

Data Sources for Factor Categories 1-3

Matthew Bernstein, Sr. Policy Advisor

October 28, 2024

Factor 1 – Laws and regulations affecting future resource mix and demand

Factor 2 – Laws and regulations on decarbonization and electrification

Factor 3 – Integrated Resource Plans (IRPs) and expected supply obligations for LSEs

Sources for Policy Inputs (to date)

Federal

- EPA regulations
- Inflation Reduction Act

State

- State Policies Workbook
- (The workbook's policy categories were reviewed at the Oct. 1, 2024 Special TEAC)

Local

- PJM Clean Cities Coalition

PJM will also utilize IRPs filed with state utility commissions within the PJM footprint

- On Oct. 1, 2024, PJM solicited stakeholder feedback on criteria to be applied to policy-driven deactivations.
- PJM received five sets of comments on the questions posed to stakeholders. These comments are posted with today's meeting materials.
