Management

October 2025 IPS

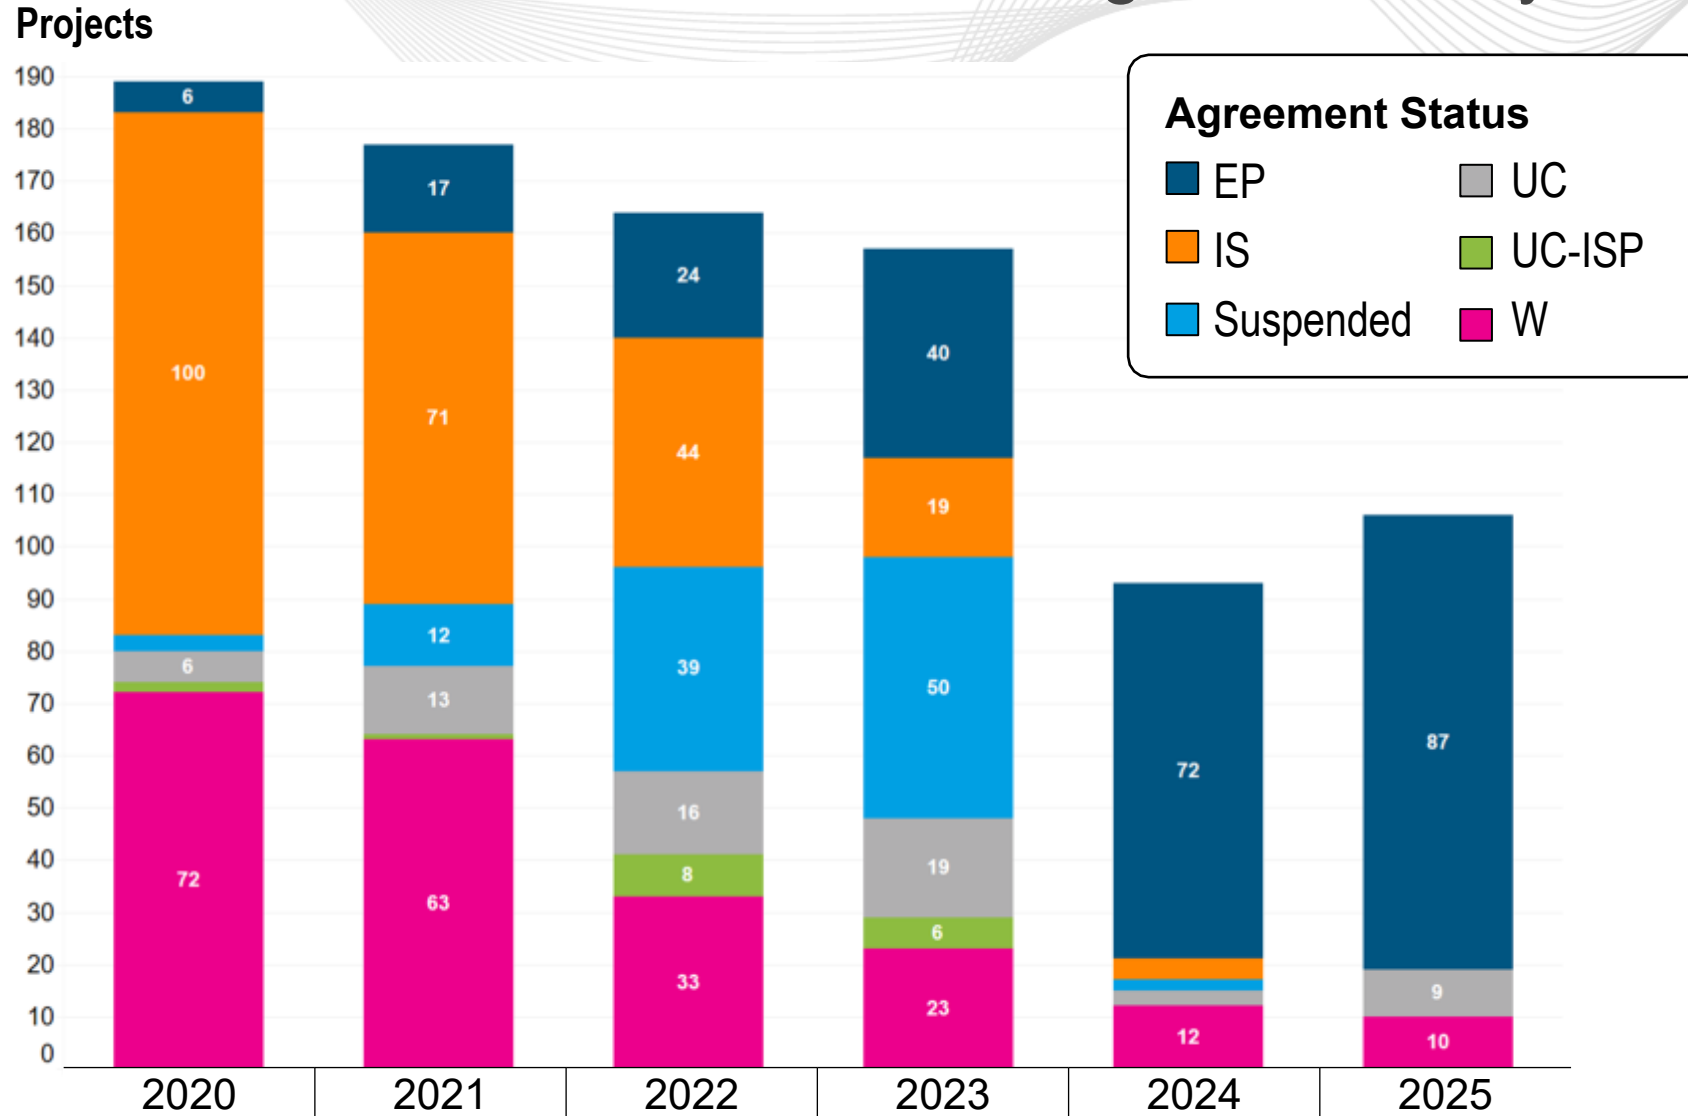

- Quarterly review of Construction focused Metrics

Historic Projects Placed in Service

Generation Placed In Service (MWE)

