New Email for Deploy All Resources

When a Deploy All Resources (DARA) emergency procedure is announced, all Load Management dispatched resources that have not reached their Start Time receive an updated Load Management event with a new Start Time of the current time.

- A new courtesy email has been developed to notify impacted CSPs of the DARA event.

  Example:

  Urgent: Load Management Event Deploy All Resources Declared

  At 10:29:00 AM on Nov 9, 2026, PJM declared a Deploy All Resources Load Management Event for Quick_30 lead time resources in zone: PECO and for product: Capacity Performance DR and for resource type: Pre-Emergency

Denial Comments added to Emails from DR Hub

- The following Email Types now have the most recent Denial Comments included in the Email,
  - Registration and Registration Extension Reviews: Denial Comments by EDC and/or LSE
  - Settlement Reviews: Denial Comments by EDC
  - Registration and Settlement Disputes: Dispute Comments by CSP
- If there is more than one location on a registration, the comment will reflect where the Comment can be found - in the registration or settlement History.
- When Comments are optional but no Comment is entered, “N/A” is added as a Comment by DR Hub

Product Details

Confidential: PJM Personnel Only

DR Hub allows PJM members to administer the registration, notification, meter data and settlement process for Demand Response resources in the PJM markets.

Key Product Features

- User Interface that allows CSP's, EDC's and LSE's to manage tasks, create/ manage locations, registrations and settlements
- Web Services that allows many of the same UI features and includes a polling mechanism for Events
