

# Order 881 PJM Extension Request Informational Update

Erin Lai  
Senior Counsel

Operating Committee  
March 6, 2025

- PJM has been targeting late/early Q1/Q2 readiness for Order 881 implementation. (FERC Deadline: July 12, 2025)
- At present, full solution for both PJM Markets & Operations have not reached a ready state and Go-Live target is at risk.
- As noted during the February MIC and OC, **PJM will be seeking a delay/extension in its Order 881 implementation:**
  - Upcoming filing will seek a ‘no later than’ date of Spring 2026
    - Ideally, working with vendors towards a Fall 2025 Go-Live
  - Anticipated **Joint Filing** (PJM and Transmission Owners ... following Presentation at the February 18th TO Caucus)
  - PJM will continue to provide updates to members while seeking to avoid implementation during summer/winter months