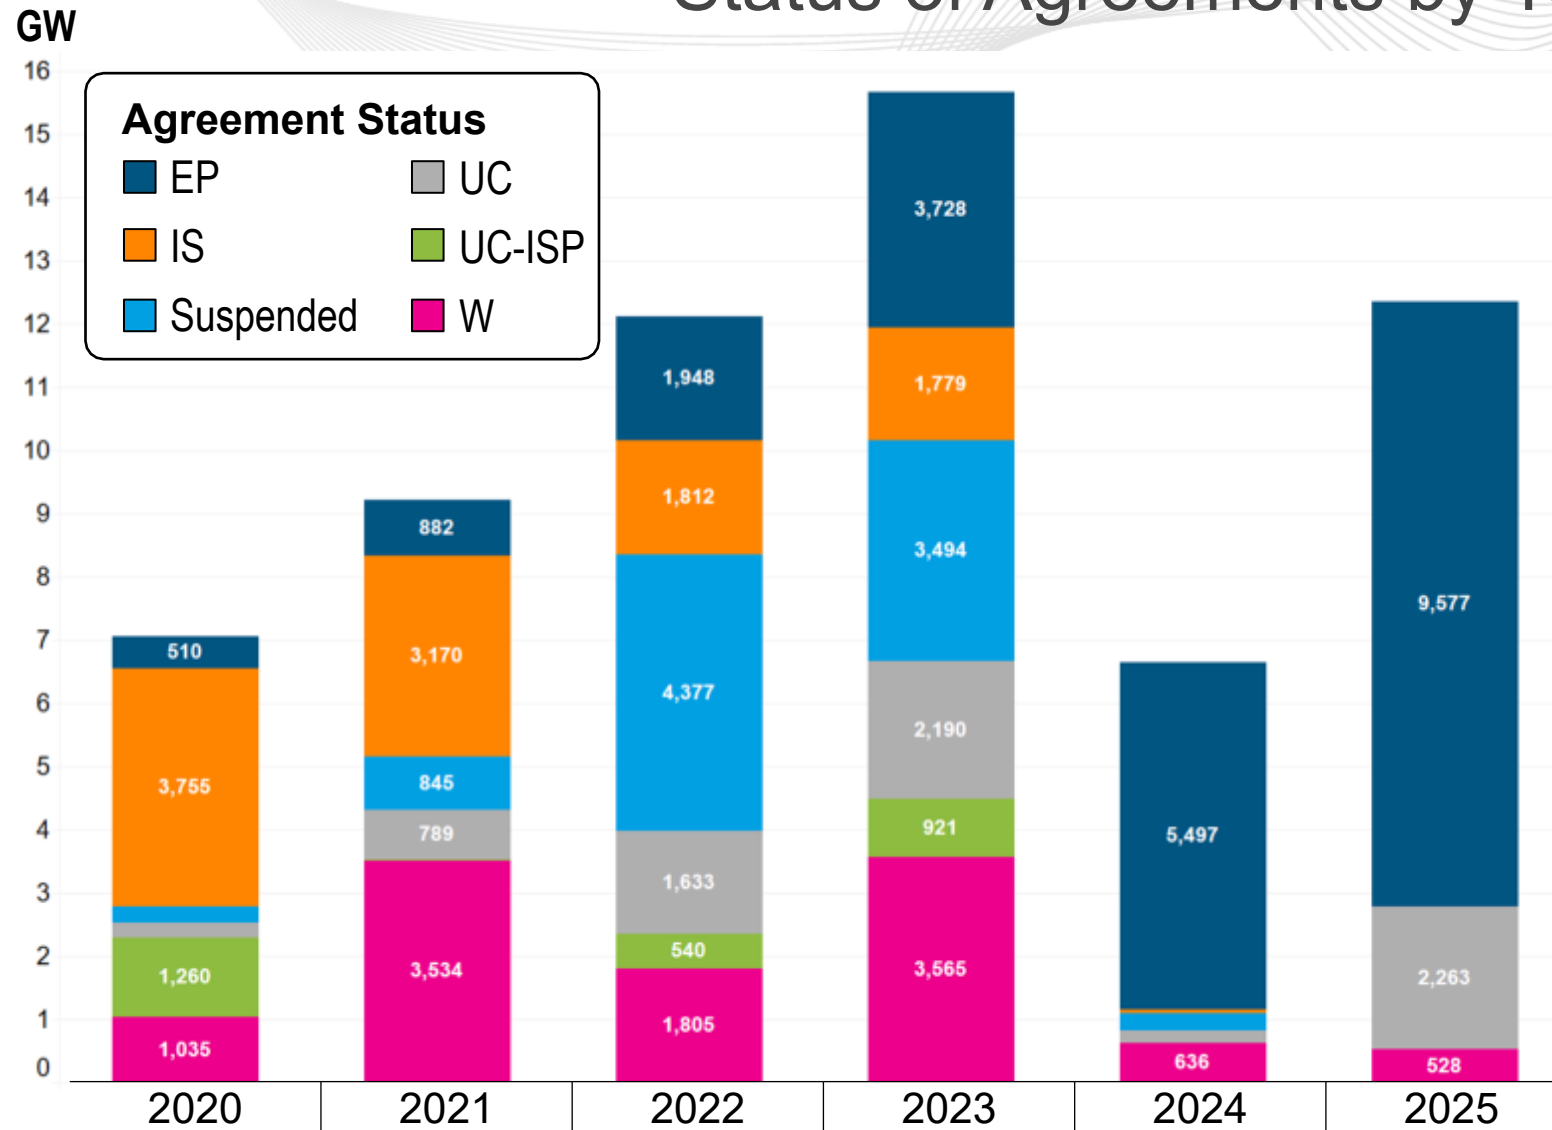

2021	Coal	11
	Natural Gas	3,753
	Solar	891
	Storage	1
	Wind	310
	Total	4,966
2022	Natural Gas	1,983
	Solar	1,074
	Wind	0
	Total	3,056
2023	Natural Gas	3,279
	Nuclear	54
	Solar	1,301
	Storage	62
	Wind	282
	Total	4,978
2024	Natural Gas	5
	Solar	4,451
	Storage	43
	Wind	290
	Total	4,788
2025	Coal	29
	Solar	2,033
	Wind	55
	Total	2,117
Grand Total		19,906

