| <b>Impacted Manual sections:</b><br>10.2.2 & 10.2.3                                                                                                                                                                                                                                                                                 |                                                                     |
| <b>Reason for change:</b><br>Add additional action for CSPs; Add additional action for PJM when registering and confirming Economic Load Response Regulation Only resources.                                                                                                                                                        |                                                                     |
| <b>Summary of the changes:</b><br>Ensure that CSPs identify when locations registering as Economic Load Response Regulation Only contain customers on NEM with the ability to inject; Ensure that EDCs review NEM customer locations and confirm ability to inject safely. If not confirmed by EDC, PJM will deny the registration. |                                                                     |
