Impact Details

Product - Action Required	Dates	Who May Be Affected
New Secure Share requirements are being rolled out for both sharing files via the “Mailbox” functionality and sharing folders via the “Your Files” functionality. • In the interest of enhancing security, users will be required to enter the full email address for the recipient of a message using the “Mailbox” function or to share folders under “Your Files” function. • The existing autofill functionality listing users will be disabled.	Implementation: May 28 – production environment: https://secureshare.pjm.com	Secure Share Users