Status of Agreements by Year Signed

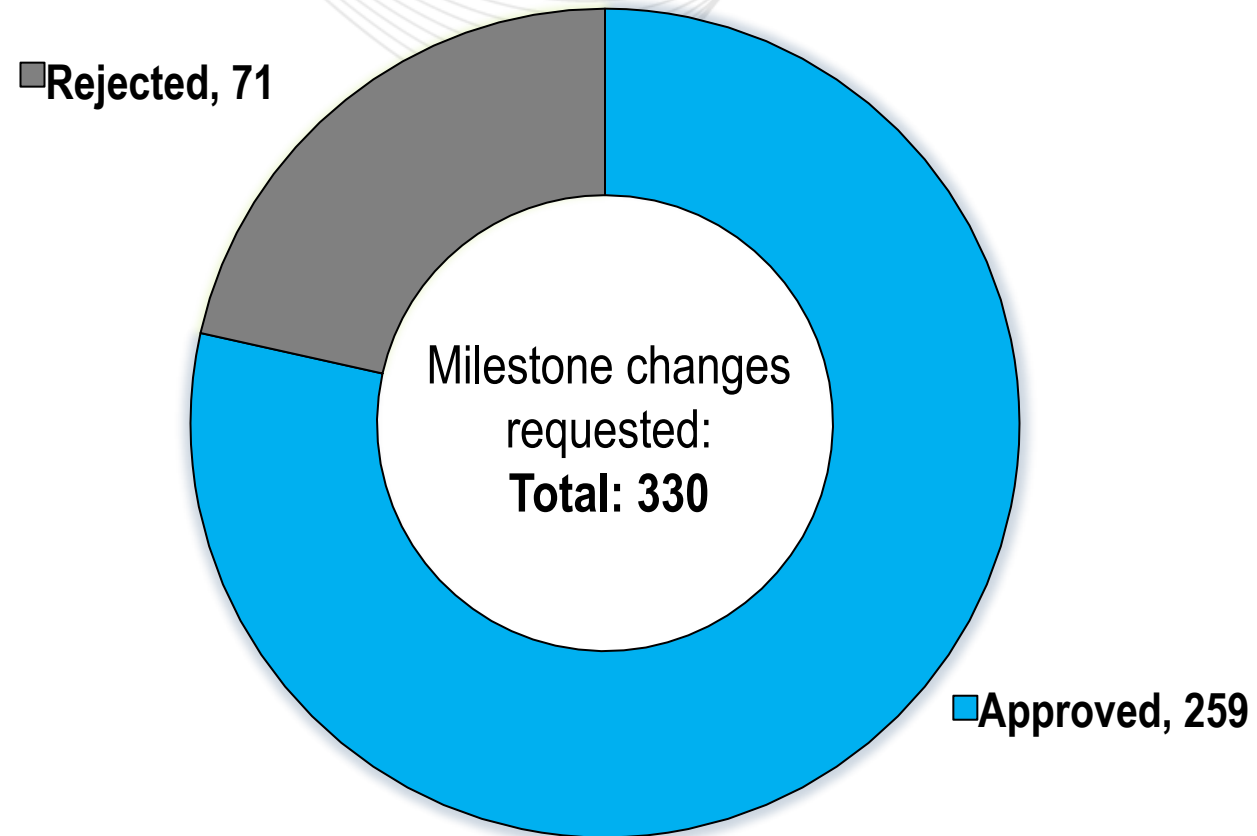

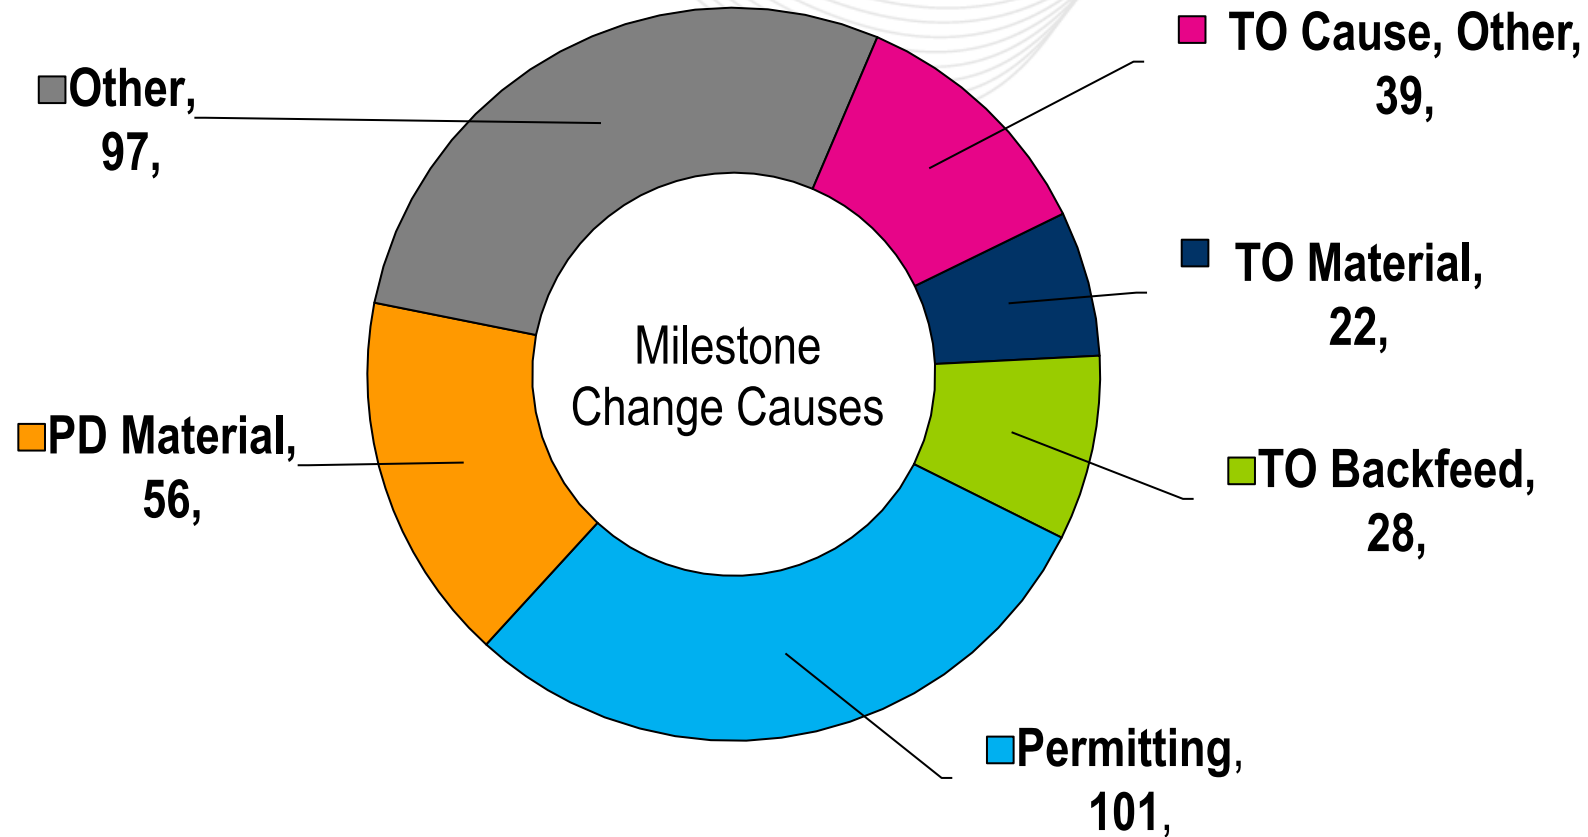

EP: Engineering procurement | **UC:** Under construction | **UC-ISP:** Under construction, partially in service | **W:** withdrawn | **IS:** In service

Status of Agreements by Year Signed

EP: Engineering procurement | **UC:** Under construction | **UC-ISP:** Under construction, partially in service | **W:** withdrawn | **IS:** In service

