA, the Transmission Provider or Transmission Owner shall provide notice and reasonable opportunity for such entity(ies) to cure any Breach under this CSA in provide notice and reasonable opportunity for such accordance with this CSA. Transmission Provider or entity(ies) to cure any Breach under —this CSA in Transmission Owner shall, if requested by such lenders, accordance with this CSA. Transmission Provider or provide such customary and reasonable documents, Transmission Owner shall, if requested by such lenders. including consents to assignment, as may be reasonably provide such customary and reasonable documents, requested with respect to the assignment and status of including consents to assignment, as may be this CSA, provided that such documents do not alter or reasonably requested with respect to the assignment diminish the rights of the Transmission Provider or and status of this CSA, provided that such documents Transmission Owner under this CSA, except with respect do not alter or diminish the rights of the Transmission to providing notice of Breach to a Project Finance Entity. Provider or Transmission Owner under this CSA, except Upon presentation of the Transmission Provider's and/or with respect to providing notice of Breach to a Project the Transmission Owner's invoice therefore, Developer Finance Entity. Upon presentation of the Transmission Party shall pay the Transmission Provider and/or the Provider's and/or the Transmission Owner's invoice Transmission Owner's reasonable documented cost of therefore, Developer Party shall pay the Transmission providing such documents and certificates. Any Provider and/or the Transmission Owner's reasonable documented cost of providing such documents and assignment described herein shall not relieve or discharge the Developer Party from any of its obligations hereunder certificates. Any assignment described herein shall not absent the written consent of the Transmission Owner and relieve or discharge the Developer Party from any of its Transmission Provider obligations hereunder absent the written consent of the Transmission Owner and Transmission Provider.

178.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 10.3 (Successors and Assigns)	This CSA and all of its provisions are binding upon, and inure to the benefit of, the Transmission Provider and Transmission Owner and their respective successors and permitted assigns.	This CSA and all of its provisions are binding upon, and inure to the benefit of, the Transmission Provider and Transmission Owner and their respective successors and permitted assigns.	Revision removes "the" to match PJM standard formatting.
179.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 11.1 (Required Coverages)	Constructing Entity shall maintain, at its own expense, insurance as described in paragraphs A through E below. All insurance shall be procured from insurance companies rated "A-," VII or better by AM Best and authorized to do business in a State or States in which the Network Upgrades, identified in Appendix I to this CSA, will be located. Failure to maintain required insurance shall be a Breach of this CSA. E. Professional Liability, including Contractors Legal Liability, providing errors, omissions and/or malpractice coverage. Coverage shall be provided for the Constructing Entity's duties, responsibilities and performance outlined in this CSA, with limits of liability as follows: \$10,000,000 each occurrence \$10,000,000 aggregate	Constructing Entity shall maintain, at its own expense, insurance as described in paragraphs A through E below. All insurance shall be procured from insurance companies rated "A-," VII or better by AM Best and authorized to do business in a State or States in which the Network Upgrades, identified in this CSA , Appendix I to this CSA, will be located. Failure to maintain required insurance shall be a Breach of this CSA. E. Professional Liability, including Contractors Legal Liability, providing errors, omissions and/or malpractice coverage. Coverage shall be provided for the Constructing Entity's duties, responsibilities and performance outlined in this CSA, with limits of liability as follows: \$10,000,000 each occurrence \$10,000,000 aggregate	Revisions clarify and modify internal cross references to match PJM standard formatting.

An entity may meet the Professional Liability Insurance requirements by requiring third-party contractors, designers, or engineers, or other parties that are responsible for design and engineering work associated with the Network Upgrades, identified in Appendix I to this CSA, necessary for the transmission service to procure professional liability insurance in the amounts and upon the terms prescribed by this section, and providing evidence of such insurance to the other entity. Such insurance shall be procured from companies rated "A-," VII or better by AM Best and authorized to do business in a State or States in which the Network Upgrades, identified in Appendix I to this CSA, are located. Nothing in this section relieves the entity from complying with the insurance requirements. In the event that the policies of the designers, engineers, or other parties used to satisfy the entity's insurance obligations under this section become invalid for any reason, including but not limited to: (i) the policy(ies) lapsing or otherwise terminating or expiring; (ii) the coverage limits of such policy(ies) are decreased; or (iii) the policy(ies) do not comply with the terms and conditions of the PJM Tariff; entity shall be required to procure insurance sufficient to meet the requirements of this section, such that there is no lapse in insurance coverage. Notwithstanding the foregoing, in the event an entity will not design, engineer or construct or cause to design, engineer or construct any new Network Upgrades, Transmission Provider, in its discretion, may waive the requirement that an entity maintain the Professional Liability Insurance pursuant to this section.

