

Economic Regulation Only proposed changes

Pete Langbein

Markets & Reliability Committee
September 25, 2025

- Economic Regulation Only may only participate in the regulation market when there are no injections at the retail customer point of interconnection (POI).
- Participant not eligible to request a regulation only WMPA to enable participation for the injections.
- DER 2222 implementation that will allow this type of participation is not scheduled to be available until 2029.

Issue identified and discussed at the DISRS

- Economic DR only in the Regulation market may participate with injections subject to the following:
 - Retail customer must be on an EDC's NEM tariff.
 - EDC approval of the registration.
 - PJM approval for use of sub-meter (i.e. the device that provides the regulation instead of the retail POI) data for performance compliance.

Proposal endorsed by acclimation at the MIC