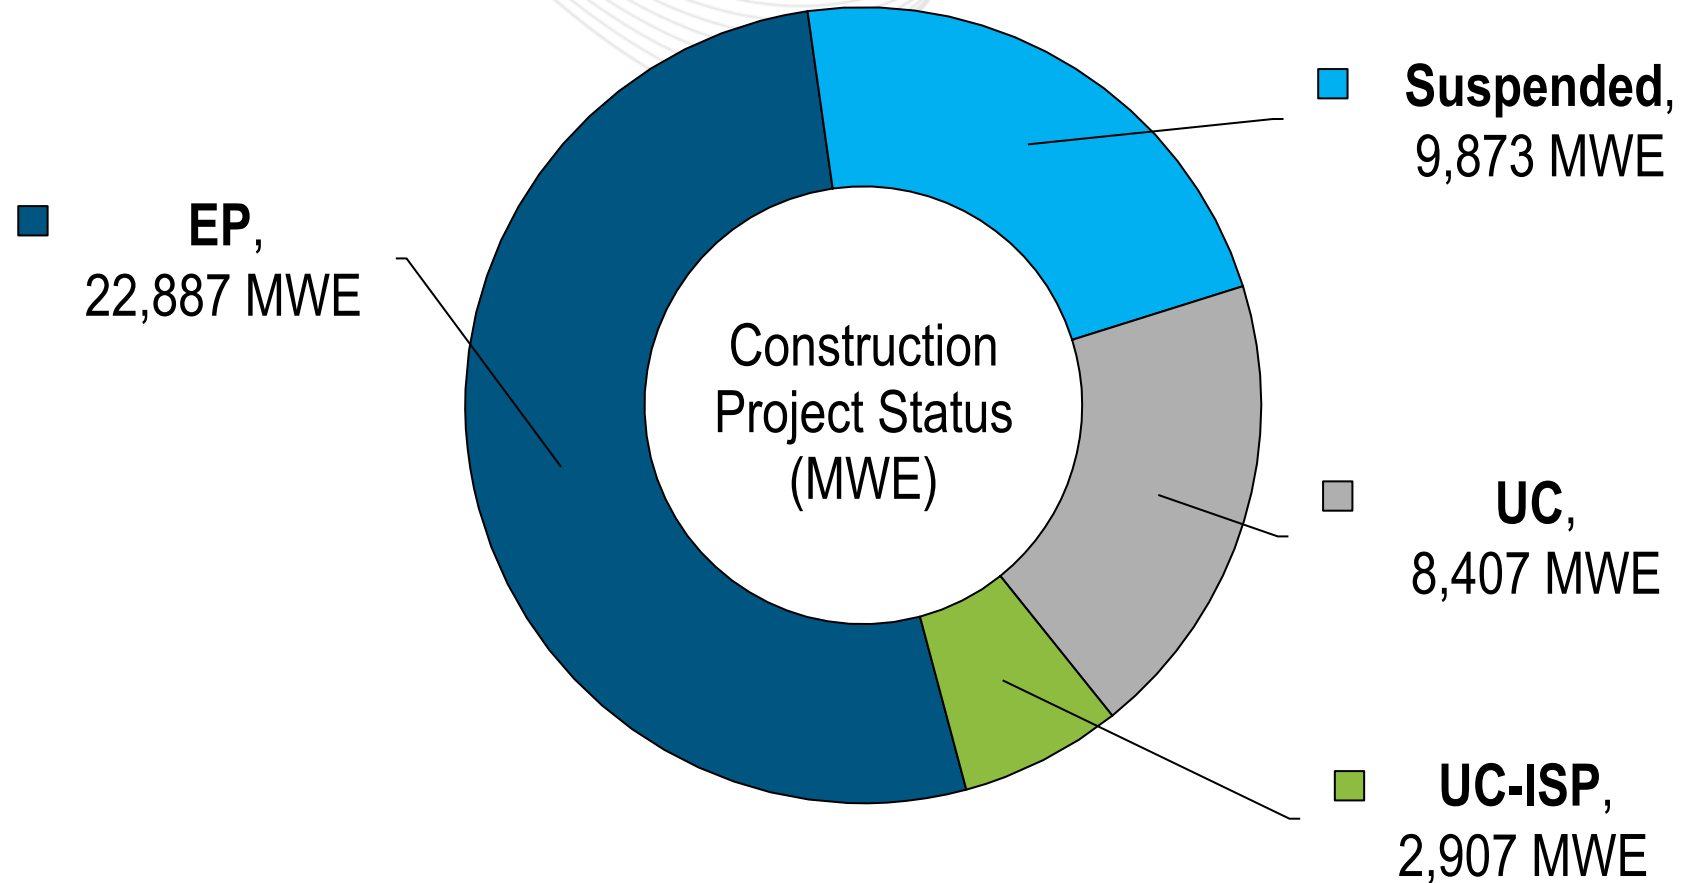

TO Cause, Other: includes various delays caused by the TO such as construction delays, IA delays and network upgrade delays