190.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 13.2 (Continued Operation)	In the event of a Breach or Default by either Interconnected Entity, and subject to termination of this CSA under section 16 of this Appendix 2, the Interconnected Entities shall continue to operate and maintain, as applicable, such DC power systems, protection and Metering Equipment, telemetering equipment, SCADA equipment, transformers, Secondary Systems, communications equipment, building facilities, software, documentation, structural components, and other facilities and appurtenances that are reasonably necessary for Transmission Provider and the Transmission Owner to operate and maintain the Transmission System and the Transmission Owner Upgrades and for Developer Party to operate and maintain the Generating Facility or Merchant Transmission Facility and the Developer Party Interconnection Facilities, in a safe and reliable manner.	In the event of a Breach or Default by either Interconnected Entity, and subject to termination of this CSA under section 16 of this CSA, Appendix III, section 14.02, the Interconnected Entities shall continue to operate and maintain, as applicable, such DC power systems, protection and Metering Equipment, telemetering equipment, SCADA equipment, transformers, Secondary Systems, communications equipment, building facilities, software, documentation, structural components, and other facilities and appurtenances that are reasonably necessary for Transmission Provider and the Transmission Owner to operate and maintain the Transmission System and the Transmission Owner Upgrades and for Developer Party to operate and maintain the Generating Facility or Merchant Transmission Facility and the Developer Party Interconnection Facilities, in a safe and reliable manner.	Revisions correct, clarify, and modify internal cross references and remove "the" to match PJM standard formatting.

191.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 13.3 (Notice of Breach)	An Interconnection Party not in Breach shall give written notice of an event of Breach to the Breaching Party, to Transmission Provider and to other persons that the Breaching Party identifies in writing to the other Interconnection Party in advance. Such notice shall set forth, in reasonable detail, the nature of the Breach, and where known and applicable, the steps necessary to cure such Breach. In the event of a Breach by Developer Party, Transmission Provider or the Transmission Owner agree to provide notice of such Breach and in the same manner as its notice to Developer Party, to any Project Finance Entity provided that the Developer Party has provided the notifying Interconnection Party with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as contacts for notice purposes pursuant to section 21 of this Appendix 2.	An Interconnection Party not in Breach shall give written notice of an event of Breach to the Breaching Party, to Transmission Provider and to other persons that the Breaching Party identifies in writing to the other Interconnection Party in advance. Such notice shall set forth, in reasonable detail, the nature of the Breach, and where known and applicable, the steps necessary to cure such Breach. In the event of a Breach by Developer Party, Transmission Provider or the Transmission Owner agree to provide notice of such Breach and in the same manner as its notice to Developer Party, to any Project Finance Entity provided that the Developer Party has provided the notifying Interconnection Party with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as contacts for notice purposes pursuant to this CSA, Appendix III, section 215.0 of this Appendix 2.	Revisions correct, clarify, and modify internal cross references and remove "the" to match PJM standard formatting.
192.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 13.4 (Cure and Default)	An Interconnection Party that commits a Breach and does not take steps to cure the Breach pursuant to this section 13.4 is automatically in Default of this Appendix 2 and of the CSA, and its project and this Agreement shall be deemed terminated and withdrawn. Transmission Provider shall take all necessary steps to effectuate this termination, including submitted the necessary filings with FERC.	An Interconnection Party that commits a Breach and does not take steps to cure the Breach pursuant to this section 13.4 is automatically in Default of this Appendix 2 and of the CSA, and its project and this Agreement CSA shall be deemed terminated and withdrawn. Transmission Provider shall take all necessary steps to effectuate this termination, including submittinged the necessary filings with FERC.	Revisions clarify and modify internal cross references to match PJM standard formatting and correct grammar.

