

Upcoming Section 205 Filing To Extend Rules That Will Continue to Account for Brandon Shores and Wagner as Capacity Through the 2028/2029 Delivery Year

Operating Committee
October 8, 2025

- Tariff, Attachment DD, section 5.3(b) currently allows PJM to account for the Brandon Shores and Wagner Resources as capacity in the RPM Auctions through the 2027/2028 Delivery Year.
- The Brandon Shores and Wagner resources are the subject of a FERC approved RMR through the 2028/2029 Delivery Year.
- In accordance with the FERC approved settlement, PJM will file, pursuant to section 205 of the Federal Power Act, updates to Tariff, Attachment DD, section 5.3(b) to extend the provisions that allow PJM to count the Brandon Shores and Wagner Resources as capacity through the 2028/2029 Delivery Year.

- Relevant Language from FERC-Approved Settlement:

4.8 Administrative Inclusion of Capacity in PJM Markets

4.8.1 In the event that PJM's proposed tariff changes submitted to the Commission in Docket No. ER25-682-000 are accepted without material modification prior to the commencement of the PJM Base Residual Auction ("BRA") for the 2026/2027 Delivery Year, then the Brandon Shores and Wagner facilities will be offered into the BRAs for the 2026/2027 and 2027/2028 Delivery Years consistent with those tariff changes. Sufficiently in advance of the BRA for the 2028/2029 Delivery Year, PJM shall submit a new and separate filing under FPA section 205 to extend the provisions accepted in ER25-682-000 to Brandon Shores and Wagner for such additional Delivery Year.