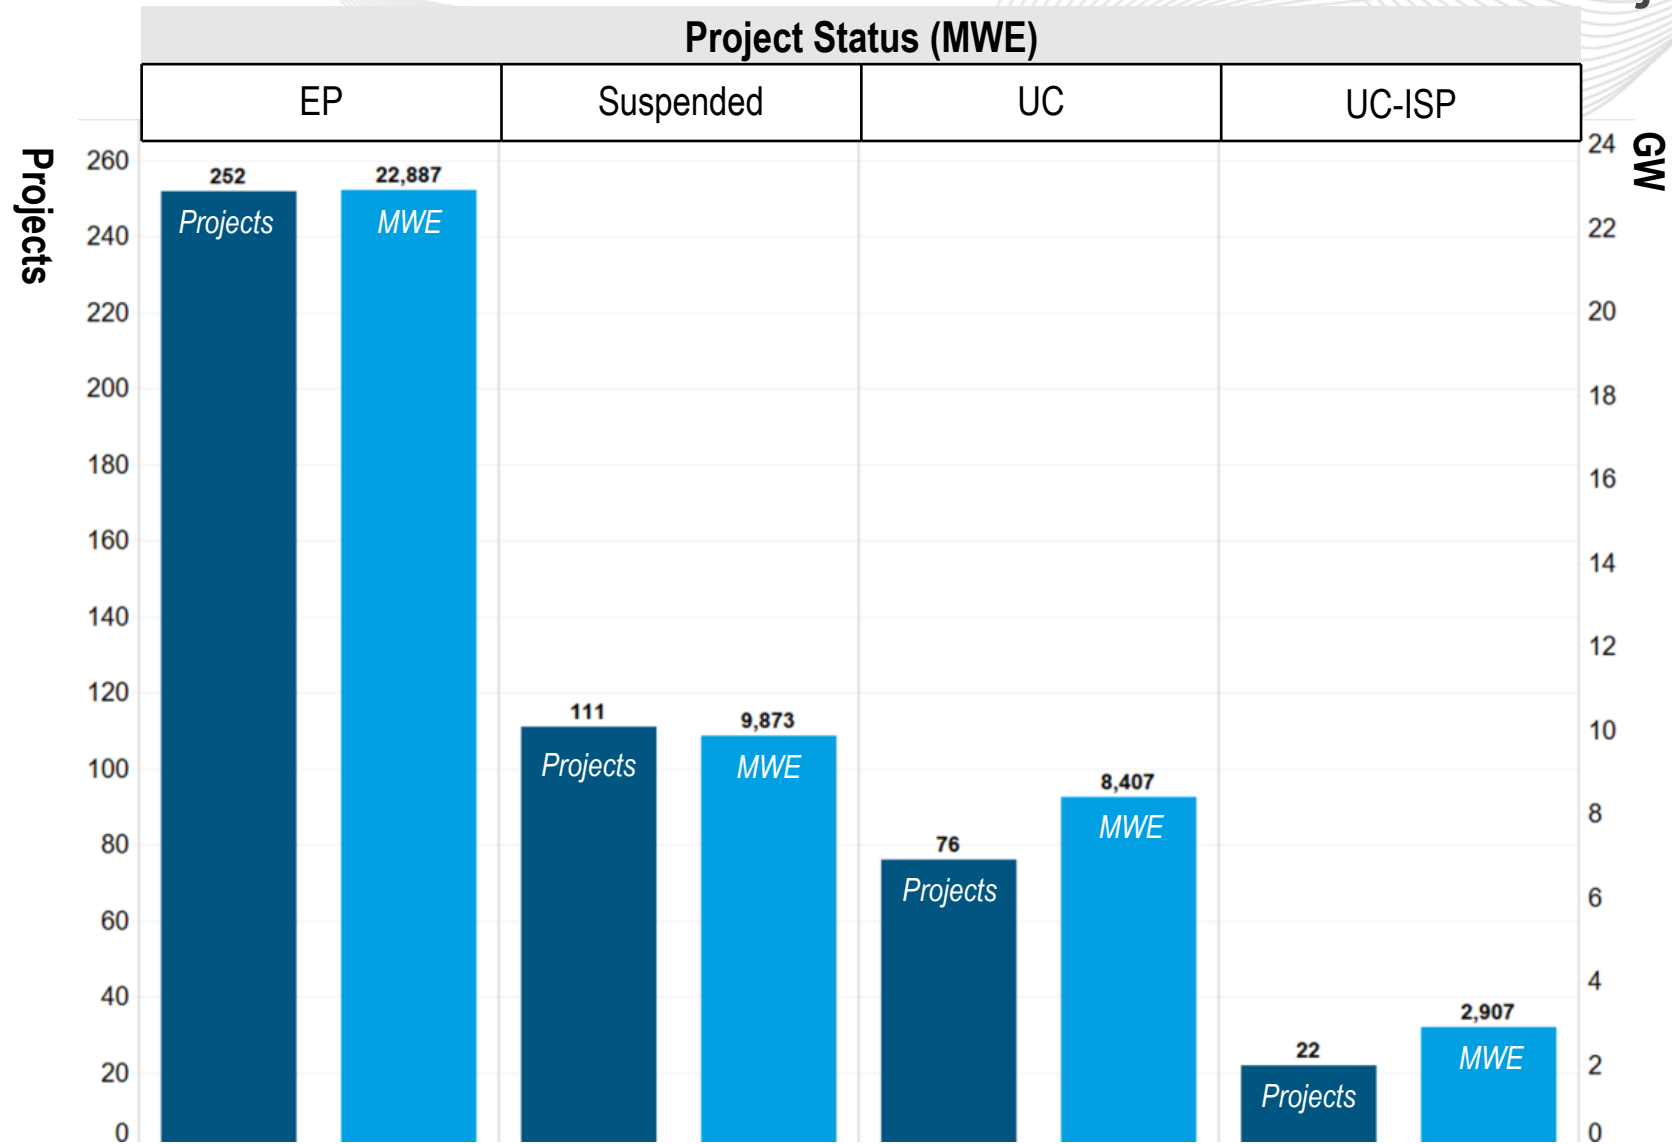

Other: includes various delay such as land ownership, ownership transfer, EPC procurement, equipment issues, and construction delays

Current Construction Project Status

EP: Engineering procurement | UC: Under construction | UC-ISP: Under construction, partially in service | W: withdrawn | IS: In service