193.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 13.4.1.2 (Cure of Breach)	In an event of Breach set forth in section 13.1(a), the Breaching Interconnection Party shall cure the Breach within five days from the receipt of notice of the Breach. If the Breaching Interconnection Party is the Developer Party, and the Developer Party fails to pay an amount due within five days from the receipt of notice of the Breach, Transmission Provider may use Security to cure such Breach. If Transmission Provider uses Security to cure such Breach, Developer Party shall be in automatic Default and its project and this Agreement shall be deemed terminated and withdrawn.	In an event of Breach set forth in section 13.1(a) above, the Breaching Interconnection Party shall cure the Breach within five days from the receipt of notice of the Breach. If the Breaching Interconnection Party is the Developer Party, and the Developer Party fails to pay an amount due within five days from the receipt of notice of the Breach, Transmission Provider may use Security to cure such Breach. If Transmission Provider uses Security to cure such Breach, Developer Party shall be in automatic Default and its project and this Agreement CSA shall be deemed terminated and withdrawn.	Revisions clarify and modify internal cross references and remove "the" to match PJM standard formatting.
194.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 13.5 (Right to Compel Performance)	Notwithstanding the foregoing, upon the occurrence of a Default, a non-Defaulting Interconnection Party shall be entitled to exercise such other rights and remedies as it may have in equity or at law. Subject to section 20.1, no remedy conferred by any provision of this Appendix 2 is intended to be exclusive of any other remedy and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies.	Notwithstanding the foregoing, upon the occurrence of a Default, a non-Defaulting Interconnection Party shall be entitled to exercise such other rights and remedies as it may have in equity or at law. Subject to the Generation Interconnection Agreement, Appendix II, section 20.1, a Network Upgrade Cost Responsibility Agreement, Appendix II, section 11.1, or a Wholesale Market Participation Agreement, Appendix 2, section 10.1, no remedy conferred by any provision of this Appendix 2-III is intended to be exclusive of any other remedy and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies.	Revisions correct internal cross reference and clarify existing cross reference to relevant section of the Generation Interconnection Agreement and similar cross references in other agreements that may relate to a CSA.

195.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 14.0 (Termination)	14 Termination	14 <u>.0</u> Termination	Revision modifies section number to be internally consistent with the rest of the CSA.
196.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 14.1.1.1 (Conforming CSAs)	If this CSA is conforming and, therefore, is only reported to FERC on PJM's Electric Quarterly Report, it shall terminate upon the date Transmission Provider receives written notice, in a form acceptable to the Transmission Provider from the Transmission Owner that the following conditions have occurred: (i) completion of construction of all Transmission Owner Upgrades; (ii) if Developer Party exercised the Option to Build, transfer of title under section 5.5 of this Appendix 2; (iii) final payment of all Costs due and owing under this CSA; and (iv) if Developer Party exercised the Option to Build, delivery to the Transmission Owner of final "as-built" drawings of any Stand Alone Network Upgrades built by the Developer Party in accordance with section 3.2.3.2(a)(xi) of this Appendix 2.	If this CSA is conforming and, therefore, is only reported to FERC jen PJM's Electric Quarterly Report, it-this CSA shall terminate upon the date Transmission Provider receives written notice, in a form acceptable to the Transmission Provider, from the Transmission Owner that the following conditions have occurred:- (i) completion of construction of all- Transmission Owner Upgrades; (ii) if Developer Party exercised the Option to Build, transfer of title under this CSA, Appendix III, section 22.05.5 of this Appendix 2; (iii) final payment of all Costs due and owing under this CSA; and (iv) if Developer Party exercised the Option to Build, delivery to the Transmission Owner of final "as-built" drawings of any- Stand Alone Network Upgrades built by the Developer Party in accordance with this CSA, Appendix III, section 3.2.3.26.2.2(a)(xi) of this Appendix 2.	Revisions correct, clarify, and modify internal cross references and remove "the" to match PJM standard formatting

