

On-Site Summer Fuel Inventory Levels

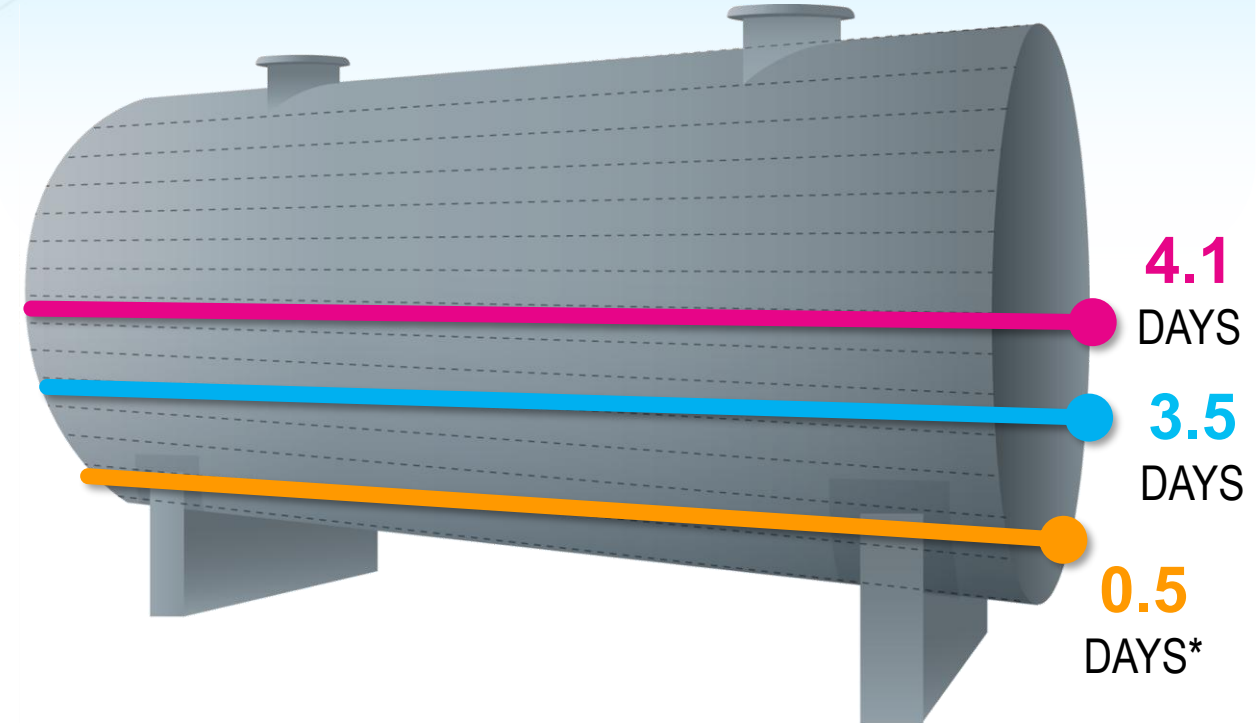

Coal

Days of Supply
at Full Output

Oil

Days of Supply at Full Output

At start of summer for:

2024

2025

2026

Note: The images shown are for **illustration purposes** only and don't reflect maximum capacities.

*Lower oil inventory levels were reported in 2025 due to elevated demand during Winter 2024/2025 and increased operating hours.
