

# Queue Point TC2 Tips & Reminders

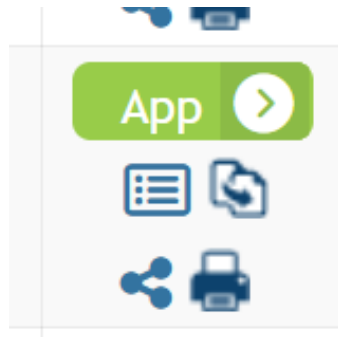

December 2024 IPS

Joelle Tomasello

Interconnection Planning Projects

- You will only see the app button once, once you begin editing your submission the green app button will disappear – this is to limit the amount of submissions to 1 per project

Before:

After:

- If you are receiving the below error for the ASA please print to PDF your signed and filled out ASA, once saved submit this version to Queue Point as it will remove any Java Script from the submission

 Error File 'ASA Application [REDACTED]' is mime type 'application/pdf' yet the file contains illegal embedded Javascript.

A reminder all fields in the ASA need to be filled out for anything not applicable please put N/A

- Please reference the attached guide when sharing projects within Queue Point: <https://pjm.com/-/media/etools/planning-center/queue-point-share-feature-user-guide.ashx>
- If there is still an error please send a screenshot of the error message and submission from the authors queue point account
- In this message please include your name, queue point username, and email address.