197.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 14.1.1.2 (Non-Conforming CSAs)	If this CSA is non-conforming and, therefore, has been filed with and accepted by FERC, it shall terminate upon (a) Transmission Provider receiving written notice, in a form acceptable to Transmission Provider, from Transmission Owner that the following conditions have occurred: (i) completion of construction of all Transmission Owner Upgrades; (ii) if Developer Party exercised the Option to Build, transfer of title under section 5.5 of this Appendix 2; (iii) final payment of all Costs due and owing under this CSA; and (iv) if Developer Party exercised the Option to Build, delivery to Transmission Owner of final "as-built" drawings of any Stand Alone Network built by Developer Party in accordance with section 3.2.3.2(a)(xi) of this CSA; and (b) the effective date of Transmission Provider's cancellation of the CSA in accordance with Commission rules and regulations. Transmission Provider shall serve the Transmission Owner and Developer Party with a copy of the notice of cancellation of any CSA in accordance with Commission rules and regulations.	If this CSA is non-conforming and, therefore, has been filed with and accepted by FERC, it-this CSA shall terminate upon (a) Transmission Provider receiving written notice, in a form acceptable to Transmission Provider, from Transmission Owner that the following conditions have occurred: (i) completion of construction of all- Transmission Owner Upgrades; (ii) if Developer Party exercised the Option to Build, transfer of title under this CSA, Appendix III, section 22.05.5 of this Appendix 2; (iii) final payment of all Costs due and owing under this CSA; and (iv) if Developer Party exercised the Option to Build, delivery to Transmission Owner of final "as-built" drawings of any- Stand Alone Network Upgrade built by Developer Party in accordance with this CSA, Appendix III, section 3.2.3.26.2.2(a)(xi) of this CSA; and (b) the effective date of Transmission Provider's cancellation of thise CSA in accordance with Commission rules and regulations. Transmission Provider shall serve the Transmission Owner and Developer Party with a copy of the notice of cancellation of any CSA in accordance with Commission rules and regulations.	Revisions correct, clarify, and modify internal cross references and remove "the" to match PJM standard formatting.

198.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 14.1.2 (Upon Default by Either Constructing Entity)	Either Constructing Entity may terminate its obligations hereunder in the event of a Default by the other Constructing Entity as defined in section 13.3 of this Appendix 2. Transmission Provider may terminate the CSA upon the Default of Developer Party of its obligations under this CSA or the applicable Generation Interconnection Agreement by providing Developer Party and the Transmission Owner prior written notice of termination	Either Constructing Entity may terminate its obligations hereunder in the event of a Default by the other Constructing Entity as defined in this CSA, Appendix III, section 13.43 of this Appendix 2. Transmission Provider may terminate thise CSA upon the Default of Developer Party of its obligations under this CSA or the applicable Generation Interconnection Agreement by providing Developer Party and the Transmission Owner prior written notice of termination.	Revisions correct, clarify, and modify internal cross references and remove "the" to match PJM standard formatting, and add a period at the end of the sentence.
199.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 14.1.3 (By Developer Party)	Subject to its payment of Cancellation Costs as explained in section 14.2 below, the Developer Party may be relieved of its obligations hereunder upon sixty days written notice to Transmission Provider and the Transmission Owner.	Subject to its payment of Cancellation Costs as explained in section 14.2 below, the Developer Party may be relieved of its obligations hereunder upon sixty 60 days written notice to Transmission Provider and the Transmission Owner.	Revisions remove "the" and replace "sixty" with "60" to match PJM standard formatting.
200.	Tariff, Part IX, Subpart J, CSA, Appendix III, section 14.2.1 (Applicability)	The following provisions shall survive and shall apply in the event that Developer Party terminates the CSA pursuant to this section 14.2.	The following provisions shall survive and shall apply in the event that Developer Party terminates theis CSA pursuant to this section 14.2.	Revision clarifies internal cross reference.

201. Tariff, Part IX, Subpart J, CSA,
Appendix III, section 14.2.1.1
(Cancellation Cost
Responsibility Upon
Termination)

Service for including secosts may to Developer including, Upgrades Material Mimpose contransmiss provide the Developer with reaso

Upon the unilateral termination of the CSA by the Developer Party, the Developer Party shall be liable to pay to the Transmission Owner or Transmission Provider all Cancellation Costs in connection with Construction Service for the Developer Party pursuant to this CSA, including section 14.2.1.2 of this Appendix 2. Cancellation costs may include costs for Network Upgrades assigned to Developer Party, in accordance with the Tariff and as reflected in this CSA, that remain the responsibility of Developer Party under the Tariff. This shall include costs including, but not limited to, the costs for such Network Upgrades to the extent such cancellation would be a Material Modification, or would have an adverse effect or impose costs on other Developer Parties. In the event the Transmission Owner incurs Cancellation Costs, it shall provide the Transmission Provider, with a copy to the Developer Party, with a written demand for payment and with reasonable documentation of such Cancellation Costs. The Developer Party shall pay the Transmission Provider each bill for Cancellation Costs within 30 days after, as applicable, the Transmission Owner's or Transmission Provider's presentation to the Developer Party of written demand therefor, provided that such demand includes reasonable documentation of the Cancellation Costs that the invoicing party seeks to collect. Upon receipt of each of Developer Party's payments of such bills of the Transmission Owner. Transmission Provider shall reimburse the Transmission Owner for Cancellation Costs incurred by the latter.