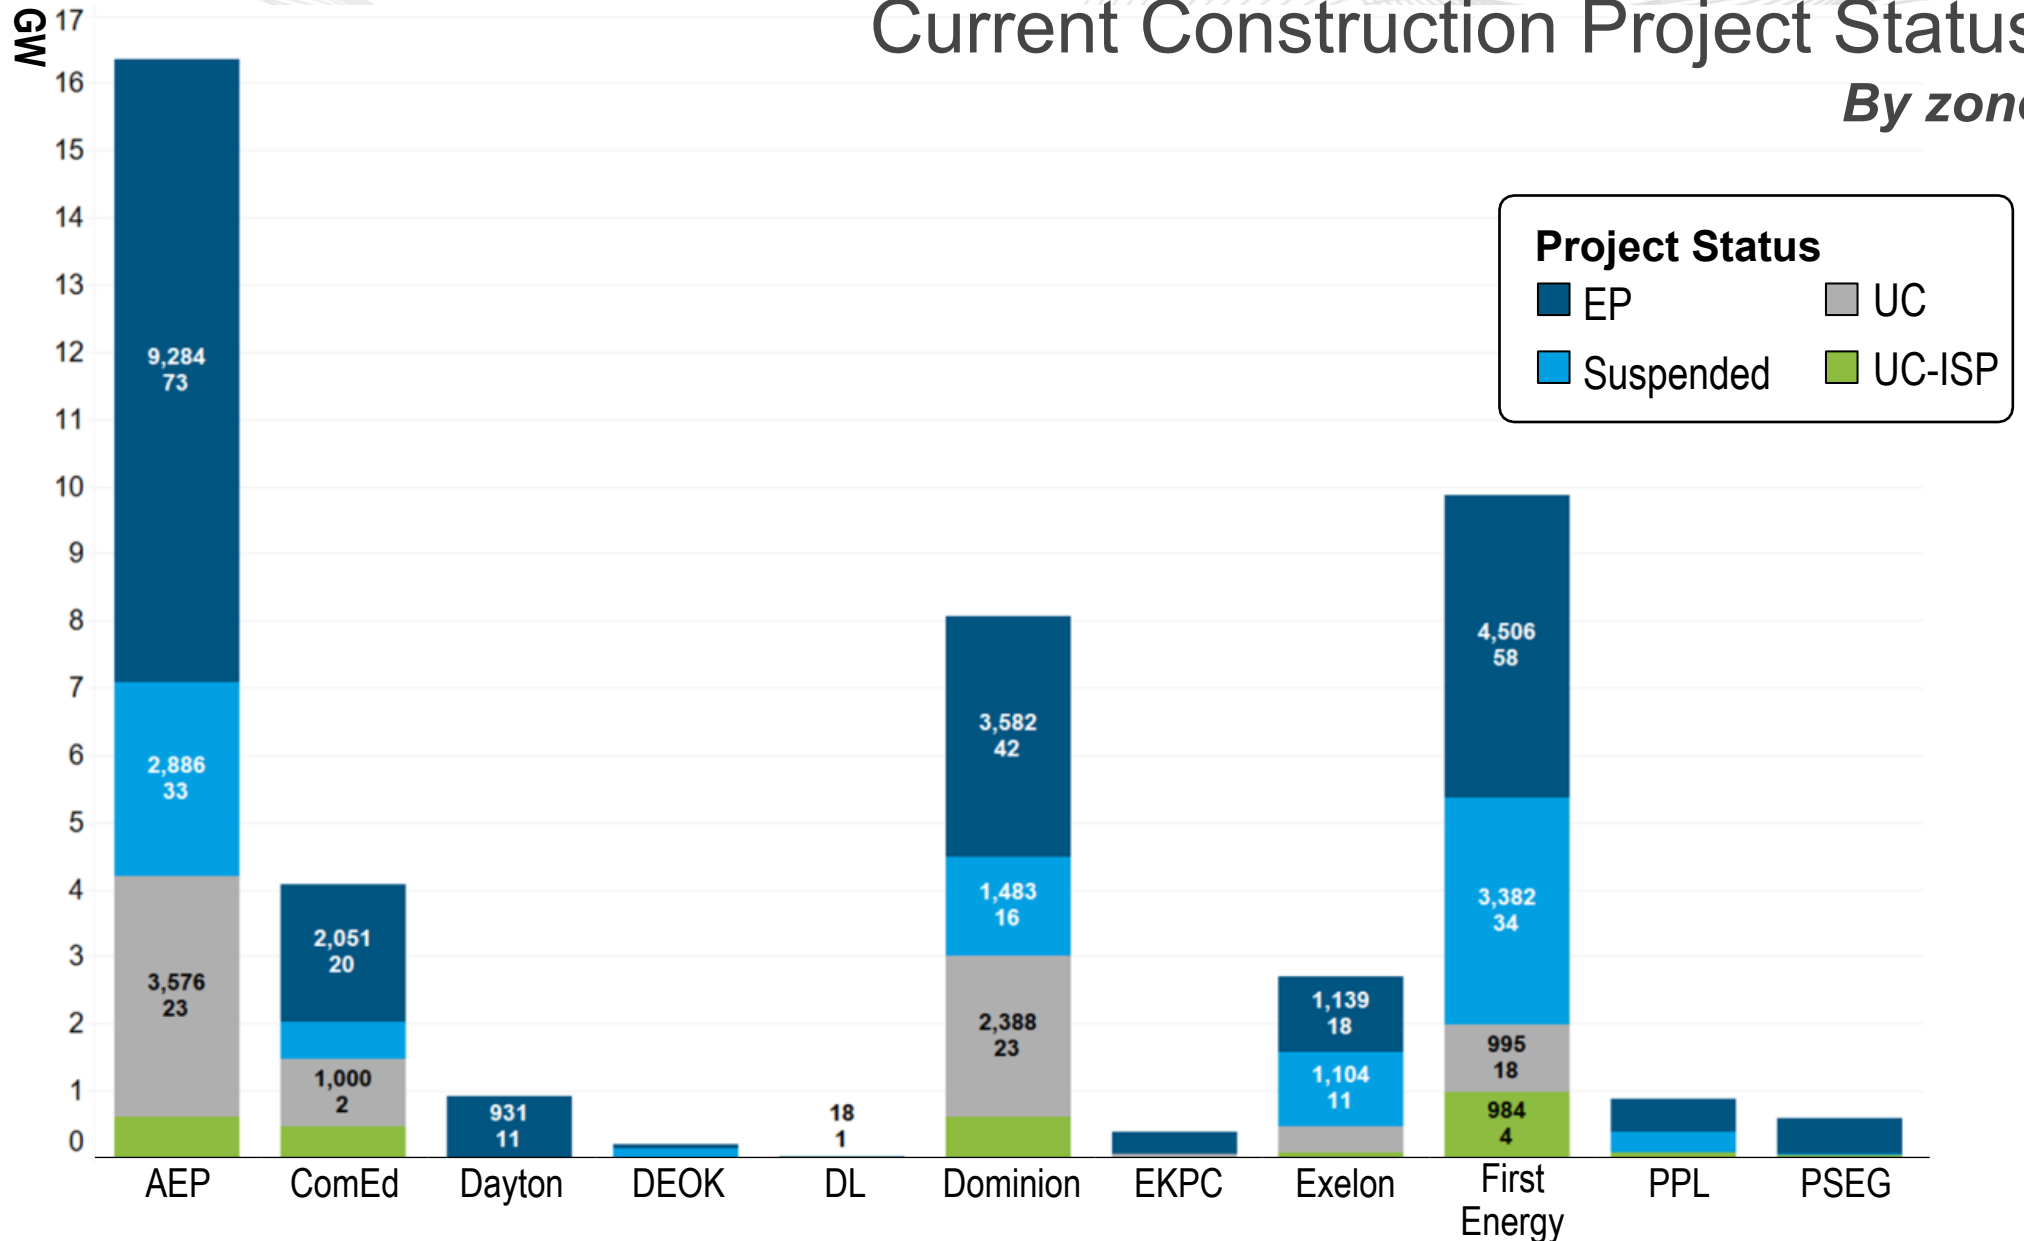

Current Construction Project Status

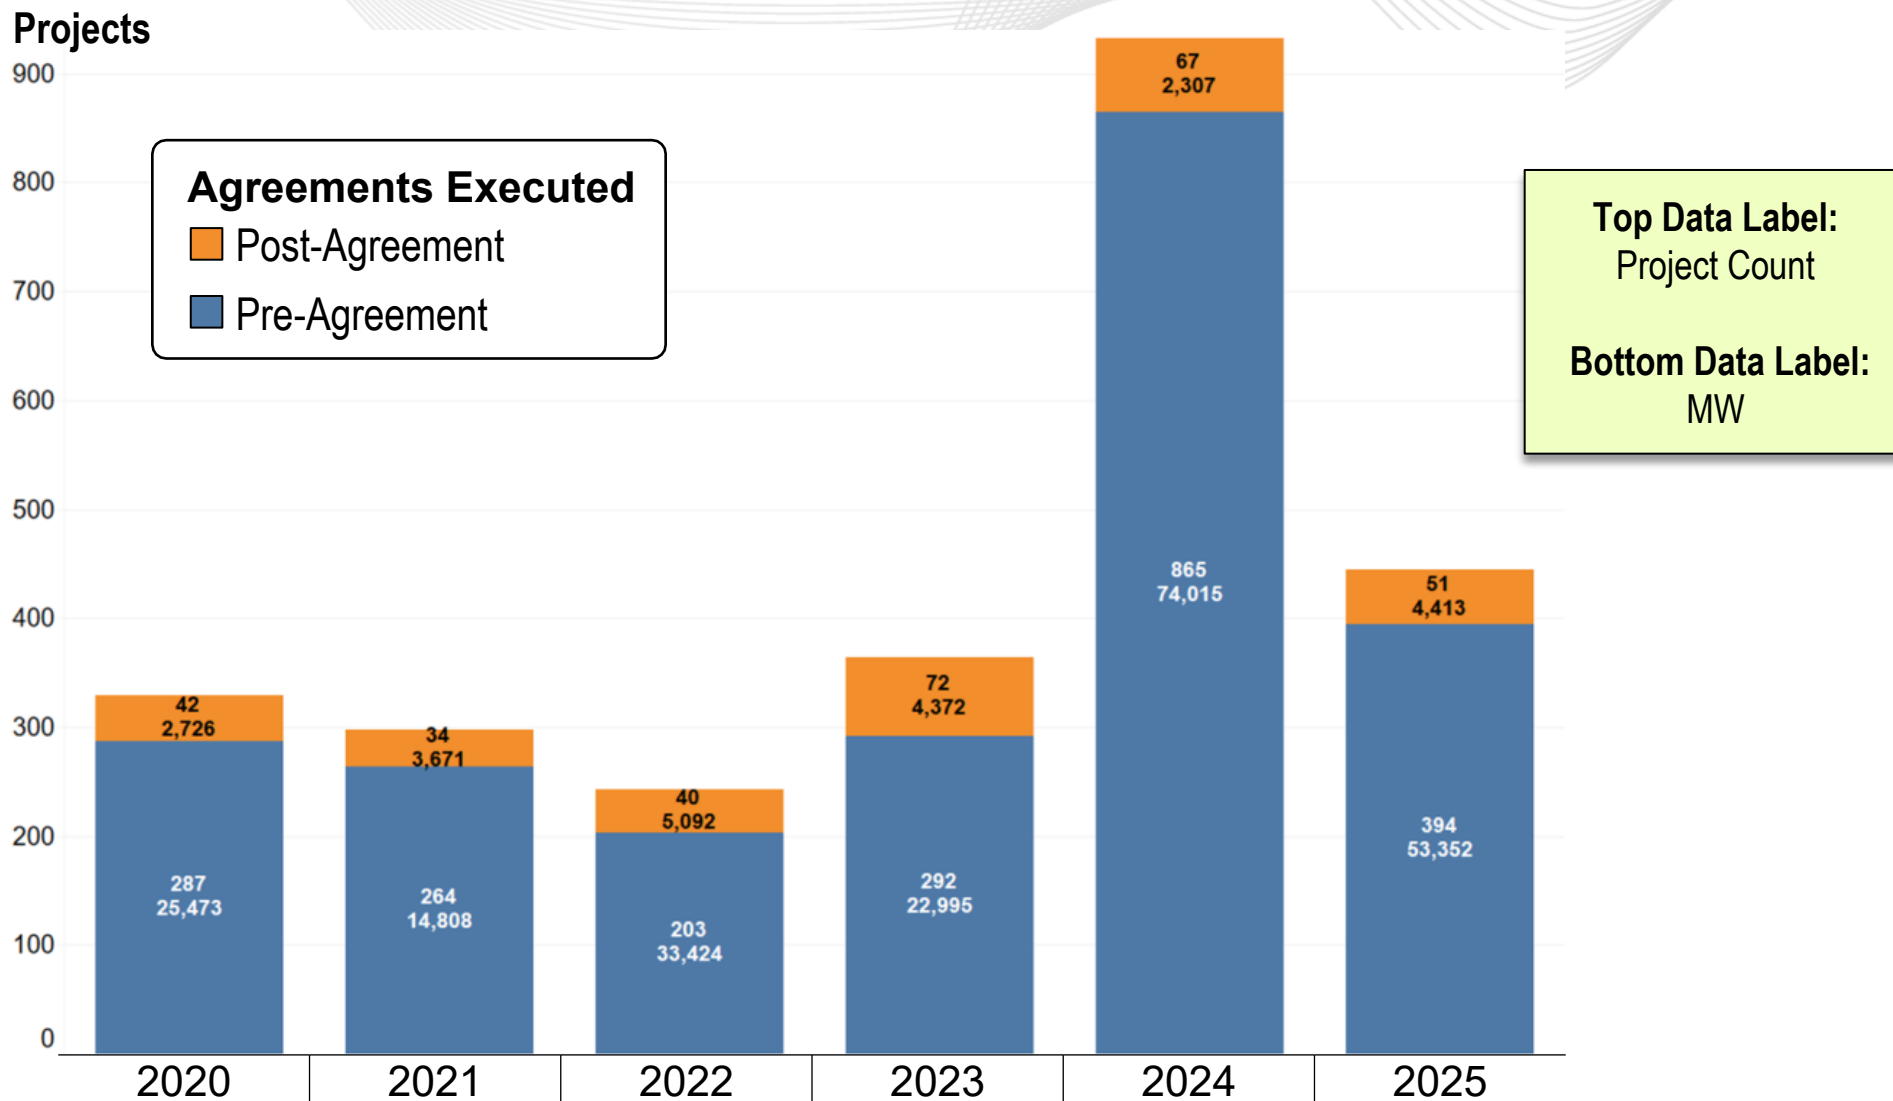

EP: Engineering procurement | **UC:** Under construction | **UC-ISP:** Under construction, partially in service | **W:** withdrawn | **IS:** In service

