| <b>Impacted Manual #(s)/Manual Title(s):</b><br>PJM Manual 13 Emergency Operations                                                                                                                                 |                   |
| <b>Conforming Order(s):</b>                                                                                                                                                                                        |                   |
| <b>Associated Issue Tracking Title:</b>                                                                                                                                                                            |                   |
| <b>Committee Approval Path - What committee(s) have already seen these changes?</b><br>This change was developed through the SOS-T                                                                                 |                   |
| <b>MRC 1<sup>st</sup> read date:</b>                                                                                                                                                                               | January 23, 2025  |
| <b>MRC voting date:</b>                                                                                                                                                                                            | February 20, 2025 |
| <b>Impacted Manual sections:</b> Section 3.10                                                                                                                                                                      |                   |
| <b>Reason for change:</b> Due to reoccurring wildfires across the PJM system, wildfire procedures were developed. These procedures were put in place through collaboration and input from PJM Transmission Owners. |                   |
| <b>Summary of the changes:</b> PJM and Transmission Owners actions and coordinated operations for wildfires                                                                                                        |                   |