Upon the unilateral termination of theis CSA by the Developer Party, the Developer Party shall be liable to pay to the Transmission Owner or Transmission Provider all Cancellation Costs in connection with cConstruction Service for the Developer Party pursuant to this CSA, including section 14.2.1.2 of this Appendix 2below. Cancellation costs may include costs for Network Upgrades assigned to Developer Party, in accordance with the Tariff and as reflected in this CSA, that which remain the responsibility of Developer Party under the Tariff. This shall include costs including, but not limited to, the costs for such Network Upgrades to the extent such cancellation would be a Material Modification, or would have an adverse effect or impose costs on other Developer Parties. In the event the Transmission Owner incurs Cancellation Costs, # Transmission Owner shall provide the Transmission Provider, with a copy to the Developer Party, with a written demand for payment and with reasonable documentation of such Cancellation Costs. The Developer Party shall pay the Transmission Provider each bill for Cancellation Costs within 30 days after, as applicable, the Transmission Owner's or Transmission Provider's presentation to the Developer Party of written demand therefor, provided that such demand includes reasonable documentation of the Cancellation Costs that the invoicing party seeks to collect. Upon receipt of each of Developer Party's payments of such bills of the Transmission Owner, Transmission Provider shall reimburse the Transmission Owner for Cancellation Costs incurred by the latterTransmission Owner.

Revisions clarify and modify internal cross references and remove "the" to match PJM standard formatting, and make grammatical corrections. Tariff, Part IX, Subpart J, CSA, Upon termination of the CSA by a Developer Party, Transmission Provider, after consulting with the Appendix III, section 14.2.1.2 (Disposition of Facilities Upon Transmission Owner, may, at the sole cost and expense of the Developer Party, authorize the Transmission Owner Termination) to (a) cancel supplier and contractor orders and agreements entered into by the Transmission Owner to design, construct, install, operate, maintain and own the Transmission Owner Upgrades, provided, however, that Developer Party shall have the right to choose to take delivery of any equipment ordered by the Transmission Owner for which Transmission Provider otherwise would authorize cancellation of the purchase order; or (b) remove any Transmission Owner Upgrades built by the Transmission Owner or any Transmission Owner Stand Alone Network (only after title to the subject facilities has been transferred to the Transmission Owner) built by the Developer Party; or (c) partially or entirely complete the Transmission Owner Upgrades as necessary to preserve the integrity or reliability of the Transmission System, provided that Developer Party shall be entitled to receive any rights associated with such facilities and upgrades as determined in accordance with the CSA; or (d) undo any of the changes to the Transmission System that were made pursuant to this CSA. To the extent that the Developer Party has fully paid for equipment that is unused upon cancellation or which is removed pursuant to subsection (b) above, the Developer Party shall have the right to take back title to such equipment; alternatively, in the event that the Developer Party does not wish to take back title, the Transmission Owner may elect to pay the Developer Party a mutually agreed amount to acquire and own such equipment.

Upon termination of thise CSA by a Developer Party, Transmission Provider, after consulting with the Transmission Owner, may, at the sole cost and expense of the Developer Party, authorize the Transmission Owner to (a) cancel supplier and contractor orders and agreements entered into by the Transmission Owner to design, construct, install, operate, maintain and own the Transmission Owner Upgrades, provided, however, that Developer Party shall have the right to choose to take delivery of any equipment ordered by the Transmission Owner for which Transmission Provider otherwise would authorize cancellation of the purchase order; or (b) remove any Transmission Owner- Upgrades built by the Transmission Owner or any Transmission Owner -Stand Alone Network Upgrade (only after title to the subject facilities has been transferred to the Transmission Owner) built by the Developer Party; or (c) partially or entirely complete the Transmission Owner Upgrades as necessary to preserve the integrity or reliability of the Transmission System, provided that Developer Party shall be entitled to receive any rights associated with such facilities and upgrades as determined in accordance with thise CSA; or (d) undo any of the changes to the Transmission System that were made pursuant to this CSA. To the extent that the Developer Party has fully paid for equipment that is unused upon cancellation or which is removed pursuant to subsection (b) above, the Developer Party shall have the right to take back title to such equipment; alternatively, in the event that the Developer Party does not wish to take back title, the Transmission Owner may elect to pay the Developer Party a mutually agreed amount to acquire and own such equipment.