Current Construction Project Status

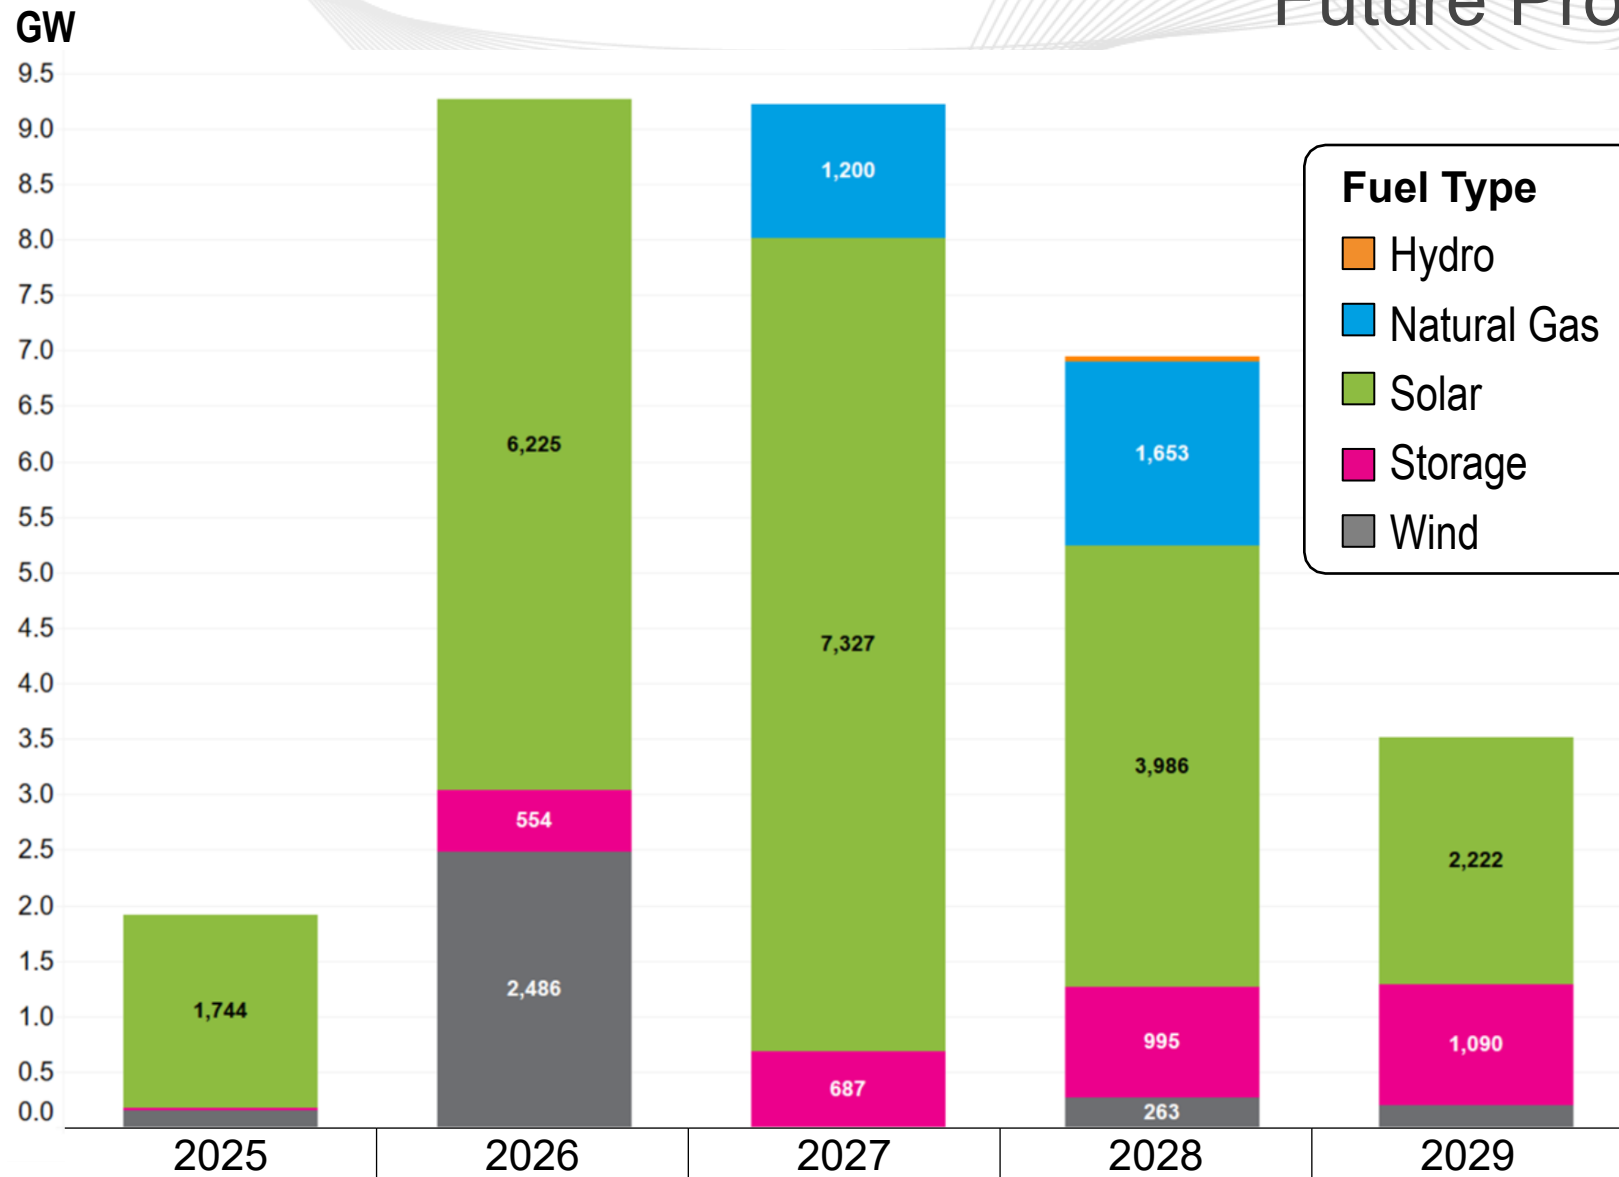

By zone

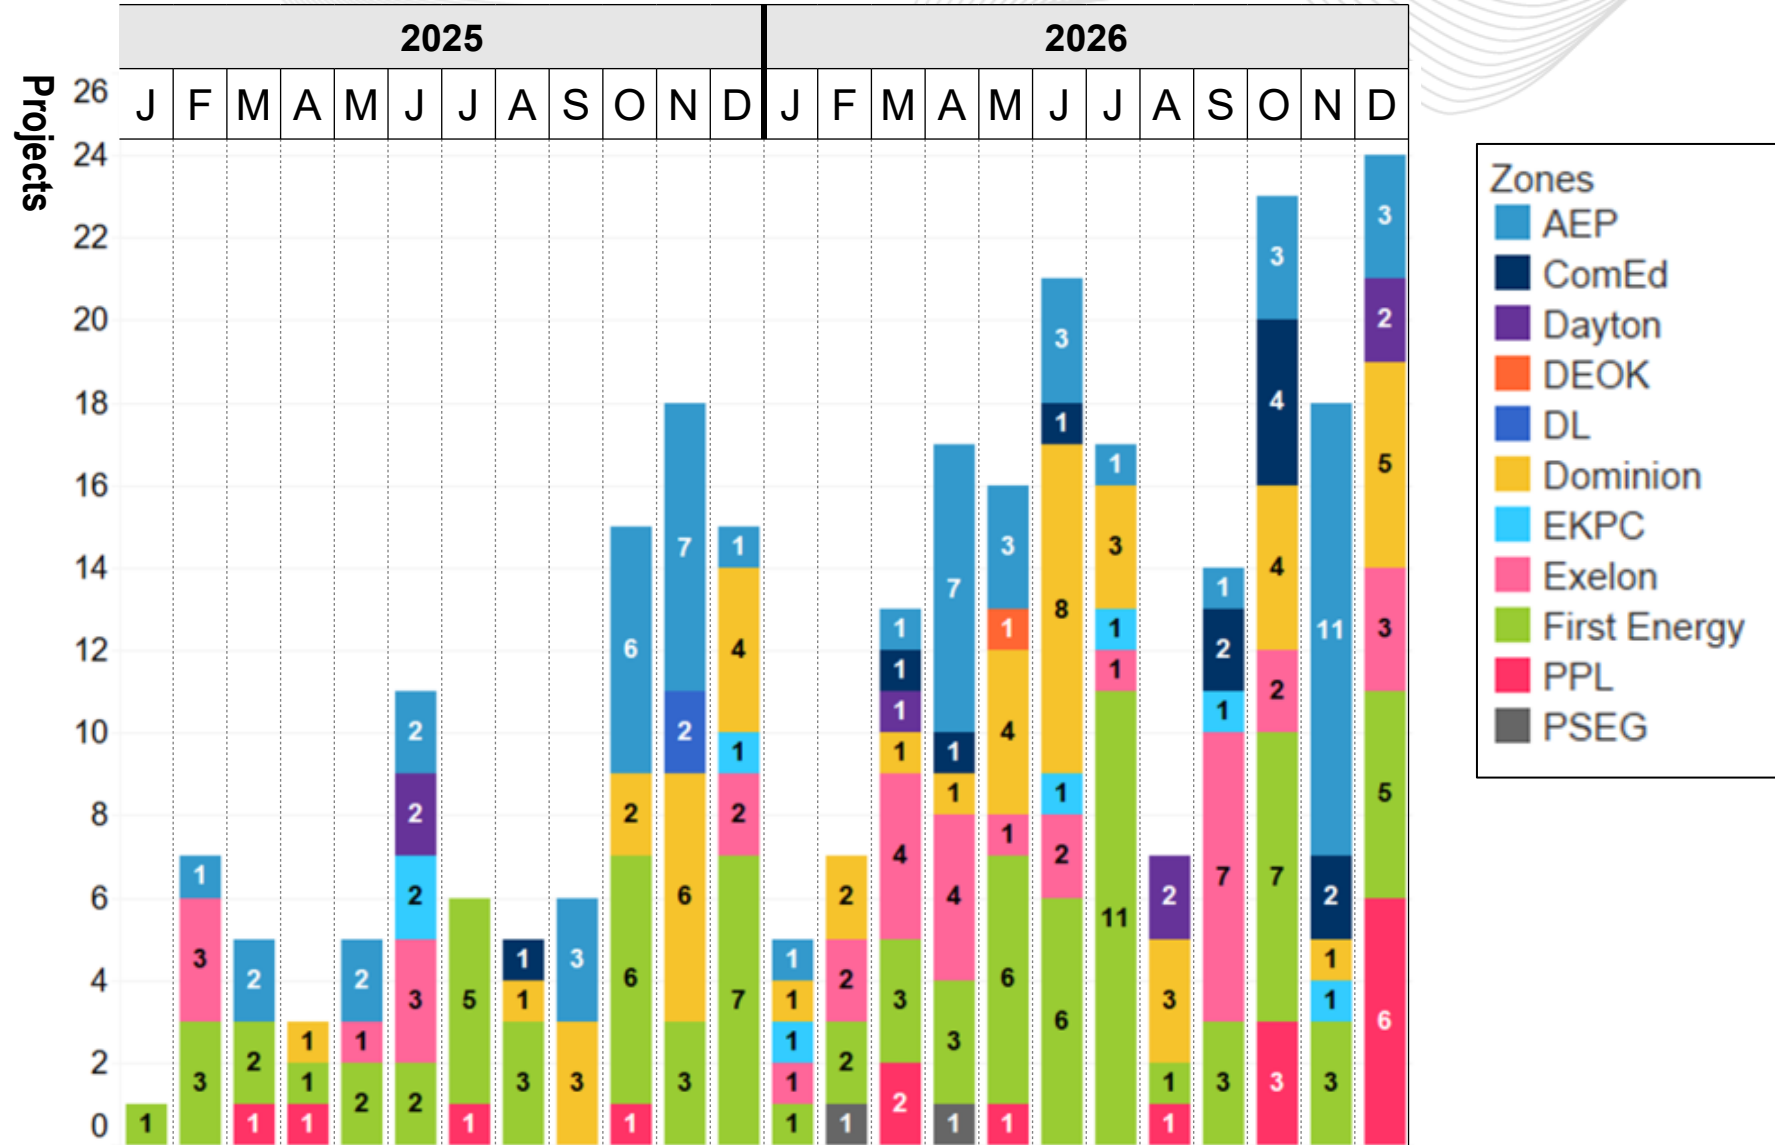

Withdrawn Projects by Year

EP: Engineering procurement | **UC:** Under construction | **UC-ISP:** Under construction, partially in service | **W:** withdrawn | **IS:** In service
