

DTS Update

Michael Hoke

Principal Trainer, State & Member Training

System Operations Subcommittee

October 1, 2026

Disclaimer: While materials are current at the time of publishing, applicable requirements may change. PJM Governing Documents control.

- The draft training plan can be found here:
 - 2026: <https://www.pjm.com/-/media/DotCom/training/2026-draft-training-plan.pdf>
- Certification Update
 - Transmission Exam publication date is December 9, 2026
 - One-day blackout for exams on December 8, 2026
 - Certification exam payment, scheduling and testing through Measure Learning
 - Please contact Trainingsupport@pjm.com with any questions or concerns
- Reach out as soon as possible to State and Member Training with any concerns about personnel not meeting the certification and training requirements
 - Keep in mind that PJM allows retesting as a means of maintaining a credential

The screenshot shows the PJM website's training section. The top navigation bar includes links for Sign In, Tools Sign In, and Calendar. The main navigation bar lists various sections: about pjm, training (highlighted), committees & groups, planning, markets & operations, and library. The left sidebar contains links to Course Catalog, Member Training Liaison (selected), Initial Training Requirements, PJM Certification, Training Resources, and Webex Training Center. The main content area is titled 'Member Training Liaison' and provides information about the role of the Training Liaison. A pink box highlights the 'Training Activity Forms' section, which lists four forms: NERC CEH Approved Training Activity Submission Form, Non-NERC CEH Approved Training Activity Submission Form, PJM Drill Participation Submission Form, and Communications Protocol Assessment Form. The right sidebar contains sections for Related Information, Recent Documents, and Contact Information.

Member Training Liaison

The company Training Liaison will serve as the representative for PJM at PJM-sponsored training activities that are not directly facilitated by on-site PJM Member Training Department personnel. The role of the liaison will include verification of attendance and participation in the training, successful completion of any assessments and evaluations as required by the Continuing Education Hours (CEH) approval process. Where on-site proctored training assessments are required, the Training Liaison will serve in this role, maintaining a secure environment in connection with administering the assessment. This role and standard is also to be carried out for company or vendor-supplied training used to meet the PJM training and re-certification requirements. For audit purposes, all source data (attendance sign in sheets, assessment, etc.) for company and vendor supplied training, as well as PJM Drill documentation, should be maintained for at least 60 months.

PJM provides training forms that may be downloaded to your computer. When you download the form for your personal use, be sure to save it under a unique file name for your records. A copy of the completed form should be emailed to [Training Support](mailto:trainingsupport@pjm.com).
