Discussion Items (3:00 – 4:00)

1. Using RTEP Modeling to inform Resource Adequacy Analyses

Susan McGill, PJM, will lead a discussion on ways to use PJM's 2026 RTEP modeling — and PJM's modeling more generally — to help states understand the resource adequacy impacts indicated by its capacity expansion analysis.

2. MD OPC Cost Allocation Complaint

David Lapp and Phil Sussler, Maryland Office of People's Counsel, will provide an update on Maryland OPC's cost allocation complaint. Following the presentation, ISAC members will have an opportunity for general discussion and questions on the complaint and on Order 1000 cost allocation more broadly.

Future Agenda Items

Participants will have the opportunity to request the addition of any new items to the agenda for the next open meeting.
