### 3.14 Insurance Requirements

The requirements for each Interconnected Entity or as applicable the Constructing Entity's insurance coverage for generation resources of more than 20 Megawatts or Merchant Transmission Facilities can be found in Tariff, Part IX, Subpart B, Appendix 2, section 13.1 and Tariff, Attachment O, Appendix 2, section 13.1. Insurance under section 13.1 (a) through (d) must be effective as long as the ISA or GIA are effective. Insurance under section 13.1 (e) must remain effective until all construction work identified in the ICSA, CSA or Schedule L of the GIA is complete. All required insurance in sections 13.1 (a) through (e) must be in place upon execution of the ISA/GIA, to ensure coverage for any initial construction activities such as walk downs and site preparation.

- **Section 5:**
  - 5.1.1 Approved Contractors and Manufacturers updated to include requirements for bid solicitation upon GIA execution.
- **Section 6:** the entire section was reorganized for readability.
- **Attachment C:** added notification template for one time milestone extensions for GIAs only.
- **Attachment G:** updated to include address block
